Taming the Dragon is not an easy task, it took me over forty years to understand its power and how it affects all human beings on earth. Indeed, my own Dragon certainly worked his magic in my existence.

## Letter From The Author

01/01/2013 - Happy New Year to all

Dear Clients and Friends:

One more year has gone and 2013 is already upon us, 2012 is now gone and finally as predicted on *Coast To Coast* back in December 2007 the U.S. economy is picking up. Back in 2007 the dragon's tail was in the second house of the U.S. chart, it killed the economy and brought drama, pain and suffering to many families. Currently the Tail of the Dragon resides in the 11th house of the U.S. chart rebuilding America's wishes and making us unpopular again to many countries who would rather see us suffering hell like they do. Back in 1995 on the Art Bell show [www.youtube.com/watch?v=-zGIqWjnau8](http://www.youtube.com/watch?v=-zGIqWjnau8) I predicted "A Religious War" would plague the U.S. well before Osama Bin Laden came into the picture and ordered the September 11 WTC destruction. I also repetitively warned on *Coast To Coast* am radio with George Noory of an impending "U.S. form of Internal revolution" that has now spread all over the world and forced the "Arab Spring." When dealing with prophets always remember to check the source of information because there is only a very fine line between Divine information and Neptune's imagination [www.drturi.com/psychic-accidents/](http://www.drturi.com/psychic-accidents/). Stay with the solid, dated, printed, published facts I produce only this means become a Cosmic Coder and increase your own spiritual vibrations.

[www.youtube.com/watch?v=-zGIqWjnau8](http://www.youtube.com/watch?v=-zGIqWjnau8)

The China earthquake, the tsunami disasters in Asia and so many other calamities such as the 911 terrorist attacks, the assassination of Americans and our diplomat, hurricane Katrina (*all predicted to the day*) made us all aware how powerful Mother Nature really is and how vulnerable we really are when dealing with fanaticism. America is a great country but also a very young religious country and intercomparable to the Middle East in so many ways. Like many other countries in need to grow spiritually the current Scorpius Dragon location has imposed worldwide religious fanaticism, death, drama and a series of horrible crimes. But how can you alter and redirect two thousand years of religious poisoning to a world gone mad? Wrong information, mental manipulation and dogmatic teachings lead the Middle East to its own self-destruction and to the demise of so many innocent people through so many conflicts where the entire world is directly involved.

The new Scorpius Dragon has its own plan to offer many wake up calls and bring the light to anything impure including the Church financial masquerades, the police abuses and so many abusive corporations secrets will come to light. Slowly but surely the deceiving age of Pisces (*religion/oil/drugs/deception/the Middle East*) must and will be RE-birthing into the more advanced Age of Aquarius and this mean a few other keywords such as (*technology/brotherhood/UFO/ingenuity/universality/education/freedom*). You may also go to [www.drturi.com](http://www.drturi.com) and read the 22 specific predictions posted last year and realize how many already came to pass.

As of August 30th, 2012 until February 19th, 2014 the new location of the Dragon Head in the deadly sign of Scorpio promises to be very destructive where shocking news, wars and dreadful natural disasters will come to pass during my “SOS to the World” deadly window dates posted on [www.cosmiccode.drturi.com/](http://www.cosmiccode.drturi.com/) website for my VIP’s.

This war is also taking place in the heavens, (*eternal movement of the stars*), where the old dogmatic teachings, ignorance and fears are replaced by a more intellectually inclined way of perceiving the manifestation of the divine, outside of well established current religions and deities. It will take many years, for mankind, to raise its spiritual vibration, but the higher order, (*and the Dragon's Head in Scorpio*), is already in motion bringing more light and more truths to humanity. Death, fears, ignorance and revenge, in the name of a God or a religion will be replaced by life, peace, education hope and respect for all mankind, where all men will master and heed the true will of God through his celestial creation.

The promises of the New Age of Aquarius will finally through technology and UFO contacts bring true love, respect and ever-lasting peace to this world and other worlds, not yet divulged to mankind, because of its current low mental predisposition. In some ways, the dramatic WTC destruction was very symbolic and represents a form of a wake up call to many souls, in respect, to what any and all religions are about and leads to. Uranus (*New Age/the future/the U.S./technology*) is relentlessly battling Neptune, (*the Age of Pisces/the past/religions/imagination/deception etc.*)

Once the new "Freedom Tower" becomes operational all will change for the better for America. According to the Port Authority schedule, the tower is expected to open in spring 2014 when the Dragon's Head will move out of the deadly, dramatic sign of Scorpio and when all financial institutions will be totally restructured.

I will elaborate much more on the 2012/2014 Universal Predictions posted on the Cosmic Code for my VIP's.

Before August 2012 and for about two years, Pluto (*death/rebirth/drama/terrorism*), was going through the sign of Sagittarius, codification of thoughts/printed rules/books/Bible/Koran/foreigners), and added more fuel to an already very hot subject matter. The negative manifestation, of such a murderous celestial recipe, did affect the uneducated manipulated religious poisoned young souls. Many did fall for the pull of the stars and became the working force of evil, producing the deadly acts, (*suicide bombers*), and the proceeding changes.

Pluto \*death/drama, moved into the sign of Capricorn on November 27th, 2008 and will stay in this sign until January 21st, 2024. It is still enforcing a full restructuring of many foreign Governments where many Middle East leaders were forced and/or killed to let go of power by the younger generation. This is the "*Middle East Implosion*" I predicted this back in 1995 on Art Bell radio show and continued to mention on *Coast to Coast* with George Noory. I also mentioned "*A U.S. Internal Revolution*" which also came to pass ... Indeed all my predictions are well documented, dated, printed and well ahead of time.

Of course a number of educated Astronomers removed Pluto from the celestial family, but they only did it "*on paper*." Pluto is strong, alive and regardless how our infantile science is looking at this now "*dwarfed*" planet, a more spiritual and dramatic impact has been felt by long gone civilizations and will indeed affect all future civilizations. I wrote intensively on the planet Pluto, on the free "*Dragon Newsletters*" website [newsletter.drturi.com](http://newsletter.drturi.com).

As anticipated the planet Uranus \*shocking changes in Pisces (*Christianity/church*) brought about more damage where the church authorities took drastic actions to survive what they call "*the end of time*." In a desperate attempt to save Christianity from the lowest attendance ever, the Pope canonizes an American Indian and other souls with "*sainthood*." But at the same time more priests are exposed with sex scandals while devious financial Christian's financial deals/investments will come to light bringing more devastative legal suits against a very secretive church. The new Pope unaware of the celestial astrological order must adapt to the changes and already enrolled both gays and Gypsies to the Christian faith while the Mormons are offering women the option to become missionaries. In the name of ignorance many young souls will die on foreign ground but, with time the Scorpius dragon will shed its light of truth. The financial Empire of all branches of religions is

collapsing and all must be done by the last Pope and all other competing denominations' leaders to save their deceptive businesses. But all will be in vain as no humans regardless of their earthly achievements; name or position cannot alter the Universal order and the new revealing Scorpius Dragon.

Little does humanity and the Pope know about the dying Age of Pisces and the true celestial order imposing a New World spiritual change. A strong spiritual drive and conception for the truth will prevail while a new wave of information through technology (*my cosmic code website and other light workers' dedication*) will reach a less gullible younger generation. In time this new form divine wisdom will bring about man's spiritual freedom where enlightenment and true information will take over religious fears and manipulative dogmatic teachings.

The Dragon's Head and Tail changes sign every two years or so, thus the current Plutonic Dragon Scorpio/Taurus axis will impose full financial and power changes where death, drama and wars is to be expected. The dangerous focus timing will be experienced in May and November 2013 and 2014.

With Uranus in Pisces more shocking news involving religion, technology and the war in the Middle East is ahead of us. Rest assured, the difficult task is being done by both the U.S. government and the universal scheme of things and will completely change the Middle East and the Church. The explosive surprising planet Uranus, (*choking news/the future/USA/nuclear explosion*), is STILL going through the sign of Aries (*war/Germany/aggression*) \*until March 7th, 2019, so be ready for

some electrifying news coming from man's foolishness and from Mother Nature showing sign of internal stress.

**“The fact is with thousands of sexual abuse cases, not one bishop, archbishop or cardinal has been fired or disciplined.”  
But this will change...**

Seek not the Wise man. Seek instead, what he sought. That is the problem with religion versus spirituality. Religion is a set: here is the answer. Spirituality is the journey of awakening, awareness and integrity. It does not necessarily HAVE a destination. There is no particular point at which a spiritual path/person says: now I have arrived. This is the criteria and now I can coast along. With organized orthodox religion, there seem to be checklist criteria that one can superficially meet, without attaining the inner understanding of why those things are imperative to personal growth and harmonious social communities. The Relationship is not really directly with the Source, but rather becomes pre-occupied with what criteria need to be met. Is it possible to have orthodox religious practice AND be spiritual? Yes. But, for the general populace that is predisposed to quick fixes, quick solutions and paths that carry a minimum of personal involvement (*a pill rather than a lifestyle change*). It is less likely.

Classifying God to a specific “*regulations/religions*” can only breed differences and animosity to the human race. These differences bring about hate, death and destruction and all in the name of fear and lack of true wisdom. Ignorance is evil and for all its purposes, EVERY SINGLE religion ignores and avoids the teachings of the true manifestation, of the creator through its own creation, the stars! And yes, astrology is against my religion I heard. What about those Three Kings, astrologers, following a bright Star? And how did the sailors, promoting the good words of the Lord, in the “*Dark Ages*,” sail the ocean? By and with the help of the stars, I presume. What about the Pope being taught astrology by the Vatican

council? This does not mean they have a full understanding of the ancient art! See the direct connection between Astrology, the Dragon and religion — Check the picture on my website at [www.drturi.com/vatican-zodiac/](http://www.drturi.com/vatican-zodiac/).

All the spirits of this world have been hijacked for too long and are the real victims. 99% of the world's souls are totally religiously contaminated to the point of numbness since childhood. Their true spirit sank into fears and ignorance as planned by a politically oriented, extremely wealthy and well-organized religion of your country of birth.

The true laws of the Divine were cast aside for a group of privileged select, all motivated by man's folly, greed and thirst for power. The order is for the Scorpionic Dragon (*death and rebirth*) to start a chain of events that will reverse all of this spiritual betrayal and bring about a drastic insurrection in man's true spiritual evolution.

Since birth all human must endure a series of drastic draconic psychological and physical changes enforcing a well earned spiritual wisdom that could never come about otherwise. I can assure you that; the Dragon passage through any sign and house making up your UCI \*Unique Celestial Identity will always bring an incredible positive or negative energy to that area and will induce the badly needed changes.

Better be aware of its impact by sign and house and most of all get ready emotionally and financially for the imposed challenges. The Dragon took many lives and some of my very close friends and like you I am not immune from its power with the only difference that I am fully aware of my own "*Lucky/Unlucky Window Dates*" [www.drturi.com/explanation-of-the-dragon/](http://www.drturi.com/explanation-of-the-dragon/) and how the Hidden Dragon operates. Yes knowledge is power, ignorance is evil and this means being fully aware of being at the right or wrong place at the right or wrong time, or the difference between life and death...

But I am fully prepared to accept my own predictions and apply my will instead of becoming a robot or a victim of the stars. Life is a constant process of changes for all of us and last few years have been nothing else than VERY dramatic for many people and the world at large. Once more you better be prepared of the Plutonic impact produced by the New Dragon's Head in Scorpio (*rebirth*) and how it's nasty Tail in Taurus (*security*) will affect you personally and in the world at large. Check my services — [www.drturi.com/products/readings/](http://www.drturi.com/products/readings/)

## *Universal Predictions*

*From August 30th, 2012 to February 19th, 2014*

### Scorpio Dragon's Head Taurus Dragon's Tail

**Memo from previous Moon Power:** America, born July 4th, 1776, received the Dragon's Tail on her first house until March 2011 forcing a total re-structure of the real estate where the stock market did experience its highest and lowest levels ever. As always the manipulative corporate world will indeed become richer while poor families will be forced to re evaluate their choice for survival. It has been mortgage or food for some families and many people lost it all.

But the situation has seen serious improvement in the Real Estate market as we move on into the years 2012 / 2013 / 2014. Not everyone lost in this bad economy and those who had savings made a serious bundle investing in the real estate. Large well established corporations bought and sale billions of dollars in the process and much of those real estate deals were kept secret from the struggling working mass.

Last couple of years as predicted the situation got so bad that the Government had to offer super deals to jump-start the economy to help the working class. The new administration is doing all in its power to control and interfere against abusive and unconcerned greedy capitalists and will keep trying to stop wealthy corporations to bleed the mass like a citrus.

Parts of the world did suffer serious food shortage due to mother earth restructuring her entrails. Expect the worse during the Full and New Moon of May and November 2013, sad enough many of my visions came to pass with a series of devastating earthquakes, the Gulf of Mexico oil spill and both Asia tsunamis. The Dragon's Head in Scorpio will not protect any powerful structured organizations abusing the less fortunate.

However, Scorpio is a deadly sign in charge of Russia / China and many other countries allied to them will be forced to financial restructure with time. England is a Capricorn country and will see radical changes in power, where many of the members of Royal family will project their true human selves with dramatic experiences. Note I made this prediction three years ago and the news already caught up with my visions. The Royal family may also suffer death. The man made King / Queen status and its entire snobby privilege selected children will see the beginning of a crumble induced by the humanitarian "*all equals*" energetic pull of the New Age of Aquarius.

# *Universal Predictions*

## *For the years... 2012/2013/2014*

**MONTHS OF CAUTION**  
**May and November 2013/2014**

### **SEXUAL REVOLUTION – SECRETS TO THE LIGHT (UFO) AND KARMA – WAKE UP CALL FOR ABUSIVE POWERS**

Those predictions were published two years ago in previous Moon Power editions and will not change until 2014 but the reader is strongly advised to go to [www.drturi.com](http://www.drturi.com) to check how many already transpired.

1. Many foreign financial institutions will be forced to “merge,” so as to bring more security and peace to their neighboring countries.
2. Many foreign Governments will “merge” with their secret services so as to battle terrorism.
3. Many foreign Mobs organizations will “merge,” to promote sex/drug trafficking and gang violence.
4. A new internal secret financial police will “merge” internationally to better control its citizen’s business credit cards activities. Expect a full restructure of the police force and a serious increase in civil servant deaths or suicides.
5. Many large established religious Corporations will be audited and forced to secretively “merge” to avoid bankruptcy. More sexual covered secrets will come to light in time and the responsible will be punished. The fact is with thousands of sexual abuse cases not one bishop, archbishop or cardinal has been fired or disciplined. This will change as Pluto offers serious wake up while bring secrets to light.
6. Many large financial Corporations will be forced to reevaluate their deceptive maneuvers and methodology. Expect a merging of old and new banks to survive

their own financial implosions. New banks, new names, new opportunities and new credit cards technology will flourish after the collapse. A new ID system and secret technology sold to unaware consumers will make privacy totally impossible.

7. Many large financial established financial Corporations will be forced to expose their accumulated wealth and will be audited. Many will end up in jail or flee to foreign ground trying to avoid justice.
8. Many new and old financial Corporations will suffer the iron fist of the IRS which will undergo an implosion itself. The government will be forced to acknowledge many secrets including the reality of the UFO phenomenon.
9. Many large financial banking Corporations, including the IRS itself, will be forced to implode and restructure. Expect much secrets and abuses to surface from the IRS. New laws will be written to protect the IRS auditing its own self.
10. Many large established religious Corporations and cults, (*Mormonism, scientology etc.*), will be audited and forced into paying back taxes. Mass suicide is expected from leaders or lost souls making up those groups during my “SOS To The World Windows.”
11. A sexual disease will be conquered and replaced by a new one. Sex will become more preeminent on television where more dysfunctional programs will offer fame to criminals. More and more concerned groups will expose the danger of promiscuous sex and the abuse of drugs. A new thirst for mystery, death, drama, the occult will plague humanity while many famous people will fall into sexual disgrace and suicide.
12. Anything and everything dealing with death, secrets, decomposition, reincarnation and rebirthing the spirit will be the focus of humanity’s attention. A new form of sexual energy will bring an upsurge of serial killers where those born in April and October will be targeted and become the victims or the perpetrators. Note if your rising, moon, natal or hidden Dragon is in the axis Scorpio/Taurus you will also be directly afflicted by the new Dragon. My Book “2012 Nostradamus Dragon Forecast For All Signs” will bring you all the predictions and crucial information you need. Order from [www.drturi.com/store/books/](http://www.drturi.com/store/books/).

- All souls born in May and November will be forced into a painful/liberating restructure where emotional or business relationships will start or come to an abrupt end.
- The Tail of Dragon, (*negative*) in Taurus (*financial infrastructure*), will drastically affect the U.S. population and many others penalized in other countries. A financial war will precede a war where Iranian Leaders will be killed at home. All Scorpionic countries including India will be forced to “die” and experience a rebirth as to fit within an ever changing world and its new generation.
- The Dragon’s Tail, (*tough*) in Taurus (*general security*), will keep bringing internal unrest in France, Italy, Japan, China and the U.S. This prediction was made in June 2006 and re-printed in my 2011 Moon Power and reflects my vision of the current “U.S. Internal Revolution” that is spreading in so many countries.
- The Dragon’s Tail, (*negative*) in Taurus (*banking industry*), will bring about dramatic results to countries suffering unrest and wars where starvation and death will vex caring societies. Secret mass graves and atrocities will become public.
- The Dragon’s Head in Scorpio, (*police/local governments*), will force the police itself to realize its own limits and to avoid its own collapse. Serious internal/external police abuses/secrets will make the news and direct public challenges will kill many police officers. Many police Chiefs/FBI/CIA executives will be entangled in a secret deal that will bring disgrace and a serious wake up call for all. 2012/2014 could become a death record for the police and many new Leaders will take on the challenges to bring justice and protection to the people.
- The Dragon’s Head in Scorpio, (*corporations*), will offer tremendous opportunities to the rich getting richer while secret terrorist groups gain more power aiming for nuclear technology. The urgency will come as a secret/surprise for many unaware people. Sexual/nuclear secrets coming from the Army and the Navy (*or caught spy*) will come to the light. Serious possibility of restituting the draft due to foreign power nuclear threats, will become a high probability.
- The Tail of the Dragon in Taurus will force many people to lose all their possessions and bring serious insecurity to the poor. The same very people will demand drastic financial decisions to be taken. Unable to survive many

Aesthetic Industries involving top names will declare bankruptcy. Switzerland and its secret banks, devious maneuvers, will be exposed and forced into a full restructure. The Swiss Guard ,\*Vatican security, will also be forced into a full restructure. I also see an explosion of new security services using advanced technology to stop many forms of terrorism.

- On a positive side, governmental waste and its special interest group of lobbyists and political abuses will seriously decrease watched by a new created internal financial police. On a negative note I see Mexico becoming a war zone because of a total pollution of police power where drug Lords will order more police deaths. America will have to help and interfere as its borders will become more secure.
- On a positive side, wealthy abusive financial corporations manipulating the laws will be asked to participate in redistribution of wealth.
- On a positive side, America's image and security will return when the "*Freedom Tower*" becomes operational in 2014. If the entire restructure of the financial/legal/educational/religious and political system is not reached before 2015, I see a big war where the U.S. military force will be deeply involved. Then diplomacy will stop the carnage and finally bring the badly needed justice to the world at large.

### **This Universal Restructure of Abusive Power and Obvious Greed Must Stop!**

ALL corporations that drain countries and people's resources will be forced to a total financial RESTRUCTURE and a deadly WAR may be the only way to bring sense and stop the abuse inflicted by a wealthy privileged select groups of politicians serving special interest financial groups.

**This New Dragon is the beginning stage of  
a serious wake up call for humanity!**

More than ever take a chance on me. And if you did not yet order your 90-minute *Full Life Reading* and learn about this crucial celestial Dragons move into your own chart because it WILL indeed change your life. Your very mental or financial survival may well depend on the awareness of how this Dragon's Head and Tail will induce those dramatic changes in your own life.

Many of our experiences have brought us more knowledge and new strengths. The firmament of the new millennium is already upon us and with this New Year, various opportunities and new tasks are ahead of us. Whatever you had to go through last year, promote only positive thoughts. There is no room for the sorrows of the past in your future, and whatever you had to go through building a new life must be done. For every action, positive or negative, physical or spiritual, there will be an equal reaction. So, be aware of your thoughts, as your future starts right there, right now. The reincarnation of your own very thoughts will sooner or later become your reality. No matter what you've been through, you must let go of the past, refine your thoughts, purify your spirit and keep working towards your goals.

Whether you realize it or not, progress was made towards some of your objectives. If, after all the hard work you completed, things got messed up, the universe may be trying to tell you something. Either you did not try hard enough, or the people you are working with do not have the same ethical aims as you. Possibly, some of your wishes cannot be granted because of your limited working environment, lack of respect for the Universal Law, a limitation from your Astro-Carto Graphy location, or an inappropriate emotional relationship. Therefore, you were first fired

or dismissed, allowing the universe to grant you the freedom and opportunity you needed to go in the right direction.

Now, knowing it was a blessing that you've lost your job, someone you loved, etc., you must accept the challenge to start all over again with a positive attitude. It might sound strange at first to accept my theory, but subconsciously you actually did set the stage over the years. Look back with an objective mind. After all, those experiences were needed for you to do the right thing. You may also need to educate or trust yourself a bit more, even take more chances. Keep in mind this principle, "*for every action there will be a equal reaction,*" and that's called, (*good or bad*), Karma. Are you willing to initiate the changes? If you do, the upcoming year will be a formidable year of accomplishments. Offensive people may have mistreated you emotionally or financially and left you in a distressed situation. No matter what you have experienced, you must go on with your life. This world is a teaching ground, and sometimes we learn lessons that may be harsh to deal with. Yes you must feel the result of all our negative words and actions through pain and suffering. Exact experiences seem to be the only way for humankind to burn karma and gain real knowledge all in an inferno of passions and stress. All is well designed by God, to refine us from ignorance and destruction to the purest form of love and knowledge. Before reincarnating yourself in this dense physical world, you have chosen a specific time in space. You also picked a set of stars (*your natal chart*), the country and city of your birth, as well as the souls who ultimately became your parents. You may not be aware of it just yet, but your karmic plan, on this "*hell*" plane, was chosen by you.

Your soul's aim is to free itself from this low dimension and reach perfection to further your eternal purpose. What you are actually doing is furthering your cosmic consciousness, rising above all earthy vices and becoming a CO-Creator with God.

Over the years, the experiences you endured will consume some of those karmic debts and further the awareness of your purpose and immortality. Some precious people, whom you loved left you and moved on performing in another reality much closer to God. They will act as Guardian angels and will always watch over you. By interacting with the Dynamics of our universe \*The Cosmic Code, and conforming to the dialogue of God's will through the stars, man's karmic journey will become easier. My book, *Moon Power Starguide* was created for the purpose of assisting you to live your life in harmony with the cosmic will. My work will provide you with a day-to-day celestial guidance and genuine spiritual support you can truly enjoy on my VIP Cosmic Code website.

My writings are healing, informative, entertaining and useful. And as always, don't expect me to spare anyone because I was born with a problem with stupidity and a great dose of honesty. In times of trouble, this work will touch you directly and give you solid direction and a means of divine support. The daily message of the stars will prepare you for your day and beyond. With patience and investigation, you will notice how much the planets affect you, others and your life in general. In this work, you will find cautionary and specific guidance for certain days.

Just be aware of the dates and, most of all, listen and watch those around you. Like robots, your friends, parents, children, loved ones will respond to the tremendous pull of the stars. To the learned man, the daily celestial energy released upon the earth is obvious; it shapes our thoughts and actions, vices and virtues. Teaching anyone to recognize and respect God's subtle tools is a large task. However, with education, time and observations, those who "*ask, shall receive*" true cosmic knowledge.

The stars do not pick favorites. And like anything else in the universal scheme of things, they simply do their jobs. As imposed by the Creator, in its sublime celestial design, their task is to affect us and make us grow and very often with pain and suffering. Learning to interpret the universal mind will be beneficial to us all in the future. Curiosity and the advanced ever-changing modern technology do bring the golden key to wisdom and further more cosmic consciousness upon the world via the Internet.

This fact changes lives, mostly because knowledge means power. The possibility of achieving the best, in promoting education, peace of mind, faith, and love is a certified chance to experience genuine happiness. Over the years, my work's essence did and will help you to control the outcome of your destiny. Do not hesitate to offer or suggest, "*The Cosmic Code Newsletter*," to a loved one or a friend in need. You are not just giving a normal manuscript; you are giving true help and true guidance and you also become a contributor of hope and enlightenment to them. You are empowering someone with a genuine piece of the Divine and these souls, in silence, and because karma will reward you in time. You may also decide to become an Astro-Psychologist, please go to [www.drturi.com/store/astrology-lectures-and-courses/](http://www.drturi.com/store/astrology-lectures-and-courses/) and help us to set a weeklong crash course in your area. In any case, because I am so busy, I am not sure if or when I will be able to teach a live course again. Therefore, in any case, if you decide to become a "*Star Student*," you are strongly advised to take the course

by mail. It's faster, cheaper and you can always take the live course when ever and where ever I will be.

## MEMO OF PAST PREDICTIONS WRITTEN IN MOON POWERS

[www.drturi.com/reference/predictions/](http://www.drturi.com/reference/predictions/)

Again realize that I do not PREDICT anything! I mentioned this so many times to George Noory on *Coast To Coast* and in my Cosmic Code newsletters. I know nature has a sure cycle induced by the movement of the stars and this is why history (or NASA) suffered a repetitive deadly pattern. I see the stars as living spiritual entities and not only as mere dead rocks hanging above. Stars have souls and inner purposes that are unknown to our current infantile science. All are reflecting the glory and divinity of the creator.

*“All great spirits have encountered opposition from mediocre minds; a human being is part of a whole, called by us the ‘Universe,’ a part limited in time and space. He experiences himself, his thoughts and feelings, as something separated from the rest... a kind of optical delusion of his consciousness. The stars are the elixir of life”*

*— A. Einstein*

# Welcome to Your Day-To-Day Guidance For January 2013

TUE., WED., THU., FRI. — JANUARY 1, 2, 3, 4:

RULERS — *The Moon (Endings/Home) Sun (Love/Children) and Mercury (Travel/Words)*

**Work, Career and Business:** With the waning Moon upon you, do not expect much luck these early New Year days. A new job or a better position may be what you need and could be attained in the near future. Renew your confidence and support to your worldly ambitions and don't let the waning moon affect you negatively. Keep a low profile for now and don't give in to destructive emotion or depression.

**Partnerships:** Come clean with what you mean with a partner; miscommunication does happen and usually leads to trouble. Go easy in expressing your feelings; don't let the sad Moon blur your vision or your words. Re-schedule an important meeting if you can.

**Family and Friends:** Don't expect much with family members or friends either. Expect disturbing news from children or some friends and help them to get on with their lives. Avoid stressing and let them know when they abuse your time on the phone. Some kids will also be a bit unmanageable and nervous. Use lots of patience with them and remember their sensitivity if they are teenagers. They could be hurt with your attitude and this could damage your relationship later in life. Discipline them carefully, assist their young wills, and help build their self-esteem.

**Love Affairs:** With the waning moon above your head, any reliable love relationship won't be available for a while. An unexpected invitation to a gathering could bring an interesting person into your life. Use your head, not your heart, and you'll be fine. The Sun's revitalizing power should be used to rekindle your feelings for some of the friends or lovers you really trust. A good romantic movie will help you release some feelings you may have for someone you care about. If you are

single, and born in February, spend valuable time with those born under the sign of Leo, Gemini or Libra.

**Travel and Communication:** As always with Mercury in charge take good care of your car and drive cautiously. Be ready for bad surprises coming your way. You may be unexpectedly asked to drive somewhere soon; wherever you want to be drive slow and be aware of the waning moon and don't take any chances with the cops. Avoid gossiping about someone close to you. Words travel fast; be aware as you may lose that person's friendship. The Supernova window will create bad weather and chaos and many people will end up stuck in airports in many parts of the world.

**Environment:** With the waning Moon in progress, Mother Nature might respond to our closest satellite's disturbing the earth magnetic field. Some lives may be swept away with flooding. Some surprising developments will make the news on CNN. Explosions and volcanic eruptions are on the way. Some naturalist groups will be concerned and active in making the rest of us aware of nature's wonderful blessings.

**Famous Personalities:** A famous person will see the surprising end of his/her life and many will miss the great soul. Looking back in the past, under the same type of energy on February 19, 1997, Beijing China formally declared six days of mourning for Deng Xiaoping as the nation began to come to terms with the death of its leader of two decades.

**Events:** The children will be in danger especially on the road. This is the type of occurrence you can expect with these energies at play: Go where you feel confident and know the people but as a rule you better stay home and wait for a better safer moon to enjoy the wild. You do not need an accident with your kids!

**Shopping:** If you are an investor, hold on to your gold assets or you may be stuck in a bad transaction and lose. Presents will be offered to those deserving loving souls. Do not invest right now in a specific interest or creative study. A garage sale is where great bargains are available now.

**January 1st, 2013 — Mercury in Capricorn:** Souls born with this celestial position will be gifted in engineering and will aim for a position of mental achievements. Their powerful intellectual natures combined with strong desires for respect

Souls born with this Mercury location possess a scientific logic mental process where intuition or objectivity could be lacking. Expect some serious beginning or endings taking place where career and home are concerned.

**SAT., SUN., MON., TUE., — JANUARY 5, 6, 7, 8:**

*RULERS — Pluto (Drama/Secrets/Sex) Venus (Hot Love/Lust)*

**Work, Career and Business:** Don't let Pluto tempt you to take any form of unlawful shortcut, consider the dramatic impact and the potential for disaster, even death. These days will bring about wake-up calls for many unaware people. Do not expect anything to go your way, as people will show the worse traits of their personality. Be easy with your words, avoid meetings with strangers, and don't take any phone calls or threats lightly. Don't let Pluto and Mars sting everyone and everything to death. Use your intuition in all you do and be ready for concealed financial or sexual business to surface. Early plans have to be suddenly abandoned and this means business and career momentum could be lost.

**Partnerships:** Spend time reorganizing the home and the office, throw old things away and look busy at all times. The boss or co-workers are also affected by those negative stars and could make your life misery. Someone may try to show you the error of your ways on your dietary habits, perhaps a co-worker or a critical friend. The stars want you to consider, re-think and be cautious. You may have to slow down now and put on your thinking and rational judgment caps concerning key partnerships. Be diplomatic, as your weakness or errors won't go unnoticed. You may want to listen carefully to what is said for or against you; those comments deserve your attention. Pluto will damage your partnership if you do not consider, re-think or be cautious. You may have to use your rational judgment concerning key partnerships. Some changes are imminent.

**Family and Friends:** Some of your friends will experience dramatic endings to

some portions of their lives and your supportive shoulder will be requested. At home or at work expect arguments, making these days miserable. Aggravations that could continue into the evening hours could have serious repercussions and may bring police into the neighborhood. Keep your head cool; stay calm and patient.

**Love Affairs:** Be ready for secrets to surface; however, bits and pieces of information may be wrong or missing. Do not make important decisions about a situation or a person just now. Concealed love trysts will be taking place all over, and will keep a bunch of insidious investigators active. Don't trust strangers; Pluto always induces drugs, alcohol and rapes. Protect yourself at all cost if you're sexually active now; the signature of Pluto is death and AIDS! If you were born under the sign of Pisces, those born in September, November or July will be strongly attracted to you. Use your head, not your heart!

**Travel and Communication:** Avoid long trips by air, plane or ship, the stars and terrorists are not positive and do not care about anyone — they just do the work they were intended to do by God's higher order.

**Environment:** Be ready for nasty surprises, especially the ones with nature's forces at work. Expect events such as – Memo from the past – A powerful 7.3 earthquake shook southwest Pakistan killing at least 40 people in an impoverished area dotted with flimsy homes made of sunbaked mud. During this Plutonic time another quake killed 100, injures 250 in northern Iran. See the power of Pluto by investigating my site and how this disruptive planet affects the world on the quatrains and results that will soon be posted on my site.

**Famous Personalities:** Pluto likes to take away famous personalities when in charge. Expect a well-known figure to pass away soon. In energies similar to what is at play now – Memo from the past: 2/7/99 – King Hussein died – In February 1998 under the same celestial energy, author of 13 novels, War correspondent Martha Gellhorn died in London – A lot of secret activity will come to the light and the unaware wealthy and famous souls will have to pay heavy prices for involving themselves with the wrong elements.

**Events:** Awful news involving tragic accidents, mass murderers, suicide and drama will plague the media. Everything you say or do now will have serious repercussions later on.

**Shopping:** Invest in anything that will help you to destroy any form of life.

Insecticides and other things to get rid of household nuisances should be purchased now. If you need to purchase a firearm, you are strongly advised to wait until after the New Moon, if not it could be used against you or kill a family member. And for the sexually active: Preservatives will stop any chance of sexually transmitted diseases.

**DON'T BE A VICTIM OF THE COSMIC CODE, RESPECT GOD' SIGNS!** There was a very important newsletter published on December 12, 2009 offering very important information on Pluto, an article entitled "*The Garden Of Eden*" where I elaborate on the "**DO's and DON'Ts.**" Also, look for another article entitled the "*Police Requiem*" published November 29th, 2009 from [newsletter.drturi.com](http://newsletter.drturi.com) read these ASAP.

**January 9, 2013 — Venus enters Capricorn:** The great planet of love and wealth is in the practical sign of Capricorn. On a positive side this position produces high-class musicians and great artists that will work hard to bring their talents to the world. It produces people who will show their love through their work, and give them great patience. On the negative side Venus will make them promiscuous and they will use people with money and power to gain positions of authority or recognition. However Saturn is watching and karma is always repaid.

**WED., THU., FRI. — JANUARY 9, 10, 11:**

**RULERS** — *Jupiter (Foreign Affairs) Saturn (Politicians)*

**Work, Career and Business:** This trend promises to be life changing for some, especially foreigners. Pluto's legacy always brings about dramatic experiences and the acceptance of the transformation will open new doors to you. With Jupiter's touch, you should be confident in all you do but remember it is the waning moon still. Expect this transformation to become a new beginning for your career life. Great Jupiter may induce foreigners to play an important part of this trend. Listen to your intuition and keep a positive attitude until the next New Moon.

**Partnerships:** New partners are on the horizon for some, while others must learn

from previous errors. Money and general security will also be on your mind, serious decisions will have to be made soon. Be patient and wait for the upcoming New Moon, nothing comes easily in this life and one must strive and plan if one is to succeed. Letting go and rebuilding is a must.

**Family and Friends:** Jupiter's optimistic spirit will replenish you with hopes and a new approach to life. Spend some time with family members or dear friends, and be ready to listen to a wise soul. Enjoy the family and the good food offered to you, fight depression, and invite a friend over. Because of the waning Moon, a night out will not bring you much pleasure; better stay home, relax and read. An old friend may stimulate your life; this will make you happy and further an important wish later on.

**Algeria Quake kills over 1,100**

**Quake over 7.0 spares lives**

**Love Affairs:** Someone much older or much younger may enter your life soon. Don't look for love these days; there is plenty to gain in yourself, and the stars want you to be in isolation for a while. You will feel spiritual and some of the questions of life will trigger your imagination. Indians affairs will strive. If you were born in October an Aries, a Gemini or an Aquarius will need you. A friend born in June may be interested in you.

**Travel and Communication:** Expect your telephone to be busy but do not hope for super-positive mail to reach you just yet. If you have to drive, be cautious and take extra time to get there; don't rush as the police could spoil your day. Don't be depressed about anything that may come your way; the stars have better for you on a later date.

**Environment:** During the last breath of the waning moon, Mother Nature may become capricious and surprise us with bad weather soon. Environmental groups will become active and will find support from the media, in saving the earth from

uncaring corporations. Sad news may come from foreign grounds or the Middle East soon. <sup>1</sup>

**Famous Personalities:** A well-known foreign personality involved in communication, television or writing will gain international attention where sorrow, tears and memory will make many followers cry.

**Events:** Some militant groups from a faraway continent will disturb the peace and become dangerous. Surprising destructive explosions are on the way. Also expect disturbing weather.

**Shopping:** Not a good time for the gamblers; however, if you happen to be in Las Vegas, keep the spending in control. The Moon is still waning (*negative*); be patient and make major moves only after the fast approaching new moon.

**NEW MOON — January 11, 2013 – New Moon in Capricorn:** Expect the beginning or ending of important phases of your life. Watch for friends and family members too, the stars will force them into new sections of their lives. Count on the government to make important political decisions during this trend. The waxing moon (*positive*) is a sure sign of progress within the next two weeks. Push now; be confident and swim with the tide. Remember Shakespeare saying “*There is a tide in the affairs of men, when taken at its crest, leads on to fortune!*” Now is the tide. Expect serious restructuring to take place in your personal and business lives due to numerous and vital decisions issued from the Government. Have faith and

**RULERS — Uranus (*Explosions/Shocking News*) Neptune (*Deception/Religion*)**

**Work, Career and Business:** The new moon in upon you and she will bring a high level of good surprises into your business affairs. Set up a difficult situation now to avoid a conflict later. Don't let Neptune's deceiving powers affect your attitude with life in general; be positive and listen to your intuition. Beware of get-rich-quick schemes, clean up your act and invest in new equipment that may let you down soon. Use the ingenuousness of Uranus to do some investigation around the office and let him provide you with great ideas with computers to promote your career. Progress is to be made now.

**Partnerships:** Keep Neptune's complaining attitude in check and control your thought processes. Think positive and your wishes will come true. Expect much from co-workers but Neptune may induce daydreams. Supervise yourself closely; you might forget something important, errands or returning vital telephone calls. Everyone will feel the "*dreamy*" side of Neptune, so be patient in your dealings with others. It's time to build others' confidence and practice tact with the same dedication as a diplomat. Be aware of Neptune sensitivity and be tolerant.

**Family and Friends:** As always, with Neptune in charge, you may dwell on your intuition but you must control your imagination. With Uranus driving next to him, your psychic abilities are enhanced; just tune in and you will receive the wisdom of the stars. A friend may become difficult; do not let this person rely on you too much and avoid getting too emotionally involved. Both Uranus and Neptune strive in new-age endeavors; you may decide to share your own psychic knowledge with a friend. You could gain through new-age financial endeavors if you educate yourself in metaphysics. Do not allow Neptune's deceiving tendency to make your life misery. Clean your thoughts; you have a choice, be happy.

**Love Affairs:** A romantic relationship may fall short of your expectations, mainly because your intuition tells you differently. Did you meet that person on the waxing Moon? If your Neptune is badly aspected by Venus (*love*) you will sense that perhaps the person may be deceiving in certain ways. Someone may try to lead you into a secret love affair, do not fall for it. Don't be deceived, especially if the person in question happens to be married. Avoid any form of guilt in your decision and stay miles away from alcohol during the night hours. With this new moon, expect much from weekend dating and social plans. If you were born in May, Pisces and Virgo will be strongly attracted to you. A Cancer friend has a good advice for you.

**Travel and Communication:** Neptune and Uranus may decide to strand you somewhere with the police. Wherever you go, keep an eye on your possessions; the crooks will be active. Enjoy life in many ways this weekend; go after your wishes but don't drink and drive. Uranus and Neptune are not great cohabitants and when alcohol and speed are mixed, it produces serious accidents. Be cautious if you must drive a long way; take plenty of rest as Neptune's energy could make you sleepy. Chew gum, it will keep you more alert. Don't let Neptune grasp your spirit and complain; use positive words and keep busy to avoid depression or guilty feelings from your past.

**Environment:** Uranus (*explosions*) will be strong these days, thus expect bad surprises with nature's devastating forces. Crazy people and all the elements will be invited for a mad dance. This energy will be quite detrimental and will disturb electronics and could produce aeronautic disasters.

**Famous Personalities:** Some rich and famous people may make sad news and be involved with drugs or alcohol.

**Events:** Uranus, the Lord of Surprises could also bring about explosions and misadventures, especially if you happen to get close to the river or the ocean this weekend.<sup>1</sup>

**Shopping:** Invest in anything related to the arts, fishing, metaphysics and electronics. Put a big smile on your face and use your will and your knowledge; the New Moon will sharpen your spiritual values. Visit an old friend and spend time by the water.

Take the family out and enjoy the wilderness with the children. As always keep an eye on them as Mars will make them restless and accident-prone.

**Love Affairs:** Use the kind-hearted touch of Venus to your advantage; you may

decide to treat someone you truly love with your best intentions. You're apt to make significant progress with love this weekend (*especially close to the water*) and you should really make the most out of this trend. Social life and romance is up; a trip is on the way for some. If you were born in June, a Sagittarius, a Libra or an Aquarius may fall for you.

**Travel and Communication:** This week promises to be worthwhile for the more creative souls and your writing skills will improve dramatically. Under Mercury and Venus' auspices, especially in time of a new moon, a new book could be started or finished. A trip to your past will pay off for some. **Work, Career and Business:** Some people will see the end and the beginning of a business situation. New people will move in to replace others. The Moon is still waxing (*positive*); make the most out of these days ahead and have faith in your ability to deal with any changes. Hope and faith will take you places.

**Partnerships:** This lunation means a great new start, relocation, and a promotion, even the start of a brand new life. Those changing stars do not care about your sadness, guilt or anything else; don't turn back, move on to your future. Your situation or feelings do not match your wishes; changes must take place. You'll be glad you did it. Remember life is a constant process of change, so go for it.

**Family and Friends:** Mom may get in touch with you, and your past is calling you back. The moon will make the children quite emotional; they will need your attention and will be demanding. With the Sun's vitality invest some time with them and do something special; they will cherish these days in their heart forever. A surprising new involvement with a child or love is ahead of you. A friend surprises you with an invitation; restaurants will be busy, so you'd better make a reservation if you do not want to stand in line for a table.

Promote your next section of life without delay. Expect some surprises too and go full speed after your desires; anything incredible can happen especially during the weekend and you shouldn't stay home. These surprises should be positive and unexpected and there is much to gain if you interact with others. Visit friends, socialize or throw a party to celebrate this great solar and lunar energy. It's time to do your cabalistic candles ritual, white for the purification of the spirit, green for the purification of the physical, and blue to pray and ask favors of your guardian Angel. Don't forget to burn some sage and the use of the circle of salt. This lunation has the potential to bring about one of your greatest wishes. **Famous Personalities:** Famous and powerful personalities will be ending or starting a very important part of their love lives. Some will have finished their work on this physical plane, and will work as guides for whom they cared on earth.

**Events:** Foreign governments will have to make important decisions soon. This type of energy was present on October 20, 1997 and October 2012. <sup>1</sup>

**Shopping:** Only real estate endeavors from your past are protected; a new house bought now could bring much trouble to the new owners. If you do so, make sure to do a candle ritual. Burn white, green and blue candles, and mix them with incense to clean up some psychic residues left behind by disturbed souls. Some of your local stores may also be affected and may rebuild or close down completely.

**TUE., WED., THU. — JANUARY 29, 30, 31:**  
*RULERS — Mercury (Gift of Gab/Siblings) and Venus (Good Taste/Sweetheart)*

**Work, Career and Business:** The Moon is now waning (*negative*), and opportunities to further your position in life will depend on your interaction with others. and anxieties, or you may attract setbacks to your life. Go after what you really want and don't be afraid to communicate your feelings. Expect some deceiving developments soon. Contracts will be signed and will bring great financial rewards if you decide clean up and start again.

**Partnerships:** Do not assume the worst without first finding all the facts, nor break your spirit by suppressing all faith in your abilities. Mercury could make you talkative; listen to your partner a little more. Keep an open mind and be receptive when direction is being offered, especially if the person in question is older than you. Being patient and working harder to attain your goals is the key. If you are inquisitive enough, secrets of a financial nature may be revealed to you. Important legal paper work to clean up your past may be on the way for you to sign; be confident in doing so as the future has better to offer.

**Family and Friends:** Use your exceptional insight into the secret motives of a friend close to you and avoid all unnecessary gossip. Be patient and practice diplomacy with loved ones. During a waning moon, Mercury may promote intellectual challenges, even confrontations. Use plenty of words of love to those for whom you care, and keep your eyes on the children. Friends may ask for financial favors; provide help, but watch your own security.

**Love Affairs:** Those stars above your head are tough, but your knowledge is well placed; use your will in all occasions. The kind-hearted touch of Venus can only alter those nasty stars if you have faith in the right people and yourself. Avoid being too critical about someone you value; no one is perfect, not even you. Learn to love yourself and concentrate on the qualities you and others possess. If you were born in August, an Aries will help you but a Scorpio could be giving you trouble.

**Travel and Communication:** Venus' diplomatic powers will be felt in your words and will further many of your requests. Just remember that no one attracts bees with vinegar. Invest in your own thought power and do not expect too much from others. Many souls will be forced to deal with the past and some will have take a long and difficult journey. You will learn about people getting in trouble with the law or getting a divorce soon.

**Environment:** As usual with the waning Moon expect dramatic news soon with Mother Nature. Let's hope that with the gentle touch of Venus, nature will be quiet. Many environmentalist groups will be active; some may get out of hand while trying to get their message out.

**Famous Personalities:** A prominent person will promote a new diet or a specific product. It will use only natural goods and be very eastern in conception. Some will announce health problems.

**Events:** Some disturbing, even shocking news will arrive soon pertaining to unhappy people willing to start trouble. College students or the post office may make the news.

**Shopping:** Now is the perfect time to invest in a diet or a health program to lose those unwanted pounds. You may also find great deals with children's second hand products.

## Welcome to Your Day-To-Day Guidance For February 2013

**February 2, 2013 — Mars enters Pisces:** Mars (*the warrior*) moves into the sign of religious Pisces and will continue bringing trouble where religion, oil and acts of terrorism from the Middle East are concerned. Expect this trend to be loaded with dramatic news. Many diplomats will be active on the political front to save serious trouble, even war. Many thoughts will be geared towards restructuring or enforcing laws to stop terrorism and secret relationships with certain countries. Prominent politicians either traveling to or coming from the Middle East, run the real risk of assassination. Some unlucky souls will not survive this awful upcoming trend. Some young souls born now may meet with their explosive deaths as martyrs. They will be unafraid of death, extremely destructive with the affairs of religion and will have to learn to control their powerful destructive emotions. What really bothers me is that; none of the secret Agencies has yet invested in my methodology or Astro-Psychology and this science is well ahead of both conventional psychology and psychiatry. There are obvious traits in one's natal UCI (*Unique Celestial Identity*) that produces an indisputable terrorist. Especially, when it comes to the Head and Tail of the Dragon or any significant planet in the pious sign of Pisces. This predisposition produces the entire reveille and breeds a natural "*born*" terrorist. The world's secret services would make such a great use of Astro-Psychology instead of using common facial expressions (*traditional psychology*) in International Airports to detect the physiology and deadly potential of individuals.

**Note:** Pluto is back with us; be **VERY** careful of what you say, where you go and what you do! Unaware police officers and/or criminals will meet with their death. Many other unprepared souls will pay the ultimate price by losing their precious lives and this could be you too. Please **DO** take my heed **VERY** seriously! **FRI., SAT., SUN., MON. — FEBRUARY 1, 2, 3, 4:**

*RULERS: Venus (Sexuality/Secrets/Lure) and Pluto (Passion/Murder/Death)*

**Work, Career and Business:** Don't take chances, be cool, be smart, pull in a safe place and be quiet for a while; that is the best advice I can give you now. You are at the time of the month when you must wait for the green light; keep a low profile and all will be fine. Watch the dramatic news during this trend and realize the importance of having your Moon Power close by. As always, if *Moon Power Starguide* works for you, it also works for others, so don't be afraid to tell others to "cool" down. We are all under the incredible will of the cosmos, and Pluto will punish some unlucky souls for their ignorance of God's universal rules.

**Partnerships:** Be courteous with everyone as your true motives feelings and desires are sure to be heard and felt. This is the time to use your will and apply your knowledge of the stars. Avoid outbursts of emotion, even if your partner gets completely out of hand with jealousy or bad temper. With Jupiter and Venus' protective presence these days, some of the upcoming dramatic news and predictions might pass by without harming your relationships.

**Family and Friends:** During a waning moon, Pluto will become destructive; use Moon Power's wisdom or you may be very sorry you didn't. Many of us will undergo some form of metamorphosis as Pluto gives serious wake-up calls. If friends and family members need help or guidance, share your knowledge for the common good. Not a time to plan a visit or get away from home; wait for better stars. Many disturbances are reported during this trend, especially the ones with domestic violence, and the police will have their hands full. Keep a low profile with all, you have the right to be scared and Pluto means business and will hurt you if he has to.

**Love Affairs:** These days could bring an element of drama, and you are advised to stay clear of other people's problems. Be ready for some secrets to surface. Some people for whom you care may become very uncooperative or decide to fight with you, and could lead you to depression. Better enjoy your own home and cooking on the weekend nights. Social life can only bring unwanted situations as Pluto may send one of his awful children to teach you a lesson. Don't take chances with sex and stay clear of strangers. In the game of love, protect yourself. If you were born in September, a Taurus or a Capricorn could be difficult to deal with. If you are having trouble with a person whom is a water sign having problems with alcohol, move on and look for a better soul.

**Travel and Communication:** Do not travel unless you absolutely have to. Your car may decide to let you down, so take care of the wheels before taking a risky journey. Double-check all plans and arrangements to avoid further hazards. Now is the time to speak clearly and concisely, as you're prone to miscommunication. Do not broach subjects that are controversial these days, with emotions running high and logic out the window. For those who find themselves in a difficult spot communicating, it may be better to save the subject for later and excuse yourself before it's too late. You will usually find that the argument occurred as a result of what might happen rather than what will. Lots of secrets will come to light and money will be a disturbing topic for some.

**Environment:** Remember Pluto. Under this planet's immense destructive power, chemical plants explode airliners crash, nature goes crazy, products are tampered with, and potentially dangerous technology is sold to hostile powers. It's now time to get close to God in your local church and pray for the unaware victims of deadly Pluto. Be particularly aware of terrorist activity.

**Famous Personalities:** The world will lose a famous personality under Pluto's command. He may also decide to do it dramatically (*assassination*). Pluto will not stop with famous people, so watch yourself and choose your environment carefully. <sup>1</sup>

**Events:** This disreputable planet has always promoted dramatic news involving the police, sex, drama and death. Be ready for a bumpy ride. Pluto is also a factor that stimulates and dramatizes ethics issues and makes them even more complex. <sup>2</sup>

**Shopping:** Buy now anything related to the unknown, magic, candles, and incense. Some old souls will be busy writing their wills. Visit your favorite psychic or astrologer and deal with the unknown. Invest in anything that will bring death to pests but stay clear of weaponry, it could be used against you or a family member.

---

<sup>1</sup> There is a very important newsletter I wrote offering very important information on Pluto titled "*The Garden Of Eden*" published 12/12/2009 where I elaborate on the "*DO's and DON'Ts*" from <http://newsletter.drturi.com> read it ASAP.

<sup>2</sup> On the window posted for April 23rd 1997, I also mentioned on the Internet to watch for surprises with the police and explosions. April 23, 1997 — MOSCOW — A bomb ripped through a railway station in southern Russia on the night of Wednesday April 23rd, killing two people and wounding some 20 others. All these dramatic news events happened under the destructive power of Pluto, the Lord of death and drama so be aware and do not be one of its victims.

**February 6, 2013 — Mercury enters Pisces:** Souls born with this celestial position will be gifted in the arts while some will pursue artistic medical spiritual or religious endeavors and will use their incredible imagination in exotic places. This is the ideal celestial position to invest in an artistic or spiritual study. Empower yourself with spirituality and display your creativity to the world. Souls born now will inherit natural gifts in music and the arts. This is a great astrological position and the option is given to the soul to become a leader in the artistic fields. A weak or badly asserted Venus in this sign will induce deception in love, abuse of alcohol and drugs leading to secret love affairs and deception in the long run. If you're born with Venus in Pisces, you are strongly advised to learn to love with your head, not your heart, to avoid the awful guilt. When well assisted by other celestial bodies, this is a perfect position for total commitment and endless love. Many souls will choose to serve "*Poseidon, Lord of the sea*" and will work and serve marine life.

Their sensitive natures combined with strong religious intonations could lead many young March souls swimming downstream towards the ministry pulpit. The advanced ones will swim upstream and turn into great light workers, while others less advanced type will develop into (*religious or cult leaders, terrorists or ministers*). On a negative note this Mercurial position produces mental ailments such as phobias, fears, drug and alcohol addictions, confinement, depressions and religious fanaticism. This planetary position will lead the soul towards creative imagination; true spiritual values, the performing arts and great success can be achieved if the intellectual energy of Mercury in Pisces is applied positively. In a negative chart, this position produces the entire reveille to breed a "*born*" terrorist and the world's secret services would make such a great use of Astro-Psychology instead of using common facial expressions (*traditional psychology*) in International airport to detect the physiology and deadly potential of individuals.

**NEW MOON — February 10, 2013 in Aquarius:** The New Moon will mature in the futuristic sign of Aquarius. Expect surprising developments everywhere. The waxing “*positive*” moon means it is a progressive time to launch any new project. The next two weeks are going to be full of surprises, and a good chance to move forward will be offered to those asking for progress. Try anything now, aim as high as you are capable; coincidence be will magical. Don’t waste this great lunation; be original, ask and you will receive! Expect incredible news involving explosions nature destructive forces at work, electronics, UFOs, celestial bodies, (yes, *Pluto is a planet and belongs to our solar system!*). Airport news such as the August 2006 London impeded terrorist attack on UK airliners etc. A perfect time to start a spiritual Astro-Psychology, Kabbalistic Healing or Astro-Tarot course (*Get the course by mail – see [www.drturi.com](http://www.drturi.com) or call me the office for more info at 602-265-7667 don’t put it off any longer, get a new career and help the children of the future with true wisdom.*)

**Lunation impact on all signs:** Note only if you become a VIP Cosmic Coder will you read supplemental horoscope information/monthly transits. [www.drturi.com/store/cosmic-code-membership/](http://www.drturi.com/store/cosmic-code-membership/)

**Capricorn** ♦ Positive financial changes are ahead, electronic knowledge is a must.

**Aquarius** ♦ A new door is about to open to you, be ready, you can't lose.

**Pisces** ♦ Your perception of the future will be right, be positive. Swim upstream.

**TUE., WED., THU., FRI., SAT., SUN., MON., TUE. — FEBRUARY 5, 6, 7, 8, 9, 10, 11, 12:**  
**RULERS** — *Jupiter (Foreign Affairs) Saturn (Uncle Sam) Uranus (Shocking) Neptune (Middle East)*

**Work, Career and Business:** This is a very long cosmic trend starting on the waning moon (*negative*) and faith could be quite low for many. Hold on a little longer for the upcoming New Moon and life will improve for us all. Use patience with everyone around, and wait before launching important business or signing documents. Don't trust any business propositions now and don't take any chances with your finances. The worse is now over, just be patient.

**Partnerships:** Don't let Saturn's gloomy nature affect your psyche and try smiling if you can. Moon Power mentioned a concentration of negative influences with this last Pluto impact and some of us had to experience a rebirth in partnerships. Again do not to fall prey to depression or self-destruction. Use all your abilities to deal with your new life and help the ones you care about. Enjoy a good movie and a good bottle of wine at home in the evening hours.

**Family and Friends:** You may not like it but a friend or a family member's surprising visit has you scrambling to make your home presentable in advance of the arrival. This person may bring a lot of excitement but also some unhealthy news. If you decide to socialize, keep an eye on your possessions and lock your car. During a waning Moon and under Uranus' grip expect bad surprises, as crooks become

active. Get rid of unwanted things: have a garage sale or give it away to the Salvation Army to the unfortunate. Now is a good time to clean, take care of your gardens or even your houseplants. Don't fall for guilt; avoid depressing thoughts of your past. Look for happy people and try to enjoy what life has to offer for now. Keep an eye on the kids especially if there is water around, as Neptune may play tricks on them. An introduction to harmful drugs is always a possibility with them now.

**Love Affairs:** Stay clear of strangers, especially if alcohol is offered. Not a good time get involved sexually; take precautions. Bad aspects to Neptune in your horoscope will promote even induce sexually transmitted diseases and narcotic abuse. Secret love affairs may start now, but if you are in one, make sure you are not taken for a ride, as all those promises may be too good to be true! Be practical and review any promises with common sense. If you were born in October, an Aries or an Aquarius will find you quite attractive and may bring more trouble than love into your life.

**Travel and Communication:** Traveling now may be too risky for comfort; be sure you're prepared for any road emergency or difficult weather. If you must take long journeys be very careful on the road and if possible avoid flying. With the waning Moon your energy level won't be that high and if you must drive, take plenty of rest before hitting the road. Keep to the speed limit, the police will be out there ready to penalize you. Avoid drinking at all costs during the evening hours and keep a positive attitude in all you say. Your imagination will be high and must be kept in control.

**Environment:** Uranus (*surprising disruptions*) Neptune and Saturn (*karma*) are not a good combination under a waning Moon and will upset the poor unaware human on earth below. Many eruptions have taken place under this energy and the weather won't cooperate.

There is a concentration of negative celestial energy approaching so be extremely prudent while driving and expect chain-reaction accidents. Be prepared for delays, strikes, and nature producing awful weather, including hurricanes cyclone, earthquakes tornadoes etc. The same energy that produced the Titanic disaster, the Asia tsunami the Northridge Los Angeles and Kobe Japan earthquakes and major other calamities is approaching again. Remember the thwarted terrorist attack of August 2006 in the UK where the BA canceled thousands of flights just because all passengers did not check ALL handbags before boarding their planes. Those people did not have a copy of *Moon Power Starguide* and paid the price of ignorance and suffered serious delays and frustrations that could easily been avoided had they travel before or after those dates. Refer to Astro-Weather Service at the beginning of this book.

**WED., THU., FRI., SAT., SUN. — FEBRUARY 13, 14, 15, 16, 17:**

**RULERS** — *Mars (Disagreements/War) and Neptune (Religions/Oceans)*

**Work, Career and Business:** The new moon will make you lucky but Mars could upset your plans. Be nice with others at work; use your knowledge and don't expect your boss to be aware of Mars' impatience and irritability. The waxing Moon will provide you many opportunities soon. Neptune may make it difficult for you to concentrate these days. Try to be more practical in your endeavors, important matters related to finances will be on your mind, and all will be fine soon.

**Partnerships:** As always communicate my work to others and make good use of *Moon Power Starguide*. You may also suggest it to your partner, as two souls aware of the stars are better than one. Using Neptune's intuitive power may save a situation, but avoid complaining and do something about it. Control Mars' impatience and understand the needs of your partner too.

**Family and Friends:** In time of a New or Full Moon, people have some problems sleeping. Use tons of diplomacy with the children; Mars will want to keep them up late. A great time is to be expected soon as the New Moon is now shining on us all. Enjoy the love and good food provided by those who really care for you. Spend some time with the children; teach them love and harmony as Mars may make them play rough. Remember dangerous Mars is with us and with Neptune nearby, be aware around water.

**Love Affairs:** Avoid any intense Martian situation with your partner; support, love and respect will take you miles. Use Neptune's soft values to apologize to someone you deeply care for and control your imagination. Offer a present or some flowers; this always works. If you were born in November, a Pisces or a Cancer will want to know you. A trip close to the water or a movie will make you feel good.

**Travel and Communication:** Mars' speedy nature may affect your driving and response to others. Be courteous, psychotics and lunatics share the same road with you and one of those dangerous drivers may get you in trouble. As always, under Neptune's power, stay clear of alcohol if you take a long trip, and rest if you feel tired. Anticipate this New Moon to be great and put a big smile on your face.

**Environment:** Combined with Mars' accident prone nature and Neptune's absent-mindedness, expect sad news from water, oil or the Middle East. Once more, Mars' destructive instinct is unpredictable, so avoid dangerous situations, especially if you spend time close to the water this weekend.

**Famous Personalities:** Life is a constant process of change, and like all of us, famous figures must also accept the sad reality of demise. Light will be brought up to some famous people's hidden problems with alcohol or unlawful endeavors. Soon, the end of a notable person's life will reach the media.

**Events:** With Mars, even on a waxing positive Moon, fires, destruction, violence, war and nature's devastating forces at work are on the agenda. Difficult weather including explosions, tornadoes or flooding may affect some of the states and surprise a number of people. Much of the difficult news may be coming from Japan, Germany, the U.S. and the Middle East.

**Shopping:** Now is the perfect time to purchase sharp tools, a camera or get a good deal on any form of chemicals or paint. A new car can also be bought now, but with its Martian nature, controlling speed will be difficult. With Neptune on those wheels, you may be asking for trouble later, if you drink and drive fast.

MON., TUE., WED., THU., FRI. — FEBRUARY 18, 19, 20, 21, 22:

RULERS — Mercury (*Transportation/Siblings*) Moon (*Food/Changing Life*)

**Work, Career and Business:** The blessings of a waxing moon are with us make the most of her white and protective blanket. This long trend lunation will be progressive and may force you into many changes; no matter how painful they may seem to be, those changes are for the best in the long run. Be confident, as much needed change is ahead. You may also consider using Mercury's mental agility to pass on new ideas to improve your business. You still have time to write or invest in advertisements or publicity. The telephone will be particularly busy. Don't leave the office without your answering machine on; you could miss a great opportunity. Stay active and be mentally alert.

**Partnerships:** Dealing with others has and will always be a challenge for us all. Some of you have learnt hard lessons and the scars takes time to heal; don't re-open

them again. Move on to better ground, the future has always better to offer. Keep a positive attitude in your conversations and promote only the great times of your past. Some karmic souls will have to experience a rebirth of their relationships. Whatever unfolds, accept the changes with confidence; the truth is that, life is a constant process of change and it always seems to be for the better.

**Family and Friends:** Mercury is fast and rules communication, so expect family members to get in touch with you via mail or telephone. With Venus around, some will be invited to enjoy great cooking at their friend's homes. "*The messenger of the Gods*" loves to talk and throw jokes all over. Control Mercury's desire to exaggerate or make things up, and do not fall for the negative things you may hear now. Keep in mind that your friends have the potential to fulfill all your wishes; get active in the social arena and make good use of what is left of this positive Moon. As always, you might have a karmic debt with a long-standing friend; if so, you may have to experience annoyance. Try to clear it all up and you'll win. Brothers and sister could experience rivalry.

**Love Affairs:** Venus may want you to experience the beginning or ending of important love phases in your life. Keep your eyes and ears open on the people you know as the Moon affects everybody, especially family members. If you were born in July, someone much older or younger than you born in March, November or January will be attracted to you. A Pisces friend may bring you good news soon.

**Travel and Communication:** Use Mercury's mental powers accordingly. Time to write those letters, as Mercury improves your mental faculties. He will reward you favorably if you decide to invest in your education or start a book. Control his strong desire to be a "*chatterbox*," and save money on your telephone bill. Mercury rules transportation and general motion; he also makes people restless on the road. Under his command, be a defensive driver. It's time to plan for your future travels, or visit parts of the world via great books. Wait for the next New Moon to launch the trip. You'll be glad to know and respect God's Universal Laws.

**Environment:** We still are a few days away from a Full Moon period and you must be ready for nature's power to show off soon. If you are into wild weather be ready for those soon. Some will see the beginning or ending of dramatic times. Be ready for this type of news soon where thousands of people will be forced to flee nature's destructive forces.

**Famous Personalities:** Some famous artist or important political figure will experience changes with their children and you will be directly affected too.

**SAT., SUN. — FEBRUARY 23, 24:**

*RULERS — Sun (Love/Children/Surprises) Mercury (Brother/Sister/Trip)*

**Work, Career and Business:** These days will start on a note of faith with many new financial breaks ahead of you. You can expect serious beginnings or endings of important phases of your and others' lives. Be ready for anything coming your way, adjust to life's demands. Life is a constant process of change and the stars are always working for you even if you don't realize it just yet.

**Partnerships:** You will be forced into a new relationship or to let go of the wrong people and their problems; take a chance on yourself and have faith. Many will hear about friends ending something or with someone. The lucky souls will enjoy new beginnings. Many of your wishes may see the light soon, be confident.

**Family and Friends:** The Sun rules love, romance and children and with what is left of the waxing moon surprising news are ahead of you. If something wrong happens to a child under a good moon, maybe you should check out when you had bought the toy that was used. The Sun gives life to anything that he touches but for some mystical reasons, fatalistic experiences involving children can still happen. As usual, watch over them, especially close to the water. On a more positive note, the Sun will put his indiscriminating light on the incredible UFO manifestations. You may hear about someone's heart problem or surgery.

**Love Affairs:** Be ready for new starts in love matters and provide spiritual help for the victims suffering painful broken hearts. The right partner might not be the one you want to be with. You should use your newfound freedom to look for someone who deserves your love. With the waxing moon, keep looking for that special person and by miracle it will happen. Some teenagers may find their first love or suffer the heartbreak of it. If you are born in January, a much older or younger person born in September or July may want to let you know how much you mean to them.

**Travel and Communication:** If you decide to take the children with you, be aware on the road; you are responsible for their young lives. Order them to put their seat belts on and be ready for anything. Enjoy all that nature has to offer and be prepared for surprises; enjoy — a great time is ahead of you.

**Environment:** What was once built by man (*cities/homes*) or nature (*forests*), somehow with time will have to be destroyed. What was once born must eventually die; this is the great cycle of life. Be ready for surprising explosions and fires, so be aware and be prudent if you happen to go into the wilderness.

**Famous Personalities:** Expect interesting, even weird surprises with children and the rich and famous. Be ready for the unexpected with their words and actions. You may take some calculated chances with the Sun in charge but understand your limits.

**Events:** Terrible tragedies such as the Kobe, Japan earthquake and many volcanic eruptions are around the corner even in a waxing moon. Nature will force thousands of people out of their homes because of nature's destructive forces. Let's hope that the powerful life giving Sun will slow or stop bad news.

**Shopping:** Buy anything for children as long as it is new. Invest in gold or expensive items; you may also invest in computers or anything involving creativity and the arts.

**FULL MOON — February 25, 2013 in Virgo:** Be ready for the ending of a portion of your working life. Disturbing news is ahead of you, be ready to accept these changes, as you might have to service this world in a different manner. Life is never stagnant so learning to embrace change is part of the whole lesson. Don't be too

critical with your or other people performances. Naturally health oriented Virgo, Taurus, and Capricorn: this Full Moon will affect your mental processes and could make you prone to worry about your health. If you were born with a Moon in an earth sign, this applies to you too. Instead of anxiety or hurting your self-esteem, use this lunation to join a club and rebuild your physical figure. On a negative note you can expect oil spills and aeronautic accidents, so avoid flying if you can. Not a time to take chances, forestall signing important contracts. To travel or start new projects, wait until the next New Moon.

**February 26th, 2013:** Today is your astrologer's birthday, I am 63 years old and because it's the New Moon I am going to enjoy a great birthday with my wife Terania, a few good friends, my family and the people I love. I have to make this one special for sure and I will! Again thank you for all your good wishes and support. Each year I am getting more and more birthday cards and emails from all of you. It is an honor to receive so many blessings from all around the world. Please forgive me if I do not personally answer you, but it is from the depth of my heart that I sincerely thank you. God bless you all.

**February 26, 2013 — Venus enters Pisces:** This is the ideal celestial position to invest in an artistic or spiritual study. Empower yourself with spirituality and display your creativity to the world. Souls born now will inherit natural gifts in music and the arts. This is a great astrological position and the option is given to the soul to become a leader in the artistic fields. A weak or badly asserted Venus in this sign will induce deception in love, abuse of alcohol and drugs leading to secret love affairs and deception in the long run. If you're born with Venus in Pisces, you are strongly advised to learn to love with your head, not your heart, to avoid the awful guilt. When well assisted by other celestial bodies, this is a perfect position for total commitment and endless love. Many souls will choose to serve "*Poseidon, Lord of the sea*" and will work and serve marine life.

**MON., TUE., WED., THU. — FEBRUARY 25, 26, 27, 28;**

**RULERS — Mercury (Travel News/Telephone) and Venus (Love/Lust/Friends)**

**Work, Career and Business:** Just days away from the full moon, make the most of Venus' new fresh breath of life and be aware. With Mercury's vital intellectual genius, push your business now. Advertisements, important calls, traveling, and meetings will pay off before the upcoming Full Moon. Respect the Universal Law, use *Moon Power Starguide* and your knowledge and have faith in your abilities.

**Partnerships:** Mercury rules the mail, telephone and communication in general; expect drama and secrets coming your way soon. Venus may decide to offer you a get-together after work but Mercury will have everyone "gossiping." Promote only faith and love, and pass on your message to the world around you.

**Family and Friends:** Use what's left of the New Moon to provide a generous shoulder to those who suffered karmic experiences the last few months. However, let no one exhaust your spirit, and avoid being frustrated with loved ones. Some of those friends really need spiritual regeneration or a helping hand. Do so, but realize your limits, especially where money is concerned.

**Love Affairs:** Your sense of perfection will expand with Venus in charge until the Full Moon. Don't be too picky or demanding with your loved ones; no one is perfect. You may feel like starting a diet; but don't get too concerned with your appearance or your health. Work first on yourself, and the results will stimulate those close to you. Venus hates cigarette smoke, so with her help, apply your will and try to give up smoking. By doing so, the opportunity to find real and healthy love will be given to you. If you were born in February, someone born in August or June may fall in love with you.

**Travel and Communication:** Get your wheels in action; traveling and shopping are under protection until the Full Moon. Use Venus' touch of love to show your affection to those you care for, and offer them flowers. Mercury will get your telephone ringing, and much of your important mail should be sent now. Further happiness and love, and you will benefit from your own positive attitude.

**Environment:** You need to recharge your batteries; a trip in the wilderness is strongly recommended if you have been under stress lately. Venus' energy will make you appreciate the beauty of Mother Nature and the people around you. Many

animal rights activists and environmentalists will make serious progress and gain the attention they deserve when passing on their important message.

**Famous Personalities:** A new diet is on your mind; a famous person will promote a new health product.

**Events:** With the New Moon still upon us Mother Nature may decide to relax a bit and keep the approaching Pluto's destructive power under control. Some large financial corporations may decide to merge to secure themselves against competition.

**Shopping:** Great bargains will be offered if you want to invest in products to improve your life and body. Some may decide to join the local gym or enroll in a weight loss program.

**FRI., SAT., SUN., MON., TUE. — MARCH 1, 2, 3, 4, 5;**

**RULERS — Venus (Sensuality/Attraction) Pluto (Demise/Secrets) and Jupiter (Foreigners/Religion)**

**Work, Career and Business:** You are now walking on fire! You'd better use all the "savoir faire" you know if you are to go through this lunation without trouble. A serious wake-up call will come to many abusers, as the heavy hand of karma will fall on the victims. The possibility to lose and rebuild it all will be a serious matter for some karmic souls. Not a time to deal with money matters you better keep a low profile for a while.

**Partnerships:** The offensive secret life of a person may surface; you may learn something valuable about a partner. Whatever it is you find out, do not divulge the secret. Stinky moneymaking schemes will play an important part of this trend, you should listen to your intuition in all you do. Stay clear of dark alleys; your life hangs upon your awareness. Many people will learn the hard way these days.

**Family and Friends:** Do not expect anyone you care about to be diplomatic with you during this trend. Do not fall for Pluto's destructive or sarcastic remarks; words of love and support will pay off in the long run. Be ready for some dramatic news from someone close to you. Whatever happens, be strong; life must go on as Pluto has important work to do and he is part of the celestial design devised by God. Time to further my work and offer knowledge to those for whom you care by letting them read *Moon Power Starguide*. Remember to go now and then to my website and check my quatrains, as this book will work better for you if you do so.

**Love Affairs:** Secret affairs of sex and passionate love may be divulged to the public, forcing people to take a stand in destroying and rebuilding relationships. This might happen to you too. In any case use tons of diplomacy to save unwanted trouble in your love life. If you are water sign or have any planet in Scorpio, be ready for a wake-up call of some form. Stay clear of any new relationship, stick with the old one or refrain from social interaction.

**Travel and Communication:** Expect news pertaining to secrets, sex, the police force, and medical discovery. Be careful of what you do or say during this trend. Drive carefully; stay clear of strangers and strange places. Be ready for dramatic news to plague the media.

**Environment:** Pluto will have fun destroying it all, but remember he belongs to the divine family and has a specific work to do. His dramatic impact on this earth (*and people*) is needed. As Pluto demolishes he also gives opportunities to rebuild stronger and better bridges and buildings. Be ready for dramatic news with the police and nature's forces soon.

**Famous Personalities:** Some famous people will be called back to God. Sometimes famous spoiled children get involved with the wrong crowd, and some are found shot to death alongside a road. Pluto couldn't care less about famous people.

**Events:** Hopefully knowledgeable Jupiter will slow down Pluto's rampage and thirst for blood. Under his power a plane plowed into crowd at air show. Under Pluto jurisdiction plane crash, avoid flying and be ready for a repetition of the past soon. A Bell 212 helicopter belonging to the Mexican Attorney General's Office crashed upon landing in rural Mexico killing the navigator and injuring five people. Under a Plutonic window expect this type of news.

Bryant Middleton prays near the “White House” where he says he was beaten as a boy. Middleton and dozens of other men have come forward over the past six months with tales of physical and sexual abuse that they allege took place at the Florida School for Boys in the 1950s and 1960s.

**Shopping:** All water and earth signs will see an important part of their business or financial life taking a specific direction within this lunation. With Jupiter here too, the worst might be avoided by some miraculous development. A visit to your local church to pray for Pluto’s victims will be of benefit to you. Do not invest in weapons, if you do so you might have to use them against crooks later. Anything bought now that can be used for metaphysics will bring unusual power to you.

**WED., THU., FRI., SAT. — MARCH 6, 7, 8, 9:**

*RULERS — Saturn (Uncle Sam/Decisions) and Uranus (Shocking News/Earthquakes)*

**Work, Career and Business:** Expect a forced ending passed to your service to the world or your career. Something must be done, something must change; be ready. The undertaking that you are doing leaves you unsatisfied and is a source of stress; you might be forced to modify your direction. Resolve to find a new way of handling your career soon and for the lucky ones expect a well-deserved promotion. The unlucky ones will be forced to realize their limits.

**Partnerships:** Don't let anyone pressure you into using their ideas instead of your own. You came across this plan to stimulate you and your entrepreneur spirit to become more independent. Meditate to understand where this partnership is going in your life. Did you make the right choices and can you live with them? If not, there will be a better time to deal with those questions; these days will help you to change it all. Some surprising news is ahead of you.

**Family and Friends:** Your friends will be requesting your presence and may invite you to a gathering. Enjoy this opportunity, but you will be amazed with what you are about to hear. Uranus also makes the children very active and accident-prone; watch them closely. They will lean heavy on you; be patient with their young demanding spirits. Let them enjoy Uranus' world of miracles, maybe by going to a place you went before like Disneyland or the Zoo. Keep your eyes on everything they do and everywhere they go and you will have a smashing time.

**Love Affairs:** Expect spicy consternation during these days, as many people will surprise you. With Uranus' disturbing touch these days, avoid going places or doing things you never did before. Stay with what you do or know best. Karmic love is around the corner for some, especially if you were born under an air sign. Someone from your past will be attracted to you. If you are an Aquarius, a Leo or a Gemini may bring someone much younger or older in your life.

**Travel and Communication:** Here are some ideas for a small trip not far from town. Uranus rules electronics, the future, astrology, psychic phenomena, and UFOs. If you want to see something unusual, talk about it and do it now. However be aware of the negative Moon as you may attract wrong experiences. If you're lucky Uranus may decide to grant one of your wishes. Stay clear of storms; sudden blackouts and danger coming from lightning is very real.

**Environment:** On a sad note, keep in mind that Uranus rules explosions, earthquakes and volcanoes. He may also decide to throw a tornado or produce violent explosions. Let's hope he won't. Similar energies were in force on February 23rd 1998, the police suspected a group of anti-British extremists to be responsible for a car bomb that devastated the center of the fiercely pro-British Northern Ireland town of Portadown. The weather will turn really nasty and will induce serious chain reaction accident.

**Famous Personalities:** Be ready as expected, for unusual types of news coming from extroverted celebrities. Much will be done for children during this trend but the negative tendency could touch some of them. Let's hope I am wrong, I hate to say anything drastic about the children. Sadly enough, Uranus or Pluto couldn't care a bit about my personal feelings and will do whatever pleases them. A famous person will provide and help to make important decisions pertaining to the younger generation, computers and education. Uranus loves accidents and explosions; under his power expect surprising \*shocking and original pieces of news to take place. Always buy your plane ticket in a waxing moon or suffer the consequences. Do not take chances with the children and be safe.

**Shock Wave To All?** - Brittany Murphy, the bubbly, free-spirited actress who appeared in films including “Clueless” and “8 Mile,” has died, Los Angeles police and hospital officials said Sunday. Not a good time to pay a visit to your local psychic unless you know him/her well; stay practical and use your own intuition.

**NEW MOON — March 11, 2013 in Pisces:** With the Head of the Dragon in Scorpio and Uranus in Aries expect surprising shocking news with the Government and terrorist activities on the U.S. and allied grounds. Expect also disturbing news about water damage, poisoning, religious fanatics, abortion, the Pope and the Middle East. Many diplomats will be active on the political front, trying to avoid religious wars in different parts of the world. With Mars in Leo France, Japan and Italy are targeted by the Cosmic Code. Prominent politicians of the Middle East run the risk of assassination and some unlucky souls will not survive this dangerous trend. With Mercury in Pisces souls born now will further for good or for worse their respective country's religious belief systems. Expect progressive news involving science, chemical research, religion and the abortion dilemma. Meanwhile, it is a sure sign that drastic change is still in store for parts of the Middle East and Asia. Nature and the weather could also turn out particularly difficult and may sink ships, produce devastating oil spills and flooding. However, with the waxing moon (*positive*) we can only hope for less damage than anticipated. Push now, be confident and like the fish swim with the upward tide.

Children born with this position will join dangerous sports and dangerous professions where many will become accident prone on the head and break a few bones. Mars is your desire principle and in Aries a strong drive to find and impose oneself could bring frictions with others. Aries rules also the Army, NAVY, construction, fires and dangers. I was born with this Mars in Libra its opposite sign and developed Astro-Psychology because the need to understand the laws written in light by god through the Cosmic Code regulations. This Mars' placement will force the soul to learn though a series of mistakes because the soul loves competition and lack cooperativeness. If Saturn is afflicted

you may suffer headaches and difficult karma in relationships and marriage due to a lack of cooperation. Saturn returns to each sign once every 29 or 30 years for about a three-year stay. On a world scale expect many governments to join forces in wars and engage in deadly conflicts.

**SUN., MON., TUE., WED., THU. — MARCH 10, 11, 12, 13, 14**

*RULERS — Neptune (Depressions/Religion) and Mars (War/Explosions)*

**Work, Career and Business:** Make good use of the information printed in *Moon Power Starguide*; this work translates the energies ahead of us. With the Waning Moon upon us it is time to slow down and do some clean up around the office. Avoid signing important contracts, and postpone every important meeting until the approaching New Moon. Slow down, be patient; there won't be much that you can do, apart from finishing up or preparing your next move. Anything else could be a waste of your time and money.

**Partnerships:** Do not let anything bad happen to your psyche; avoid Neptune's deceiving nature. With Mars around, you'd better use a diplomatic attitude in all your endeavors and avoid any confrontation with co-workers or your supervisor. Time to rescue some depressed spirits without letting your self be affected by their personal problems. A good movie or a great video will do for tonight.

**Family and Friends:** Friends and family in trouble will call you. They might be experiencing anxiety in their relationships; provide them with your support. Talk about the Moon's impact upon their lives and psyches and mention my book. Expect a difficult time where you should be prudent and patient with others. The depressing power of Neptune also affects your friends; sadly enough some of them will abuse alcohol and may pay a heavy price. **DO NOT DRINK** and drive and if you do drink, designate a safe driver or have a cab take you back home. Neptune could seriously blind your vision and with Mars' impatience you could visit the emergency room (*or the cemetery!*). Don't take a chance on your life; stay clear of chemicals and use tons of patience on your family members.

**Love Affairs:** A secret love affair may be a temptation to some but it will bring deception to the unaware initiator. Time to give strong support to your mate

especially if they are water signs, as the Waning Moon will make them “moody.” If you are a Pisces, Cancer or Scorpio do not expect much with love, romance or with your children. Just be patient, control your imagination and do not nurture guilt from past endeavors. A long walk to the mall or the sea will keep your mind away from Neptune’s depressing cries.

**Travel and Communication:** The majority of people is not yet aware of the power of Mars and Neptune upon their psyches and will become depressed or behave like aggressive robots. Drive slowly, be alert and most of all stay calm in any situation. Be very forthright and patient in your speech, as miscommunications now could have disastrous results. Further love and understanding and all will be fine.

**Environment:** This celestial duo has in the past produced oil spills, chemical plant explosions and will produce extremely high tides. Avoid the sea if you can to be safe, as many vessels will go down to Poseidon’s world. Stressing news about chemicals and flooding is to be expected soon.

**Famous Personalities:** Interesting but deceiving news about some actors. The Pope and the church could give us sad news about abortion. Neptune rules news about the Navy, deception, jails, hospitals, the Middle East, oil, and all religions combined together.<sup>1</sup> With Uranus (*shocking*) in pious Pisces (*religion/Middle East*) expect anything weird again soon to take place. The church authorities will find another way to probe into society to grasp more sinners (*Gays/Gypsies*) to pay for their enormous legal battle and failing abusive financial infrastructure. The age of ignorance, manipulation and religion is giving place to the more advanced universal and brilliant sign of Aquarius.

**Events:** Mars (*the warrior*) rules Germany and parts of Europe; disturbing news may come from there. The weather could turn real nasty again and water and slides could be a serious threat to some regions of the U.S.

**Shopping:** Sad news about oil price is on the way but good deals *Moon Power Starguide* could be found in a garage sale or your local flea market. But anything related to chemicals to rid the house of pests or the garden of unwanted weeds.

**FRI., SAT., SUN., MON., TUE. — MARCH 15, 16, 17, 18, 19:**  
**RULERS — Mars (Fight/Hazard) Venus (Love/Cherished) and Mercury (Traveling)**

**Work, Career and Business:** Mars is still active, so emotional reactions in the office should be avoided. Use patience and diplomacy with who ever is around, and good progress will be made. Make plans for the future and act upon them while the Moon is New. Money and communication will play an important part of this trend.

**Partnerships:** Some interesting news may come your way. You have free will, so don't allow Mars to let anyone force his opinion on you. With Mercury's sense of exaggeration, do not fall for all you hear, and don't be afraid to challenge people's information. You need to use your intuition, and sensitive Venus can help you in doing so. Use words of love and be patient with everyone; the New Moon will induce a new energy in them. Time to proceed forward, you are protected.

**Family and Friends:** In the anticipation of the upcoming weekend, Venus will bring an element of love and joy. Mercury will make us very communicative, and Mars will further a desire for action. This trend will be an interesting one where friends and family members will try to get in touch with you all at the same time. Make the most of those beautiful stars and enjoy life. Listen to a young person's needs.

**Love Affairs:** If you use Venus' "*savoir faire*" in any situation, you will win over Mars' argumentative temperament. A great time to show love and affection to those you care for. Avoid depressing conversations of your past, stay in the future, and look to the bright side of life. If you were born under the fiery sign of Leo, keep a cool head with someone born in April or November. An Aquarius may fall in love with you. Get going and reach your wishes now.

**Travel and Communication:** Don't let this trio drive you crazy, as you will have a million things to do at the same time. The strength of Mars combined with the speed of Mercury may bring trouble in your driving, so slow down. Use precautions and take your time if you have to travel far; don't let accident-prone Mars create obstacles. Be alert and slow down and nothing wrong will happen. Make your future plans to travel now.

**Environment:** Keep in mind that impatient Mars is also with us and he doesn't care for any of your plans; he may decide to create an earthquake or produce disturbing weather. If Mars wins over Venus and Mercury, his destructive power will be felt with explosions. "*Mars, the Lord of War*" will show his power, while none suspect, the surprise of lightning will strike.<sup>1</sup>

**Famous Personalities:** This powerful threesome may take the life of an important political person. Someone famous may also meet a sad fate in the water or on the road. Be aware and be prudent.

**Events:** Pluto (*ultimate power/life and death*) is still in the sign of Capricorn (*politics*). He will keep enforcing a slow but sure decay of the government wrongdoing and waste of our tax dollar. The rebirth will result in one Universal government already in progress. This celestial configuration will bring troubles in part of many countries where raw power challenges the government in all its aspects.

**Shopping:** Invest in tools or anything brand new, as great deals await you. Be confident in spending large amounts of money on clothes or jewelry now, they will bring you luck or the magnetism you're looking for.

**March 22, 2013 — Venus enters Aries:** Time to use your head not your heart in dealing with love. Aries is much too impulsive and impatient to look thoughtfully into others people values or motives and some young people will get hurt in the process. On the other hand, one area that Aries won't miss is your financial potential for sure. On a more positive note, souls born with this celestial signature will be quite artistic and extremely magnetic. His diplomatic sister Venus will tone down the aggressive and rough attitude of Mars. All fire signs (*Leo/Sagittarius/*

*RULERS — The Moon (New Life/Home) and the Sun (Children/Spirit of Love)*

**Work, Career and Business:** Do not hold on to your past; accept the upcoming changes with faith. The stars' pattern and changes are imposed by God to continually promote experiences and a better life. This will be an interesting Universal trend full of changes and surprises for us all. Examine all business propositions carefully and sign the paperwork now. With the Sun around, expect some surprising progress in the near future.

**Partnerships:** Be ready for the beginning or ending of an important part of your life. It is a strong possibility to find a new business partner. You may feel comfortable with the person involved and sense that you can succeed with his inborn talent. Make a full commitment to succeed and work harder to get there. If the people you are with do not fit your wishes, the New Moon will induce new ones, so go out now.

**Family and Friends:** The Sun will give tons of radiant energy to the children. If you don't take them out to the park, your hands will be full for a couple of days! Let them get rid of their surplus solar energy, and be sure to keep your eyes on them. Many kids get hurt under this energy. You may be requested to enjoy Mom's great food at home in the security and safety of your own family. The family circle will be active these days and mother would be happy to hear about your progress. Expect an element of surprise coming your way by a friends surprising arrival. You may want to plan a special gathering for a person to whom you are close. Great food, love and joy are on the agenda. Make the most of these rare and beautiful stars.

**Love Affairs:** Use this New Moon fully. Romance is on your mind more than ever, and a meeting with some friends could lead to an exciting love affair with an interesting stranger. Visit or call your friends; they need to share interesting news pertaining to love, romance and children. During the night hours, enjoy the

artistic intonations of the Sun with a great show. If you are a Capricorn, Virgo, or a Taurus, a much younger or older person needs to know you.

**Travel and Communication:** Again, this is the time where anything you really want could happen if you ask hard enough. The Moon is Waxing and your trips are protected if you take precautions on the road. Flying is also under good auspices and planning for trips now will add more protection.

**Environment:** Some dramatic happenings related to nature will force the government to make decisions about a situation. Many will be forced to relocate and start a new life due to natural catastrophes. Let's hope the New Moon will slow down any structural damages. Food and clothing could also be needed and sent to some parts of the world.

**Famous Personalities:** Many famous people will take part in charity events and many will donate money to alleviate the suffering of the world. Great news pertaining to new arrivals will make the family happy.

**Events:** The Sun's expansive power may affect a number of organizations. Expect some conservative groups to make the news about the earth, abortion or religion. Children could also be affected, so watch over them.

**MON., TUE., WED., THU. — March 25, 26, 27, 28;**  
*RULERS — Mercury (telephone) Venus (attraction) Pluto (Rebirth)*

**Work, Career and Business:** Chances are that your boss may not be aware of the power of Pluto and could make your life miserable. Odds are also that many countries' leaders are totally ignorant of the power of Pluto and may decide to make hasty decisions that will bring death to many people. Do not take anything too personally and forgive anyone's sharp sarcasm and destructive tempers. A wake-up call for some karmic souls where reality must be accepted is around the corner.

**Partnerships:** On a waning moon period, never take a Pluto trend lightly as his impact is usually dramatic and could produce serious stress in your partnership and its future. Use all the diplomacy you know as anything you say or do will have serious repercussions. Not a time to play with anyone's emotions; stay cool in all you do. Changes must take place, as life is a constant process of change itself.

**Family and Friends:** A financial or sexual secret will pop out from a person close to you; be sure to keep silent if you intend to keep this relationship. If you decide to speak up and force the truth on this person, keep cool and do the clean up gently. Don't expect anyone to be sensitive or respond to your needs. Instead, be ready for bitterness and harsh comments. Don't let Pluto's sarcastic nature destroy the serenity of your home life. Many ignorant souls will pay the heavy price of ignorance and lose much in the process.

**Love Affairs:** A surely stressful time is ahead for some, with Pluto's desire to demolish it all. Beautiful Venus will make you quite magnetic these days. You could become a prime target for some Plutonic soul's thirst for sex. If you become active on the dating scene, don't take chances on strangers; protect yourself and avoid heavy drinking. Pluto knows how vulnerable you are to his power when under the influence, and he will teach you one of the hardest lessons in your life. Relationships started now could be of a destructive nature, filled with jealousy and drama, and could lead you to harm or even death. This dramatic relationship could also be of a karmic nature but hopefully short lived. Be very aware out there and avoid negative group situations. Your intuition will be very accurate and should be followed with full trust. For those born under the sign of Pisces, a Scorpio or a Taurus will be strongly attracted to you. A Cancer friend has disturbing news for you.

**Travel and Communication:** Be smart and patient on the road we are under a dangerous "*Super Nova Window*." Avoid the sarcastic remarks of others, and be aware of Pluto's desire for drama. Some people may call you for advice or share their secrets. Better keep it a secret for now, as Pluto does not like to talk. Pluto may decide to take many human lives in dramatic accidents or terrorists act.

**Famous Personalities:** You will most likely hear more about the infamous than the famous under Pluto's command. Venus will try everything she can to subdue her violent brother and smooth things out. The great loss of an old and eminent political, religious or entertainment figure will vex or upset the media.

**Events:** Expect dramatic headlines like the following news from the police force. These were taken from [www.drturi.com/police-requiem/](http://www.drturi.com/police-requiem/) a site dedicated to the police.<sup>1</sup>

**Shopping:** Buy anything related to sex, spying, metaphysics, and especially healing products. Do not purchase guns, knives or anything that could kill humans under Pluto's power. They may be used against you or your loved ones. Invest in dangerous pesticides to use in and around the house, they will work perfectly.

**FRI., SAT., SUN. — March 29, 30, 31;**

*RULERS — Pluto (Drama/Death), Jupiter (Middle East/Foreigners) and Saturn (Government/Decisions)*

**Work, Career and Business:** This trend promises to be life changing for some. Pluto's legacy is dramatic experiences and the acceptance of the transformation will open new doors to you. With Jupiter's touch, you should be confident in all your transactions. Expect this transformation to become a new beginning for your career life. Great Jupiter may induce foreigners to play an important part of this trend. Listen to your intuition and keep a positive attitude until the worst is gone.

**Partnerships:** New partners are on the horizon for some, while others must learn from previous errors. Money and general security will also be on your mind, serious decisions will have to be made soon. Be patient and wait for the upcoming New Moon, nothing comes easily in this life and one must strive and plan if one is to succeed. Letting go and rebuilding is a must.

**Family and Friends:** Jupiter's optimistic spirit will replenish you with hopes and a new approach to life. Spend some time with family members or dear friends, and be ready to listen to a wise soul. Enjoy the family and the good food offered to you, fight depression, and invite a friend over. Because of the waning Moon, a night out will not bring you much pleasure; better stay home, relax and read. An old friend may stimulate your life; this will make you happy and further an important wish later on.

**Love Affairs:** Someone much older or much younger may enter your life soon. Don't look for love these days; there is plenty to gain in yourself, and the stars want you to be in isolation for a while. You will feel spiritual and some of the questions of life will trigger your imagination. Indians affairs will strive. If you were born in October an Aries, a Gemini or an Aquarius will need you. A friend born in June may be interested in you.

**Travel and Communication:** Expect your telephone to be busy but do not hope for super-positive mail to reach you just yet. If you have to drive, be cautious and take extra time to get there; don't rush as the police could spoil your day. Don't be depressed about anything that may come your way; the stars have better for you on a later date.

**Environment:** During the last breath of the waning moon, Mother Nature may become capricious and surprise us with bad weather soon. Environmental groups

will become active and will find support from the media, in saving the earth from uncaring corporations. Sad news may come from foreign grounds or the Middle East soon.

**Famous Personalities:** A well-known foreign personality involved in communication, television or writing will gain international attention where sorrow, tears and memory will make many followers cry.

**Events:** Some militant groups from a faraway continent will disturb the peace and become dangerous. Surprising destructive explosions are on the way. <sup>1</sup>

**Environment:** Stay clear of thunder and lightning; Uranus takes many lives without warning. Expect him to throw a quake, a tornado or blow up a volcano soon.

**Shopping:** Not a good time for the gamblers; however, if you happen to be in Las Vegas, keep the spending in control. The Moon is still waning (*negative*); be patient and make major moves only after the fast approaching new moon.

<sup>1</sup> Also expect sad news such as; November 4, 1997, when a dual typhoon lashed the Pacific islands and destroyed all on his passage. Moon Power memo; Prediction – WED., THU. - MAY 21st, 22nd 2003: RULERS - Uranus (*shocking news*).

## Welcome to Your Day-To-Day Guidance For April 2013

MON., TUE., WED. — APRIL 1, 2, 3:

*RULERS — Jupiter (Latino/Foreigners) and Saturn (Career/Reputation)*

**Work, Career and Business:** We are still on a waning Moon period; caution is advised in all you do. With the guardianship of Jupiter, the finances, resources and expertise of others could spell a profitable opportunity, especially after the upcoming New Moon. Real estate deals, trades, and credit approval will be among workable developments then. However, with the waning Moon still with us, better keep a low profile and avoid asking too many favors. Be ready for the beginning or ending of an important portion of your business life. Surprising even destructive news is ahead of you; be ready to welcome any changes. Life is a constant process of change and your existence on this dense physical world has specific purposes. Be patient and promote your business life only after the next New Moon.

**Partnerships:** Saturn may make you feel depressed, especially during the very last days of the waning moon. Do not put any strain on your relationships, and don't put stress on your significant other. Be ready to provide spiritual support to those close to you, and learn to say "NO" if needed. Work toward your heart's desire and don't let Saturn drag you down. Don't make too many demands on your partner and don't be too concerned with little details. No one will do things right just now. Errors are parts of your business life; don't hate yourself if you make some. Get involved with computers or learn a different program to make your business life easier.

**Family and Friends:** As usual in a waning Moon period, assign your spiritual help but do not involve your personal feelings about a difficult situation with a family member or a trusted friend. Give practical directions and don't be too pessimistic about the end. With freedom-oriented Jupiter above these days, an out-of-doors

trip for the family will be rewarding. A trip to your local church on Sunday could also give you a sense of faith in the creator and in your future. Hope and believe and a wish will come true.

**Love Affairs:** The Waning Moon will induce stress in your psyche; caution in your speech is advised. Expect surprising news soon, related to a legal situation, a marriage or a divorce. If you happen to be the victim, be patient and sooner or later you will find peace of mind and true love with the right partner. If you were born in April, a Leo, A Sagittarius or a Libra will be strongly attracted to you. An Aquarius or Leo friend could make one of your wishes a reality soon.

**Travel and Communication:** Be careful on the road as the waning-moon brings bad tempers to some “*lunatic*” drivers. No one attracts bees with vinegar; use honey instead! Avoid arguments at all costs and use diplomacy to save situations, which could turn dangerous on the road. Be careful driving; don’t trust anyone and keep your eyes on your speed. The Cops will be watching you with their electronic eye.

**Environment:** Gloomy news may come from Mexico, Japan and some faraway continents. Nature may decide to stretch herself and do harm to people in different places. She will produce a bad quake or a volcanic eruption within the next few days.

**Famous Personalities:** Some well-known entertainment figures may make dramatic news or lose their life. Expect secrets to come to light.

**Events:** A prominent political person either from the US, France or Japan will make an important announcement. Important meetings will take place to bring calm to certain parts of the world. The government may come up with important news or decisions that could affect many families in the future.

**Shopping:** Use this trend to find great Indian or foreign bargains in a garage sale or enjoy shopping your local antique shop with a Capricorn, Taurus or Cancer friend. Do not invest in anything new or any plants now; the ones that you will pick won’t stay alive for long. Offer *Moon Power Starguide* as a birthday gift, and bring the light of true predictions and guidance into someone’s life.

**THU., FRI., SAT., SUN., MON. — APRIL 4, 5, 6, 7, 8:**

*RULERS — Uranus (Surprises/Earthquakes/Explosions) Neptune (Religion/Oceans/Drugs)*

**Work, Career and Business:** With the New Moon upon us you will encounter interesting people and incredible situations. Neptune may induce a trip for business close to the water. Many of us will be forced into new circumstances involving career moves or jobs. Get out now! Many Saturnine people will be standing next to you and could further your wishes; don't be afraid to start a conversation with an older person. Don't take anything personally if some of their comments seem harsh; they might know better than you. Use this progressive trend and invest some thought into new business opportunities. A change in schedules or rules could affect you, take chances now. Keep busy and be courteous to the Boss and pleasant to everyone, you're being noticed for your gentle nature. Be easy on yourself, don't be too critical of anyone in the office; nobody is perfect.

**Partnerships:** Be ready for a wave of surprising news coming your way. Karmic Neptunian souls will not benefit from that unexpected news, and some will be forced to accept the realities of life. Listen to an older person, he may play an important part in helping your emotional life and will give you good advice. Uranus, "*the Lord of surprises*" and Neptune "*Poseidon*" could also bring about boating misadventures; be aware if you happen to get close to the river or the ocean this weekend. Avoid drinking heavily and watch your possessions.

**Family and Friends:** Trust the waxing Moon and the upcoming changes; be confident in the new situation, as it will affect your security and your finances positively. Keep an eye on the children; Uranus will make them behave irrationally,

they will be overactive and you do not want anything bad to happen. An adolescent or a younger friend may need your support and may ask for direction. Do not turn down invitations, and you may also invite a long-standing friend to spend valuable time in your company. Some of those friends will bring your wishes home; be active on the social front. Wishes can only take place if you participate with life fully.

**Love Affairs:** Neptune may grasp the spirit of a person close to you and induce emotional stress and confusion. Be considerate or you may lose that person in the future if you do nothing. Expect some people to fall for Uranus' erratic personality and to surprise you in public places. Love is in the air for many while for others Neptune may lead them into a secret love affair. Be aware of weird souls hanging around, but you can still enjoy their original company. Again, don't fall for Neptune's deceiving powers, avoid drinking during the late hours, as your emotions will run unusually high and could alter your driving or behavior. If you were born in July, Capricorn, and Scorpio will be strongly attracted to you. A Pisces friend will provide a wish.

**Travel and Communication:** With Uranus' eccentricity, be aware of crazy drivers while driving to trips or work during this trend. Take plenty of time to reach your destinations and be ready for some driver's unexpected behavior on the road. Neptune may make you feel sleepy, rest or walk a bit along the way.

**Famous Personalities:** Expect startling developments with some well-known people trying to get more publicity. This energy doesn't stop with famous people; regular souls may act oddly too. News of love, marriage, and children will make many famous people happy and ready to throw expensive social gathering.

**Events:** New moon or not, Uranus will surprise many of us with nature's destructive forces. Be ready for earthquakes, tornadoes, volcanic eruptions or incredible weather developments soon. Uranus might also disturb sophisticated electronic equipment and produce aeronautic disasters. Under his power Israel Invaded Lebanon and the UK thwarted a terrorist attacks to bomb UK and US airliners. The worse oil spill in Indonesia took place after a devastating typhoon hit the region. Also an U.S. military cargo plane crashed and caught fire on a street in Tegucigalpa in April 1997 while trying to land at the airport, narrowly missing two gas stations. Three soldiers were killed in this U.S. military plane crash in Honduras.

**Shopping:** This is a good time to visit your favorite spiritual person for his divine guidance. Spend on anything electronic now; this will prove to be beneficial for your business life in the long run. Invest in my course by mail and enjoy the 16 – CD's and 4 – DVD's and become an Astropsychologist.

**NEW MOON — April 10, 2013 in Aries:** The New Moon will mature in the sign of Aries. Explosive and destructive news about fires, wars, and explosions is to be expected soon. Mother earth is alive and may stretch her self vigorously, producing powerful volcanic or earthquake activity. Souls born with this celestial identity will be competitive, aggressive and will use their inner leadership abilities to gain positions of power during their lifetimes. Discipline and patience must be induced at an early age to avoid serious head injury. Many endeavors will be launched successfully within the next two waxing weeks and you should be confident of the outcome.

**TUE., WED., THU., FRI., SAT. — APRIL 9, 10, 11, 12, 13:**

*RULERS — Mars (Hostility/War) and Venus (Love/Diplomacy.)*

**Work, Career and Business:** The New Moon will exert a revitalizing pull that will be felt in your business affairs. You may use this lunation to perhaps resolve conflicts in a difficult situation with a person of authority or a co-worker. Control Mars' opposing tendencies; don't let him affect your words, your attitude or your emotions. Practice patience during this Martian trend and use diplomacy; if you do so you'll make serious progress. You may also use the tough energy of Mars to do some needed tasks around the office such as removing furniture; in any case, don't get hurt.

**Partnerships:** Even with the Waxing Moon, learn to keep Mars' impatience under control and use Venus' diplomatic gifts to save difficult situations. Everyone is so intent on having his or her own way and there could be little cooperation around you. It's time to practice tact with the same dedication as a diplomat. Impatience could be detrimental to you and others so use the knowledge found in this publication accordingly.

**Family and Friends:** With Venus' blessings upon us, you should try your creativity at home. Your fruitful Venusian imagination will lead you to creations of perfect interior designs. Realize your limits with troubled friends, and don't allow them to rely too heavily on you. As always, give spiritual support but avoid getting emotionally involved with their personal problems. You and your mate or family member can gain through financial endeavors, but discuss all possibilities before making any commitments. You might have an idea yourself that could be used; talk about it. Use what's left of the waxing Moon, so plan and enjoy a gathering this weekend.

**Love Affairs:** Don't let your relationship becoming shaky because you sense that the person in question may be deceiving in some way. Do not fall for your own insecurity, false information or a wild imagination. Avoid guilt in any of your decisions, and if you feel a change is unavoidable, trust your future. Expect much from a night out on Friday or Saturday if you take a chance on someone. Enjoy social life but don't drink and drive. Mars (*action*) and Neptune (*deception*) don't cohabit too well. When alcohol and speed are mixed, it can produce serious accidents. If

you are a Gemini, then Aquarius, Sagittarius and Libra will be strongly attracted to you. A friend born in April has a surprise for you.

**Travel and Communication:** Be vigilant if you must drive, and don't take chances on the road, as Mars' energy could make you careless. Don't let his aggressive nature make you complain about a person, and use your words cautiously. Venus has much more to offer, and it's your choice; so use your will and your knowledge. Someone from your past may call.

**Environment:** Some people will learn about fire the hard way. However, many thoughtful people will use Mars' power to further environmental knowledge on preventing fires in nature. As usual, Mars, the red and violent planet, doesn't seem to care much for the waxing moon. He may decide to pull a nasty trick with nature's devastating forces, where all the elements could be invited for a destructive dance. Explosions and fires are common during his reign, be aware.

**Famous Personalities:** The oblivious rich and famous may be Mar's victims or make sad news involving accidents, drugs or alcohol. On a positive note, Venus will shine and induce love to those often-lonely famous souls.

**Events:** The Martian energy is tough and has in the past produced explosions and accidents of all sorts; be prudent. Venus will put up a serious fight against her destructive brother and may save many souls. Violent and dangerous sports will attract many people challenging their respective sides. Some unsuspecting souls may fall victim to Mars and suffer head injuries.

**Shopping:** Invest in anything involving love, creativity or the arts. Show for whom you someone you care, the depth of your love. Under Mar's power, dangerous tools and machinery bought now will bring financial opportunities.

**SUN., MON., TUE., WED., THU. — APRIL 14, 15, 16, 17, 18:**

***RULERS — Mercury (Communications/Mail) and Moon (New Stars/Endings) (Love/Diplomacy.)***

**Work, Career and Business:** The blessings of a waxing moon are with us for a few more days; you should fight lethargy and depressions. Be confident, as much needed change is ahead for you and those you care. You may also consider using Mercury's mental agility to pass on new ideas to improve your business or communicate with the family. You could use these waning days to re-write or plan new advertisements or publicity. The telephone will be particularly busy but the news could be depressive. Don't leave the office upset you do not need to bring stress at home. Stay active and be mentally alert.

**Partnerships:** Dealing with others has and will always be a challenge for us all. Some of you have learnt hard lessons and the scars take time to heal; don't re-open them again. Move on to better ground, the future has always better to offer. Keep a positive attitude in your conversations and promote only the great times of your past. Some karmic souls will have to experience a rebirth of their relationships.

Whatever unfolds, accept the changes with confidence; the truth is that, life is a constant process of change and it always seems to be for the better.

**Family and Friends:** Mercury is fast and rules communication, so expect family members to get in touch with you via mail or telephone. Some will be invited to enjoy great cooking at their friend's homes. "*The messenger of the Gods*" loves to talk and throw jokes all over. Control Mercury's desire to exaggerate and do not fall for the negative things you may hear now. Keep in mind that your friends have the potential to fulfill all your wishes; get active in the social arena after the new Moon. As always, you might have a karmic debt with a long-standing friend; if so, you may have to experience annoyance. Try to clear it all up and you'll win the person back.

**Love Affairs:** Be ready for the beginning or ending of important love phases of your love life. Keep your eyes and ears open on the people you know as the Moon affects everybody. If you were born in July, someone much older or younger than you born in March, November or January will be attracted to you. A friend may bring you sad news soon.

**Travel and Communication:** Use Mercury's mental powers accordingly. Time to write those letters, as Mercury improves your mental faculties. He will reward you favorably if you decide to invest in your education or start a book after the upcoming new moon. Control his strong desire to be a "*chatterbox*," and save money on your telephone bill. Mercury rules transportation and general motion; he also makes people restless on the road. Under his command you should be a defensive driver. It's time to plan for your future travels, or visit parts of the world via great books. Wait for the next New Moon to launch the trip. You'll be glad to know and respect God's Universal Laws.

**Environment:** We are coming into a Full Moon period soon and some states will experience severe weather systems. If you are into videotaping lightning, storms, volcanic eruptions, earthquakes, etc., be ready for those soon. Some will see the beginning or ending of dramatic times. This may force thousands of people to relocate. Be ready for disturbing news soon that will force thousands of people to flee nature's destructive forces. Check my website regularly for additional predictions and to read my quatrains. This book works in conjunction with my home page as to teach you how to read Moon Power accurately.

**Famous Personalities:** Much too close to the next Full Moon for comfort next week end, thus some famous artist or important political figure will experience shame with love, and their children will be directly affected.

**Events:** Prominent political personalities either from the Russia, US, France or Japan will make an important announcement. The government may come up with drastic news or decisions that could affect many families in the future. Let's hope for the best.

**Shopping:** Invest faithfully in anything to clean the house or the office. Equipment purchased now will bring trouble to its owner. This is a perfect time to take care of your car. Mercury also rules literature and great deals on old books will be available under its influence.

**April 20, 2013 — Mars enters Taurus:** Wherever your Mars is located in your chart indicates the best man for a woman or how a man “*goes hunting*” for a woman. Mars regulates your desire principle and a strong Mars produces sportsmen. Mars will always promote the soul towards dangerous and competitive career endeavors. Be always cautious with Mars cruising a specific house and sign in your chart. Danger and aggression is its signature. It may be a good idea for you to know where “*The Lord of War*” in Greek Mythology is located in your chart at birth, or where it is now, so that you can use his energy constructively. Souls born now will be extremely artistic with a strong desire to establish security. Taurus rules Switzerland (*banking capital of the world*) and many financial corporation's subconsciously use the symbol of the bull to represent security and solidity.

**FRI., SAT., SAT., SUN., MON. — APRIL 19, 20, 21, 22:**

**RULERS** — *The Sun (Surprises/Love/Children) and Mercury (Siblings/Traveling/Telephone)*

**Work, Career and Business:** Some surprising developments are on the way, but with the Full Moon upon us don't expect them to make you happy. Progress will still be made in the few weeks ahead of you, but be ready for a bumpy ride. Take on new technical studies, or improve your knowledge of computers as this endeavor will give you better opportunities later.

**Partnerships:** Don't take any chances these days, keep a low profile; use Mercury's creative power to clean up a business situation. Important legal papers might come your way; sign them only if it is to get rid of an unhealthy situation. Whomever you come in contact with, don't misbehave in public.

**Family and Friends:** Keep busy with close friends and family; watch the children, as they will be accident-prone. In the past, many of them got in trouble or had accidents during this type of lunation. It's a great time to enjoy the people you know well, but because of the waning Moon, avoid overcrowded public places. Don't expect new people met under this lunar cycle to bring many of your wishes. Some friends have surprising even disturbing news for you and could affect you emotionally. Again, watch the children. They are accident-prone, especially on the road with fire, weapons and explosives.

**Love Affairs:** Expect an aggravating surprise coming your way and learn to let go of deceitful people. Do not invite interlopers into your home, and socialize only with the friends you know well. Make good use of the waning moon; learn to relax, enjoy nature and the sea, and look for inner peace. If you're single, a chance to find the "*right one*" will be given to you at a later date. What you may perceive as love, may enter your life but without much to expect. Use your head on Friday night, not your heart. If you were born under the sign of Leo, an Aries, an Aquarius or a foreigner born in December could be a source of trouble in your life. Wait for better auspices.

**Travel and Communication:** Not a time to take chances at flying; many karmic souls will pay the ultimate price. Expect all sorts of little problems arising, which could turn lethal for some unlearned souls. Anticipate disturbing telephone calls from friends in trouble; as usual, provide spiritual help but know your limits and stay clear of depression.

**Environment:** Earth activists will feel this puritanical lunation and will do all to protect nature and its wild life; some may fall victim to ill-advised conflicts with unscrupulous large organizations. Expect unusual oceanic or earth activity soon that could prove disastrous for the environment. Not good times to play with fire, as explosions are very high on my list of trouble for this specific trend. The news may bring about startling explosive developments.

**Famous Personalities:** Certain famous people will find themselves in difficult situations. Some will try anything to get the attention they need. Eccentricity is in the air and could lead to the use of force or involvement with the law.

**Events:** Expect massive power outages without readily known causes. NASA could make some bad news soon due to poor weather conditions or electronic malfunctions. On the positive side, some high-tech scientific news as well as great medical breakthroughs is on the way.

**Shopping:** Do not invest on anything electronic; you will not get a good deal. Do not invest in toys for your children now; they could prove to be fatal at a later date. Some will plan to travel to Europe.

**FULL MOON — April 25, 2013 in Scorpio:** Use extreme caution. The next two weeks are going to be trying and dramatic for some. Be ready for a rough journey. Disturbing news from foreign lands is to be expected. Pluto (*suicide/drama/death*) will bring a dance of destruction to this world where fanatic religious young souls will impose their deadly, righteous, dogmatic views on others. Powerful transformations in the world of faith and the church are ahead. The previous wake-up call provided by Pluto's impact on the WTC on 9/11 will induce a form of awareness, but also a death and rebirth for some people. Pluto will bring to light the shameful manipulation, sexual and financial secrets of organized religions and some of their religious leaders. As always with the Lord of hell in charge of this trend, better think twice before saying or acting on impulse. Expect nature's devastating forces to be active, and secrets, affairs of sex, and finances to be divulged. The police and blackguards will make the news. **TUE., WED., THU., FRI. — APRIL 23, 24, 25, 26:**  
**RULERS — Venus ( Love Triangle/Passion) Pluto (Sex/Drama)**

**Work, Career and Business:** Chances are that your boss may not be aware of the power of Pluto and could make your life miserable. Odds are also that many countries' leaders are totally ignorant of the power of Pluto and may decide to make hasty decisions that will bring death to many people. Do not take anything too

personally and forgive anyone's sharp sarcasm and destructive tempers. A wake-up call for some karmic souls where reality must be accepted is around the corner.

**Partnerships:** On a waning moon period, never take a Pluto trend lightly as his impact is usually dramatic and could produce serious stress in your partnership and its future. Use all the diplomacy you know as anything you say or do will have serious repercussions. Not a time to play with anyone's emotions; stay cool in all you do. Changes must take place, as life is a constant process of change itself.

**Family and Friends:** A financial or sexual secret will pop out from a person close to you; be sure to keep silent if you intend to keep this relationship. If you decide to speak up and force the truth on this person, keep cool and do the clean up gently. Don't expect anyone to be sensitive or respond to your needs. Instead, be ready for bitterness and harsh comments. Don't let Pluto's sarcastic nature destroy the serenity of your home life. Many ignorant souls will pay the heavy price of ignorance and lose much in the process.

**Love Affairs:** A surely stressful time is ahead for some, with Pluto's desire to demolish it all. Beautiful Venus will make you quite magnetic these days. You could become a prime target for some Plutonic soul's thirst for sex. If you become active on the dating scene, don't take chances on strangers; protect yourself and avoid heavy drinking. Pluto knows how vulnerable you are to his power when under the influence, and he will teach you one of the hardest lessons in your life. Relationships started now could be of a destructive nature, filled with jealousy and drama, and could lead you to harm or even death. This dramatic relationship could also be of a karmic nature but hopefully short lived. Be very aware out there and avoid negative group situations. Your intuition will be very accurate and should be followed with full trust. For those born under the sign of Pisces, a Scorpio or a Taurus will be strongly attracted to you. A Cancer friend has disturbing news for you.

**Travel and Communication:** Be smart and patient on the road we are under a dangerous "*Super Nova Window*." Avoid the sarcastic remarks of others, and be aware of Pluto's desire for drama. Some people may call you for advice or share their secrets. Better keep it a secret for now, as Pluto does not like to talk. Pluto may decide to take many human lives in dramatic accidents or terrorists act.

**Famous Personalities:** You will most likely hear more about the infamous than the famous under Pluto's command. Venus will try everything she can to subdue

her violent brother and smooth things out. The great loss of an old and eminent political, religious or entertainment figure will vex or upset the media.

**Events:** Expect dramatic headlines like the following news from the police force. These were taken from [www.drturi.com/police-requiem/](http://www.drturi.com/police-requiem/) a site dedicated to the police.<sup>1</sup>

**Shopping:** Buy anything related to sex, spying, metaphysics, and especially healing products. Do not purchase guns, knives or anything that could kill humans under Pluto's power. They may be used against you or your loved ones. Invest in dangerous pesticides to use in and around the house, they will work perfectly.

SAT., SUN., MON., TUE. — April 27, 28, 29, 30:  
RULERS — *Jupiter (Rescue/Religion) and Saturn (Karma/Obligations)*

**Work, Career and Business:** With Pluto's dramatic experiences behind, many will keep low profiles and accept the intense transformation. With benevolent Jupiter, the future has much more to offer, and now you should be more confident in all your dealings. Jupiter, "*the Lord of Luck*," will make this transition easy and may even decide to throw you some luck; listen to your intuition and keep a positive attitude. A new career or a new beginning is on the horizon. Have faith and pray.

**Partnerships:** With Saturn's touch you can expect to work harder to organize or rebuild. For the hard-working souls, a promotion of some sort is coming your way. Your career will also be on your mind, and serious decisions will have to be made soon. Nothing comes easily; one must strive and plan if he is to succeed. With the Full Moon upon us, you might have to let go of someone or a portion of your business life soon. Let go.

**Family and Friends:** You may receive or give presents to the deserving family member or dear friend. Take the time to enjoy the week and the good food offered to you and if you decide to socialize during the night, you should be aware of the

waning Moon. A foreigner could make you happy and further an important wish. An older person has something to share with you, listen to the advice.

**Love Affairs:** Someone you have known for a while, much older or much younger, could surprise you — Don't be shy with life; take a chance with someone you care for; there is plenty to gain in the long run if this person came into your life in a waxing Moon. This endeavor may lead to an opportunity to further your career. If you were born under any of the earth signs, avoid the Full Moon's depressing power. If you are a Gemini, a Libra or an Aquarius will be getting closer to you. Listen to a friend born in April.

**Travel and Communication:** Expect your telephone to be busy but the messages won't be too good. Don't try to be in so many places at the same time. If you have to drive, take extra time to get there; don't rush, as the police could spoil your day. A brother or a sister needs to talk to you. Keep a positive attitude; positive people attract positive experiences. Remember a magnet won't attract a piece of wood.

**Environment:** In a Full Moon time, Mother Nature may decide to stretch herself and surprise some. Environmental groups will become active and will receive support from the media to save the earth from uncaring corporations. The earth will be active soon; stay clear of bridges as much as you can. Don't take any chances for a while.

**Famous Personalities:** The great loss of an old and eminent political, religious or entertainment figure will trouble the media soon. A group of people will work hard to help those starving in an area affected negatively by nature. Life goes on.

**Events:** Some terrorists groups may get really ugly. Surprising destructive explosions are on the way.

**Shopping:** You may spend money on your pet or invest in anything to be used in nature of for your pet. It is surely a good time to spend with those you know well, as Jupiter will replenish you with fresh air and a new approach to life.

## Welcome to Your Day-To-Day Guidance For May 2013

**May 2, 2013 — Mercury enters Taurus:** It's a perfect time to review a new financial endeavor or investigate the possibility of future investments. Empower yourself to structure your financial security and sign the legal forms after the new moon only. Souls born now will inherit a natural gift to handle corporate money and will slowly and surely secure themselves financially. These souls are born financial planners, and much of their patience will pay in the long run. A top position offered to the soul to lead corporation involving the communication the arts and beauty. They must learn to let go of the wrong people without resentments. Taurus rules the throat and Venus will endow those lucky souls with musical talent, some great singer will be born today.

WED., THU., FRI., SAT., SUN. — MAY 1, 2, 3, 4, 5;  
RULERS — *Uranus (Explosions/Surprises) and Neptune (Oil/Middle East)*

**Work, Career and Business:** Combined with the Full Moon, Uranus may make you feel erratic and Neptune may make you feel depressed and overemotional at work; this could lead you to think about a new job. Keep your eyes and ears open; with Neptune's "dreamy" nature, you are prone to making serious errors or forgetting something important. Do not sign any contracts now; in the long run, you will be sorry if you do. Be patient and wait until the next New Moon.

**Partnerships:** Crazy things may happen now; do not make a fool of yourself in public. Things done or words said without forethought might bring trouble later. Use your will; be positive in all you say. Expect disturbing news by mail or telephone but avoid fears, as insecurity could take over your common sense; all

will be fine, there is a Divine plan for you. This timing is ideal for meditation and renewing your faith in each other and the universe. You must control negative thoughts, even if many things around you do not seem positive. Have faith in yourself and those you care for during these days.

**Family and Friends:** Spend some valuable time with your family. Do not expect the affairs of the heart to progress or get better for a while, and teenagers may get themselves in trouble. Watch for the use of drugs, as Neptune will lead them towards wrong friends. Give them solid direction and be ready for some friction. Depressed friends may call you asking for spiritual support or direction. With Neptune, confusion and deception is in the air. If you socialize during the night hours, keep your eyes on your possessions as they may disappear. Don't misplace your keys. Avoid complaining about life's problems to those who care about you.

**Love Affairs:** Love and romance may suffer as during a waning Moon, Uranus' erratic emotions may preside and disturb your relationship. Be patient with the partner and use diplomacy to save trouble. However don't let someone else's problem get to you and affect your feelings. If you were born in August expect a Gemini friend to give you disturbing news soon. A friend from a foreign land may bring better but surprising news soon. All fire signs will suffer this lunation emotionally, so try not to let it happen to you, use you will. If you are a Leo, Sagittarius or Aries remember the waning Moon and be patient.

**Travel and Communication:** If you can, avoid flying during this trend unless you made your reservations before the waning Moon. Protect yourself against aeronautic accidents; *(use "Moon Power Starguide" and your knowledge, take no chances. This is the perfect time to pass on the light and talk about Moon Power Starguide's guidance.)* Avoid drinking and driving at all costs; many accidents happen under Neptune and Uranus' iniquitous energy. If you have to play or travel be aware of the ocean or the river these days.

**Environment:** Expect bad news about quakes and the possibilities of sea/air accidents. Many naturalists will be upset and some groups will make dramatic decisions followed by dangerous actions. Nature will start to go berserk and may throw a cluster of negative weather patterns such as tornadoes or earthquakes in the near future. Remember the series of tornadoes outside of the regular season and in Florida in 1998? Uranus was in charge then.

**Famous Personalities:** Under Uranus power the British Artist John Michael made weird news in Los Angeles in a public bathroom, again surprising Uranus (*weird*) and Neptune (*kinky sex*) was in charge. Remember another British singer O'Connor? She cut up a picture Pope's face on national TV in one of her performances, right in front of the entire audience. Again Uranus (*freedom*) and Neptune (*religion*) were in charge. Many unaware famous daredevils will lose their lives because they have no knowledge of the stars' impact on human affairs. Do not take chances after the Full Moon, ever, and all will be fine.

**Events:** Under Uranus' powers expect anything weird and explosive to take place. New from Japan or earthquakes are high on the list. Stay clear of strangers and any suspicious packages, especially in airports or dams. Let's hope for the best!

**Shopping:** Provide spiritual guidance and support to all in need. Many will fall victim to Neptune's deceiving and Uranus' eccentric wills. Do not start any medical prescription now; you would further a disaster on your health later on. Some people out there are not aware of the stars' impact on their lives and may decide to jump from a bridge or a plane and take chances; good luck to them. You may invest in my work for them, mention or offer them *Moon Power Starguide* this can and will save them trouble. Avoid investing in any form of electronics; a nasty virus may get to your computer.

**NEW MOON — May 10, 2013, in Taurus:** The peaceful planet Venus rules this sign. However, combined with the magnetic pull of Mars for the next few days, we may experience explosions, accidents and damaging earthquakes. Hopefully, gracious Venus will stop her turbulent brother Mars from disturbing the earth's entrails or produce serious drama and wars. Use this lunation to

further your finances and utilize Venus' diplomatic power to deal with others. If you play your cards right she might also reward you with love. Money will play an important part of this lunation.

**Pisces** ♦ Interesting surprises by mail or telephone be ready, a trip is ahead.

**May 10, 2013 — Venus enters Gemini:** The planet of love in the sign of flirtiest Gemini. Souls born with this celestial gift will need mental stimulation and express themselves with love at all times. Unless the partner is animated, boredom will bring about a swift break. Great ability is often found in poetry, writing, photography and drawing. A natural zest for diplomacy and learning foreign languages is often found with this position. The soul could also marry a foreigner and reside in a foreign land during the course of this reincarnation. Expect lots of great news, and to spend money on anything that writes, reads, rolls and speaks. Horses, cars, bikes or anything with wheels are offered.

**MON., TUE., WED., THU., FRI. — MAY 6, 7, 8, 9, 10:**

**RULERS** — *Mars (Danger/Men) and Venus (Docile/Women)*

**Work, Career and Business:** The Moon is still waning (*negative*) so think twice before committing to an investment program. A powerful hunch might save you trouble if you are unsure about a person or a business scheme. Don't let Mars affect your judgment; be patient with everyone around. Expect upsetting financial news; don't let it get to you, you can only do so much. The future will offer better opportunities. Wait patiently for the next New Moon; right now just clean up and reorganize.

**Partnerships:** As usual with Mars' aggressive personality, expect all sorts of trouble with partnerships. As always with the Lord of war around these days, you are seriously advised to use discretion in all you do or mention to avoid serious complications. Keep in mind that the Moon is waning (*negative*) so don't expect progress in any of your endeavors for now. Finish up a project or re-evaluate a situation, but most of all be patient.

**Family and Friends:** A difficult trend is taking place; do not let it get to you. Use your will and look for happy people. *Moon Power Starguide* is preparing you for this type of celestial affliction; take a passive attitude and all will go your way. Use Venus' loving touches with practical advice to provide spiritual help to those you care for, but realize your limits. You need your own spiritual strength to face those tough stars and you can do it.

**Love Affairs:** Expect some secrets to be divulged, especially the ones related to sex or financial scandals. Venus' gentle nature will reward you if you use her diplomatic, loving powers to smooth things out. Better stay home and enjoy good food during the late hours. A great movie with the one you care about this weekend is your best shot. Many will fall prey to con artists and weird sexual endeavors. If you are a Virgo someone born in March, a Taurus or a Capricorn could be looking for you. A Cancer friend will give you good advice, but do not complain too much if you want to save your friendship. Stay clear of alcohol consumption.

**Travel and Communication:** The people of your past will soon show up. After the Full Moon always stay clear of suspicious deals. Deal with the people you know and avoid dangerous dark alleys. Keep your eyes open and your personal alarm (*intuition*) on all the time. Mars rules man's animal instincts and he could stimulate one of his aggressive children (*Mars in bad aspect*) to hurt you, given the occasion.

With any trouble on the highway, stay inside your car with the doors secured. Many violent crimes have been reported during this type of energy, especially when drugs or alcohol are involved; take no chances.

**Environment:** Soft Venus will try to stop her violent brother Mars and his friend Pluto from stirring the earth's entrails and producing earthquakes, explosions, volcanoes and disasters. In time of a waning Moon and with a Supernova window in action she might not have much influence. Be ready for destruction from both Pluto and the red planet, Mars, "*The Lord of War*."

**Famous Personalities:** This same type of energy has taken the lives of many famous people, sometimes dramatically. Drama, sex, and scandals of all sorts will go public and may induce suicidal tendencies in some prominent people. Stay clear of any chemicals and be aware around the water.

**Events:** Mars is like Pluto in some ways and will stimulate the villains; expect them to be nasty and active during this trend. Again, do not trust strangers and do not put yourself in any situation that could make you a potential victim. The police will make disturbing news and many officers will be dispatched to cool off situations, especially those of domestic violence. If you are in law enforcement, beware; Mars or Pluto could hurt you; don't take any chances.

**Shopping:** Do not deal with finances these days. Avoid investing in tools or sharp instruments. Some will get bad news from their creditors and bank accounts or credit cards will be a source of trouble. Do not open a bank account now; the negative energy will induce unneeded financial stress in your life.

SAT., SUN., MON., TUE., WED. — MAY 11, 12, 13, 14, 15:

RULERS — Mercury (*Good News/Travel*) and the Moon (*New Beginning/Moving*)

**Work, Career and Business:** Great news is to be expected soon in the work and career scenes, and progressive changes are on the way. Make the most of Mercury's intellectual powers to review your business life and do some financial planning. Concentrate on everything important, and then go for it with faith. Lots of progress is ahead, make the most of this positive trend. As always drive with caution, don't let speedy Mercury ruin your day with the police.

**Partnerships:** The Moon is up and happy for the next few days; do all you can to further your partnerships and if you have to, let go of your past and look for someone else. There are plenty of great souls walking this earth; just ask for your happiness and let go of the past. Use Mercury's strength to take a trip with your partner.

**Family and Friends:** Your maternal instinct will show itself to your children. Share your knowledge with friends; help them to understand some of the secrets of life and make them understand their emotions, which are regulated by the Moon's passage through each and every sign of the zodiac. The subconscious response to the moon's fluctuations upon humans is referred as "*lunatic behavior or moodiness*" and right now she will make you and others feeling happy. Expect the beginning or ending of important parts of your or others' life. Expect some surprising news from the children. A close friend needs your attention to deal with an emotional situation. Give help.

**Love Affairs:** Realize your limits with the wrong people, be honest with your feelings and make the needed changes. Your own future, positive or negative, is mostly based upon your decisions, and is the reincarnation of your thoughts. An old friend who lives far away may need to communicate with you, use Mercury and write those letters. The mail could bring you great news and everyone will want to talk to you. If you are a Virgo a Capricorn or a Pisces will want you. Someone born in July needs to spend some time with you very soon.

**Travel and Communication:** If you have to travel for business purposes, do it now and always use the two weeks following a New Moon to do so. Don't let insecurity stop your progress, and promote important business now. Expect the mail and your telephone to bring you interesting news. Many will be going back home while others will have to go away.

**Environment:** The Moon's waxing energy could induce stress on the faults, so that many people will be forced to relocate soon following natural disasters. It's time for her to stretch herself and restructure her inside. Mars is still in Scorpio; be aware of fires and destructive emotional behaviors.

**Famous Personalities:** The rich and famous will be investing or planning reunions to feed the children of the world. Their artistic gifts will benefit many generous organizations. Some other crazy famous people may make surprising news trying to use Mercury's (*the press*) power to gain free publicity.

**Events:** Expect the military to make the news or perform deeds that will aid the general public and provide relief from disasters or war areas. Nature will begin to feel agitated under this celestial manifestation.

**Shopping:** Buy anything that your home or garden needs. You are under the protection of the New Moon, thus signing anything related to real estate, hotels or restaurants is okay. Share my valuable forecast on [www.drturi.com](http://www.drturi.com) or offer my *Moon Power Starguide* and its accurate guidance for someone's birthday, or offer a comparison chart for a newlywed couple.

**May 16, 2013 — Mercury enters Gemini:** Speedy Mercury enters his own sign of Gemini. You will feel like talking about traveling or furthering your business and emotional relationships. Be prudent on the road as Mercury rules cars and speed. Many people driving with you are not aware of this celestial activity and could pay the price of their cosmic ignorance. Make good use of "*Moon Power Starguide*" and keep reminding yourself of this fact and your real knowledge. Your telephone will be red hot and action will be everywhere. Mercury rules all the motion parts, your arms, fingers, shoulders, etc. Don't let him crack some of your bones because of impatience. Be prudent and be patient in all you do and you will be protected. Investing in a car after the New Moon may protect you from violent death.

THU., FRI., SAT., SUN., MON. — MAY 16, 17, 18, 19, 20;

RULERS — *The Sun (Love and Light/Children) and Mercury (Trip/Siblings)*

**Work, Career and Business:** Don't let the egotistic power of the Sun take over your management skills. Keep in mind that we are still human and have egos that sometimes get out of hand. Make the most of the Sun and Mercury's revitalizing energy to further your business life. Interesting progress and surprises are on the way. You've been waiting for this New Moon long enough; push now.

**Partnerships:** We are under the white power of the Moon and you can also feel the valiant Sun's strength light up your life and your relationships. This is the time to offer presents or flowers to those for whom you care. You should nurture happiness and feel rejuvenated; your spirit is free and happy. Use this long-awaited New Moon to your advantage; get active with life. You may hear about a birth soon.

**Family and Friends:** Remembrance of the he past will activate for many, and great time is ahead. Let the golden protective Sun's rays further everything related to children, love and creativity these days. A trip to the wild or the zoo would be rejuvenating for the entire family; get your camera as those laughs and sincere smiles are priceless. With Mercury's speed affecting the kids, and dangerous Mars in Scorpio watch over them carefully around the water. If you feel confused about a situation, Mercury will help you find the perfect words to fix the situation. Expect interesting surprises coming your way via telephone, mail or social activities. Use this powerful lunation to your advantage; get yourself in shape and do something different this weekend.

**Love Affairs:** Time to get active as love can be found practically anywhere, especially if you set your mind to it and participate in all events. Throwing a party will pay off for some people and love may just enter your own home. Again don't stay home if you are invited to a gathering; the Sun may reward your heart's desire. One of your important wishes is in the hands of a friend; don't miss the party. If you were born in May, a Scorpio or a Virgo will be strongly attracted to you. A friend born in March or January may need your help.

**Travel and Communication:** Use all the beautiful words you can come up with. Everyone will sparkle with the Sun's power. Make plans now for a trip close to the water. Let your loved ones know that you miss them and that you'll be there soon. Travel is under the protection of the Sun but please remember the Supernova window and dangerous Mars in the deadly sign of Scorpio.

**Environment:** The Moon will make hard aspect to other planets these days and this will remind us of our vulnerability to the shocking destructive forces of nature. With the new Moon upon us, let's hope no earthquakes will come to remind us that the earth is still very much alive. Trouble may be coming from an accident involving children. Again, keep your eyes open, especially close to the water.

**Famous Personalities:** Many new figures will show up on the entertainment field and much work will be done to produce the finest in the arts. Great movies are being made and expected to appear in the fall. Some famous actors will get in or out of business and love relationships. A famous personality will make weird news.

**Events:** Are you into the extraordinary? If so, go to the desert now; bring your camera, as this energy activates UFOs sightings. The Sun's light brings the undiluted truth to whoever wants to see or experience the incredible power of the

divine. Nature may do things of her own and disturb power and electronics in some areas. Be aware of Mars and children producing accidents including explosions, earthquakes, tornadoes and volcanic eruptions are high on the list.

**Shopping:** Buy anything expensive: gold, cars, and electronics for the children. Presents bought now will bring luck to both of you. Invest in all that shows true love and you will win the heart of that person later. Now is the perfect time to invest in the light and my Astro-Psychology course and learn all about the stars.

**DON'T BE A VICTIM OF THE COSMIC CODE,  
RESPECT GOD' SIGNS! Read the "DO and DON'T!"**

**TUE., WED., THU., FRI. — MAY 21, 22, 23, 24:**  
**RULERS — Venus (Passion/love) and Pluto (Death/Drama/Sex)**

**Work, Career and Business:** The Moon is waxing (*positive*) and much can happen as long as you understand how to use Pluto and Venus' energies positively. Promote your business life now: advertise and reach the people, travel. Do that and soon your telephone will be busy and the mail will bring awakening news. You will be soon being forced to realize what is wrong in your career, and the needed changes are on the way.

**Partnerships:** A new plan is needed to succeed in your endeavor; use this trend to get rid of whatever or whoever is bothering you. Expect some secret to resurface

soon. Nothing can really go wrong if you use Venus' diplomatic gifts to deal with others and aim high. Diplomacy with others will pay off.

**Family and Friends:** Expect shocking news from people around you; you might get in touch with some of your friends for a good chat. Do not fall for gossip; you may end up sandwiched between two friends. Use the positive Moon and Venus kind-hearted natures to promote your life. Surely a good time to appreciate your loved ones or plan a dinner at home, or maybe just see a great movie. Avoid Pluto's sarcastic remarks or you might be sorry later. Many will experience drama in their own homes, keep the police away.

**Love Affairs:** Combined with Venus' sensuality, Pluto will give you the power to "*stimulate*" your partner in many ways. Candlelight, soft music and words of love will pay off considerably if you are in a solid relationship. This is a trend loaded with powerful emotions and good energy, where nothing can go wrong if you play your cards right. A foreigner could play an important part in this trend and later in your future. If you were born under a water sign you are advised to keep your emotions in control. If you are a Gemini, a person born under the sign of Libra or Sagittarius will be strongly attracted to you.

**Travel and Communication:** The call of nature will be strong for many. Enjoy the wild and water and make plans for fishing trips. The river and the sea have lots of fish to give away and for some magical reason they will all bite the bait. Drive slowly; don't spoil your day with a speeding ticket. Watch over Pluto's destructive communication and use Venus' diplomatic manner instead.

**Environment:** Many mother earth supporters will march to be heard by government officials and they will succeed in their requests to save the environment. Pluto is about to show mankind the awful power of destruction. Dramatic news for some unlucky souls is to be expected.

**Famous Personalities:** Legal action in the news from a famous entertainer. Another famous figure may have to leave this world.

**Events:** This energy will touch the police force so don't take any chances now. The police will make disturbing news, as Pluto will induce drama and death. Expect nature to get out of hand, and accidents to plague the media.

**Shopping:** Cameras bought now will take dramatic pictures or will be used against criminals. Invest in anything that will be used to clean up your environment. Good metaphysical books can also be bought and used for your own mental progression. Spruce yourself up by brightening your wardrobe. **FULL MOON — June 25, 2013 in Sagittarius:** Disturbing news from foreign lands is to be expected. Jupiter, the Lord of law and religion, will impose his righteous, dogmatic views on some lost souls. Dramatic transformations in the world of faith and the church are ahead. The previous wake-up call provided by Pluto's impact will induce a form of financial death for the Vatican and a rebirth for some people psyche where exploitation fear, religious poisoning and ignorance

won't prevail for long. Pluto will bring to light the shameful manipulation, sexual and financial secrets deals of organized religions and some of their religious leaders. Pluto is still interacting with Uranus to further the truth and the new Age of Aquarius against the dying Piscean age. **SAT., SUN., MON., TUE. — MAY 25, 26, 27, 28:**

*RULERS — Pluto (/Drama/Rehabilitation) Jupiter (Foreign Grounds) and Saturn (Government)*

**Work, Career and Business:** Jupiter's positive energy will help restore faith and new opportunities in your life. You could use this trend to gather your thoughts and get close to God in your local church or in nature and enjoy the wildness. Keep your notion of life clean; avoid poisoning your future with negative attitudes. Pray for the world, for the children of the future. Many of those restorative thoughts are needed, then slowly but surely a healing process will take place. With the New Moon upon us you may begin to see the light. Signing important documents is okay while the moon is still waxing, and valuable opportunities are on the way. Be ready for the beginning or ending of important parts of your life.

**Partnerships:** A new business partner wants to share a great plan with you; it probably is! Don't rush. Listen to your intuition before and add your own creative force in the process. A foreigner could also enter the scenery and the meeting could positively affect your future. Avoid tensions this weekend about a specific project or trip. Nothing can really stop you if you mean business. Keep a positive attitude.

**Family and Friends:** Friends will be active and many will be requesting your presence. Do not refuse invitations. The waxing Moon through your great friends can still grant many of your wishes. You may plan to throw your own party with some good friends this weekend. Keep your eyes open for an older person with good deals or kind words to offer. Kids sense that they are the center of attention, be patient with their demands. If Mom is far away, she may call you; don't dwell

on the past and avoid gossip. Be happy. Don't let other people's trouble upset you, and all will be fine.

**Love Affairs:** Socialize with friends and have faith in the stars. You will feel positive away from home with the people around you. They will enjoy your company and one of your wishes may come true. Avoid impulsive actions where romance is concerned and drive carefully on your way back home during the late hours. Do not fall victim to Saturn's gloomy power; forget about your responsibility, go out, meet new people and expect a lot. If you're born in January or September, your magnetism will be high and you could find love. The future has better to offer, so put a big smile on your face and be confident. Progressive changes are ahead; be patient and participate in life. If you were born in August, someone born in April, or an Aquarius or Gemini could be strongly attracted to you.

**Travel and Communication:** Saturn rules old people and parts of your past. Take care of the old people you love. Make these days' good ones, as those folks might not be around for the next cycle. Some will plan to travel far this weekend, and some just around town to meet their pasts. Be aware of early celebrations as people could drink too much and drive dangerously. Stay safe and watch the roads. Many will find themselves with car problems or stuck in airports. City workers may also decide to cut off traffic making you late for work.

**Events:** Jupiter may decide to entertain us with some new from foreign powers. Under Saturn's power, people challenge governmental structure. For instance a few years ago the news reported that many Taliban fighters asserted authority in northern Afghanistan. Warlord Dostum flees to Turkey. Taliban fighters moved swiftly Sunday to assert their authority over this northern stronghold, whose capture nearly completed a three-year campaign to unite Afghanistan under the white flag of the radical Islamic army.

**Famous Personalities:** The rich and famous will busy themselves to alleviate pain in the world.

**Events:** A political person may make surprising news. Be ready for startling news from a foreign land soon. The Middle East, Mexico or a Spanish-speaking country needs help.

**Shopping:** Invest in traveling or learning a foreign language, and you will have a rewarding time ahead of you. Use Jupiter's philosophical values to improve your consciousness, or plan to start an important study. Invest in anything for your pet.

**May 31, 2013 — Mercury enters Cancer:** The Lord of communication in the sign of home and family will instigate worries about home, food and general security. Be aware of children sensitivity and hopeful at all times. On a more productive note, use this powerful planet to find a way to communicate and provide security to your loved one or use your mental power for any real estate task. Souls born with this celestial gift will be geared into general security and will own a powerful intuition. This Mercury position breed real estate icons and the moon fluctuations seriously afflict their judgments and feelings. They are all strongly suggested to watch the moon whereabouts in the *Zodiac Moon Power Starguide* as the perfect tool to do so. They also need to check on their personal Dragon dates for any and all endeavors.

**WED., THU., FRI. — MAY 29, 30, 31:**

*RULERS — Uranus (Explosions) Neptune (Deception) and Saturn (Government)*

**Work, Career and Business:** — Do not expect to make much progress for a while; many of your plans will fall apart. Listen to other people's stories; the stars affect everybody and they may come up with interesting, even surprising news. Be ready to invest in some appliances or equipment. Saturn will help you make some great adjustments after careful planning. Wait for the next New Moon for more progress.

**Partnerships:** With Uranus in charge, anything and everything unusual can happen and with a waning Moon (*negative*) upon us, do not expect great news. Restaurants will be busy; better make reservations if you don't want to be turned down. However, any changes should be accepted with faith in yourself and the new future. Be patient with everyone, as Uranus may make them eccentric and Saturn depressed. Avoid drinking at night.

**Family and Friends:** An opportunity to meet with some family members you have not seen for a while will be given to you by this lunation. The past will come alive again and an old friend will reappear soon. A person who owes you money sincerely wants to repay, but may be in such a difficult set of circumstances that he can't. Be patient as he may repay you in a different way. A friend who has invited himself and who has been a house guest for a while may need a little push to get him out of your domicile. Providing help is great, but let people know your limits.

**Love Affairs:** Be ready for the incredible to happen; if you are in a karmic relationship, changes are needed. Friends may fall in love with other friends or mistake love for friendship. An old love or an old friend long gone will reappear in your life soon. If you were born under any of the water signs expect needed changes. If you are a Libra, a Leo friend needs to talk to you and someone born in April or February needs to understand you. A friend born in June might fall for you.

**Travel and Communication:** A business trip or an invitation may lead you to many good contacts from the past. However, you might have problems getting to the given address and may get lost a few times. Be patient, as you will still have plenty of time to play and enjoy yourself with various unusual people. For paranormal investigators, now is the time to look for UFOs in secluded places. Don't forget your video camera; you may be sorry if you are not ready when Uranus is willing to display the secret of extraterrestrial intelligence. Stay clear from tall

trees and posts to avoid lightning; many people met with their deaths in stormy Uranus trends.

**Environment:** General electronic failures or viruses could produce aeronautic disasters soon.

**Famous Personalities:** Very surprising behavior or news will come from the rich and famous. Disturbing and sad news about a famous child could reach the media. Fire and electrocution are also high on the list; be aware.

**Events:** Uranus loves accidents and explosions; under his power expect surprising and original pieces of news such as: Four people died when a Marine Corps electronic warfare plane went down in the desert. It was the third military plane crash in two days. Two teenagers were killed when a butane pipeline broke and exploded in northeast Texas Saturday. Lastly I gave the date of August 18th on my newsgroup and asked the readers to be prepared for “*electronic failures*.” On the exact date (*posted months earlier*) NASA shuttle lost his main computer in space and made international news. The costly loss of the Mars probe took place under this disturbing Uranian energy. Watch the children at all time.

**Shopping:** This is not a time to purchase new electronic equipment or plan a long voyage by air to a foreign land. As always, Uranus rules the future, and his psychic powers can be used through your trusted local psychic or astrologer. Second-hand shopping of Hi-tech will pay off for some.

## Welcome to Your Day-To-Day Guidance For June 2013

**June 3, 2013 — Venus enters Cancer:** Perfect conditions exist to launch any financial or real estate endeavors. Home improvement, and buying or selling a beautiful house is on the agenda for some. You may also invest in anything beautiful for your home. Souls born now will be soft and emotional in matters related to love and family. They will make money in hotel and restaurant business endeavors. Many of them will strive to find partners who will exchange deep emotions and spiritual research. Some will have to learn to let go of wrong relationships. This position makes for one of the most sensitive signs of the Zodiac. Usually the gift of cooking is present with this position. Those souls are born to feed the world with food and love. This position of Venus is a top position for financial security, communication and success in real estate.

SAT., SUN., MON., TUE. — JUNE 1, 2, 3, 4:

*RULERS — Neptune (Religion/Drinking) and Mars (Disagreements/War)*

**Work, Career and Business:** Use Neptune's intuition and meditation, as great tools to face setbacks and difficulties. Don't let the waning Moon bring you down; reevaluate your business ventures. You may need to take more time to focus clearly on your future and create a vision that will become a blueprint or a pathway. New goals require hard work, but you have all the needed tools to make them happen. Be confident of your abilities and steady in your efforts. Do not give up on your dreams and be practical.

**Partnerships:** Gloomy Saturn in the sign of Cancer may induce insecurity or financial worries. He may force many of us to find practical ways of restructuring our finances and experience forms of rebirth. A word of caution about Saturn's depressing nature: be patient and use his structural power to your

advantage. You must get rid of feelings of insecurity as they could seriously affect your partner-ships. A good investment would be in financial planning, to promote your business sense. Under his command you could also improve your planning abilities. With Jupiter (*learning*) in Virgo (*health*) you may be able to regenerate your body by starting a good and productive diet. Complete or start a spiritual study and you will experience the realization of an important wish.

**Family and Friends:** Take care of your health without being overly concerned with it; Neptune may produce melancholy and vivid imagination that could affect the “*Temple of God*,” your body. You and your loved ones will feel a lot better after the New Moon, be patient. Eat right and get plenty of exercise. A better attitude will help you through this negative lunation. Keep away from alcohol and Neptune’s depressing effects. Use words of support for the victims of Neptune’s gloomy mode.

**Love Affairs:** You may have an attraction for an interesting happy person, or you may be asked to take a trip soon. Some will start a secret love affair that will bring deception in the long run. Love can be found close to the water this weekend, but don’t count on the promises you may hear. If you were born in October, an Aries or an Aquarius will be strongly attracted to you. A movie at home is your best shot for now, be patient with life.

**Travel and Communication:** Stay clear of alcohol consumption if you have to take the road. You might have to go back in your past and enjoy some old friends soon. Take plenty of rest if you decide to take a long trip; Neptune may sap your energy and make you feel sleepy on the highway. Chew gum if this happens to you, Neptune hates it! You may not arrive on time but you will reach your destination in one piece. Be patient and courteous to others as the waning moon may make them aggressive and impatient. Check your wheels before leaving on a trip.

**Environment:** The Titanic sank when Neptune, “*Lord of the Seas*,” got angry.<sup>1</sup> Especially after the full moon, he likes creating huge waves and sinking ships. The weather will turn out really nasty and may stop you. You might have to reschedule some of your plans. Be patient.

---

<sup>1</sup> That phrase was printed in the 1993 Starguide Moon Power. I gave the date to watch as January 6th, 1993. The following disaster was reported by New York Times on Thursday January 7th, 1993: The Liberian oil tanker Braer sank yesterday off the Shetland Islands. Rough waters prevented the containment of what officials said could be an environmental disaster. Many devastating oil spills have happened under Supernova windows. Let’s hope I am wrong this time.

**Famous Personalities:** Prominent religious figures will make sad news, some involving drugs, sex and alcohol. Some water sport individuals are in serious danger now. Bad news for the Pope or religions in general.<sup>1</sup>

**Events:** Towards the end of the week Mars is growing stronger and may decide to create serious trouble with nature's forces. Expect devastating news of explosions, earthquakes, tornadoes and very uncooperative weather. Better stay home these days or be extremely prudent in your words and actions.

**Shopping:** It's a great time to conclude artistic projects, but avoid starting new classes involving the arts now. Don't invest in your future yet, and stay away from psychics. Their caring spirits will suffer Neptune's illusion and deception. Much depends on your awareness of Mars' dangerous temper to save children from trouble. On a more positive note, Mars will deepen your creativity and may lead you to invest in new metaphysical studies. Buy on candles and do the cabalistic candles ritual. Burn white, blue and green candles and use incense to purify the environment and your spirit.

WED., THU., FRI., SAT., SUN. — JUNE 5, 6, 7, 8, 9:

RULERS — *Venus (Love/Romance) and Mercury (Talking/Transportation)*

**Work, Career and Business:** The most harmful of both of these planets' energy is to be expected mainly due to the waning Moon (*negative*) and the pessimistic trend of the Dragon's Tail. Do not fall for depression or self-defeating attitudes. You may communicate your feelings but avoid uncontrolled imagination. The stars have a specific role to play in your life and you are the actor. Go with the trend, do not force issue, be patient and further your business life after the next New Moon. At work keep a low profile, your co-workers or your boss may not be aware of the work of the Moon on their psyches, and may become "*lunatic*" towards you. Keep busy and rearrange your desk or your paper work.

---

<sup>1</sup> As experienced on May 5th, 1998: The Pontiff expressed sadness over a Swiss Guard slaying – VATICAN CITY – Pope John Paul II expressed his profound sadness over Monday's killing of Alois Estermann, the newly-appointed head of the Swiss Guard. The pontiff's message of condolence came as Vatican officials said the shooting, apparently carried out by a lower-ranking Swiss Guard member, may have been motivated by disgruntlement.

**Partnerships:** If you want to save a difficult business relationship, now is the time to use full diplomacy and understanding. And with affairs of the heart, use Venus' loving touch; you could apologize with some flowers or a romantic dinner. Take serious precautions if you happen to be in the road as Mercury could mean impatience and speed.

**Family and Friends:** Expect disturbing news involving friends, brothers or sisters and take the time to reply to the mail. If you get caught on the telephone, steer the discussion towards a positive tone. Mercury rules communication and will help you pass on your thoughts deeply and correctly. Again, provide a helping hand, but do not let abusive or depressing friends take the best of your own spirit.

**Love Affairs:** Many will feel the disheartening energy of the waning moon. Secret love affairs may be started. However, do not expect this undercover relationship to stay a secret for long. A love affair started now could have a dramatic impact in your life. Many unsuited couples will also be forced out of their unhealthy relationships and realize the end of a section of their lives. With the tail in Scorpio danger may come from the home, and the emphasis these days will be on destructive behavior and violence. If you were born in November, a Cancer or a Pisces could be difficult just now. Listen to a Virgo friend for good advice.

**Travel and Communication:** Mercury will pass on all sorts of news including some of a secret nature. Improve your cosmic consciousness and do some "deep" reading concerning life and death or metaphysics. Finish your book if you are into writing. Drive slowly and be ready for obstacles on the road.

**Environment:** Tornadoes, hurricanes, earthquakes, and chain-reaction accidents due to bad weather are high on the list. Stay safe and be aware of Mother Nature's destructive forces. She is alive and she needs to stretch herself now and then.

**Famous Personalities:** A famous individual from a foreign country will see the end of his life. Many will miss his message and his great spirit.

**Events:** With the Tail of the Dragon affecting unstable parts of the world acts of terrorism could produce devastating explosions soon. Stay clear of crowds, and listen to your intuition at all times. Avoid crowded places and beware of suspicious foreigners.

**Shopping:** Electronic equipment, cars, telephones, computers, etc., may decide to give you trouble. The purpose behind this disturbing energy is to re-evaluate your existence and life's mission and restructure your opportunities to make progress. Fix it or rent it but do not buy anything new now. Take care of your car as the machine may decide to let you down at the wrong time and in the wrong place. Be cautious and be patient.

**NEW MOON — June 8, 2013 in Gemini:** Now is the perfect time to start any intellectual pursuit, begin or finish a book, learn photography, a foreign language, find a publisher and communicate your feelings to all. With the new Moon upon us soon, you may plan to invest in a new car or anything related to communication. Traveling and foreigners will play important parts of this lunation. Plans made to travel under this New Moon will bring excitement and many wishes. On a larger scale, combined with the New Moon, witty Mercury will help in promoting better relations with other countries around the world.

## STAR ROOM

Email Terania at [teraniapromodir@gmail.com](mailto:teraniapromodir@gmail.com)

MON., TUE., WED., THU., FRI. — JUNE 10, 11, 12, 13, 14:

*RULERS — Mercury (Traveling) the Sun (light/kids) the Moon (End of life)*

**Work, Career and Business:** We are on New Moon timing, but you may find it difficult to concentrate on your duties as your mind will wander over everything you must accomplish. The deserving hard-working souls will benefit from bonuses or new opportunities to promote their careers. Some may face the ultimate end of a portion of their business lives. Whatever happens, you must accept the changes with faith. Your desires or dreams may not fit your present situation and the stars may decide to shut you down. It's for your best interest.

**Partnerships:** Some of the people you know will have to move away from you, or you yourself may decide to relocate. Expect the beginning or ending of an

important phase of your life. Watch the drama of life taking place, as the old must be replaced in many aspects of the human experience.

**Family and Friends:** You may receive an invitation to socialize with some faraway dear friends or family members; use this opportunity to get closer to them. This New Moon trend may prove to be both sad and great for many. You and some friends get together to socialize; you may be the one doing the entertaining. A family member or a child needs your advice. Be willing to consider the issue from their point of view; avoid emotional involvement or forcing your opinion on others. Most of all provide spiritual support.

**Love Affairs:** With a waxing Moon upon us expect much progress in the area of love. But some people from the past may become heavy in your heart and could produce stress in your life. If they bring good memories, have fun, but don't get too caught up in the nostalgia. If they were negative in the first place, stay far away from their charms the second time around unless the hard lesson has been learnt from both side. If you were born on one of these days happy birthday to you and count on some really good time ahead. If you were born in December, a Leo or an Aries may find you too depressing lately. Listen to a friend born in October; you may learn something. Don't let guilt drag you down; life must go on. Many will enjoy a trip to Europe, France and Italy.

**Travel and Communication:** Local errands keep you busy and bring you in contact with interesting people. This trend will bring surprising news and reminds us of our responsibility. Mostly, be cautious and prudent in driving, as people may not see you. Drive slowly and enjoy the trip.

**Environment:** Nature may also go berserk and news could be significantly large and destructive.<sup>1</sup> Nature may also show her power with shocking weather. Thousands of people may be forced to relocate. Many unaware daredevils or unlucky souls will lose their lives because they have no knowledge of the stars' impact on human affairs. *(You might suggest or offer them a copy of Moon Power Starguide; a little information is better than none, and that its the purpose of this publication. They will probably love you forever because of this practical, thoughtful gesture.)*

<sup>1</sup> TEHRAN, Iran A powerful earthquake jolted Iran's rugged Khorasan province, killing nearly 2,400 people and injuring an estimated 6,000. The U.S. Geological Survey told CNN the quake had a magnitude of 7.3.

**Famous Personalities:** A famous person or his child could make dramatic news. Expect interesting news about many famous people. The church could also make sad news such as in FAISALABAD, Pakistan. <sup>1</sup> Some will work hard providing housing or clothing to the world at large.

**Events:** Blackout, tornadoes, volcanic eruptions, including rough weather is high on the list. <sup>2</sup>

**Shopping:** Don't overspend, no matter how glittery the gift in question is. You can find a good deal on a big-ticket item by comparison shopping. Some will want to use the waxing Moon and visit Las Vegas' casinos and may strike luck. Better make all your plans now and go with the New Moon. Don't stress; understand and use the stars; they are there to be used and make life easier. Share my valuable forecast from [www.drturi.com](http://www.drturi.com) with accurate guidance or offer a reading for someone's birthday or offer a comparison chart for a newly wed couple.

SAT., SUN., MON., TUE. — JUNE 15, 16, 17, 18:

RULERS — Mercury (*Intercommunication/cars*) and Venus (*Tenderness/love*)

**Work, Career and Business:** The Moon is still waxing (*positive*) and much can happen as long as you understand how to use her energy constructively. Promote your business life now, advertise, reach the people, travel and participate in universal growth. If you do, soon your telephone will be busy and the mail will bring promising news. Get going in all your communications; use Mercury's wit to find a solution to your problems.

**Partnerships:** A plan is needed to succeed in your endeavor; use this trend to acquire new equipment for your office and reorganize your environment. Nothing can go wrong if you aim high and do something about it. Use Venus' "*tact*" to get what you need from others. Enjoy the evening with a romantic dinner talking about a potential business venture.

<sup>1</sup> A 67-year-old Pakistani Roman Catholic bishop shot himself to death outside a court to protest against a death sentence on a fellow Christian for blasphemy.

<sup>2</sup> Under the same celestial energy in LIMA, Peru – Twelve people survived and 75 were killed when a Peruvian air force Boeing 737, chartered by the Occidental Petroleum Corp., crashed in a northern Amazon jungle.

**Family and Friends:** Expect news from your brother or sister; you might get in touch with some of your friends for a good chat. Don't let Mercury get out of hand; avoid gossip; you may end up sandwiched between two friends. Use the positive Moon to promote your life and try to excel in all your wishes. Appreciate your loved ones, plan a dinner at home, or maybe rent a great movie. Kids need attention; give them some time especially if they ask for help.

**Love Affairs:** With Venus in the air these days, candlelight, soft music and words of love are pretty much on your mind. This is a trend loaded with good energy where nothing wrong can happen if you know how to play your cards right. A foreign person will play a considerable part in your future. If you were born in January, a Virgo or a Taurus wants to know you. Listen to a Scorpio friend's advice.

**Travel and Communication:** Driving away from the city would be a good idea. The call of nature will be strong and the fresh smell of the out-of-doors or seascape will regenerate your soul. Enjoy the water and make plans for fishing trips, the river or sea, but keep an eye on the young ones. Drive slowly; don't spoil your day with trouble.

**Environment:** Many mother earth supporters will march to be heard by government officials and they will succeed in their request to save the environment. Nature may surprise some of us with a volcanic eruption.

**Famous Personalities:** A famous entertainer will take an important legal action. Large corporations will find strength in their new associations. Concerned groups will do much work for the welfare of children.

**Events:** Parts of the U.S., France or Japan may make interesting, even surprising news soon. The government will make important decisions to change or establish laws that will benefit children or the arts.

**Shopping:** You may invest in anything that will further your education or the arts. Cameras bought now will last long and take incredible pictures. Good books can also be bought and used positively for your own progression and mental exploration. Spruce yourself up by brightening your wardrobe or, if you can afford to, invest in expensive jewelry.

**Wednesday June 19 until July 24**  
**October 13 until November 16**  
**Read Supernova Windows explanations for 2013**

There is a concentration of negative celestial energy approaching, so be extremely prudent while driving and expect chain-reaction accidents. Be prepared for delays, strikes, and nature producing awful weather, including hurricanes cyclone, earthquakes tornadoes etc. The same energy that produced the Titanic disaster, the Asia tsunami the Northridge Los Angeles and Kobe Japan earthquakes and major other calamities is approaching again. Remember the thwarted terrorist attack of August 2006 in the UK where the BA canceled thousands of flights just because all passengers did not check ALL handbags before boarding their planes. Those people did not have a copy of *Moon Power Starguide* and paid the price of ignorance and suffered serious delays and frustrations that could easily been avoided had they travel before or after those dates. **July 22, 2010 — Saturn entered Libra:** Saturn is best placed (*exalted*) in Libra, the sign of balance and relationship — for where but in relationship to other human beings are we so sorely tested? Through the arts of responsibility, patience, flexibility and endurance we can relate to others over extended periods of time. With this placement you need to let go of competition and develop a habit of cooperativeness. If Saturn is afflicted you'll have difficult karma in relationships

and marriage due to a lack of cooperation in past lives. In this case marriage will be a discipline for you, and love your path out. You may have kidney problems due to impurities in your blood; in which case vitamin C or garlic are good purifiers. Saturn returns to each sign once every 29 or 30 years for about a three-year stay.

**Note:** Pluto is back with us; be **VERY** careful of what you say, where you go and what you do! Unaware police officers and/or criminals will meet with their death. WED., THU., FRI., SAT. — JUNE 19, 20, 21, 22:

*RULERS — Pluto (Terror/Dramatic News) and Jupiter (Religion/Foreigners)*

**Work, Career and Business:** Hopefully the New Moon energy will make all of those changes positive in the long run. Push forward for the next few days; make the most of this lunation. At last the negative Supernova trend that has plagued many of us is over. You may also find out why you had to go through so much stress. Be ready for a form of rebirth and accept your limits. A new business proposition may further your entire business life. This is the time to review all your accomplishments and the reasons for your failures. Meditate on improving your future and if you feel you need to educate yourself in some area, do it now; there is no time like the present!

**Partnerships:** Money will play an important part in your life now, and you are advised to keep a close eye on your bank account. You may inherit a few expensive items, and this will help relieve a form of stress you had to experience. Commitments made now could become very fruitful in the long run. You may also make a commitment on paper as we are still under the blessing of the New Moon. You may decide to spend some time in nature or to visit an old Church in response to Jupiter's religious nature. Some may decide to go to the desert and "see" the creator display his face of lightening to the universe. We will all receive God's full support from the stars.

**Family and Friends:** Many will be enjoying foreign places and the different cultures of these people. Expect news from brothers and sisters from afar and let yourself be immersed in this great summer season. The circle of friends will be extremely busy as we are all enjoying the best of what life has to offer. Children are very excited and will be enjoying the festivities. Uranus may make them restless, and a trip out of the house is in order. Watch over them, especially close to the water. Use diplomacy at all costs; Pluto will make everyone around very susceptible to your comments. Control emotions and watch what's going on in the house, especially if there are children around. A great time is ahead of you if you listen to your intuition. A friend may bring a stranger in your house; watch the young ones closely. Be aware of Pluto and don't let him upset your life. Enjoy it all.

**Love Affairs:** Expect secrets of a sexual nature to surface to light and new secret affairs to be born. The planet of passion will make you feel good about yourself and will give tons of charm. Be aware of mysterious Pluto and his sensual magnetism. Do not drink too much during the evenings. Accompanying Jupiter could transform you into an irresistible sex magnet with a passionate foreigner. The Moon is still waxing, but trouble may come your way if you let your passion express itself with unprotected sex. If you're born in August be aware at home and avoid drama, an Aquarius or a Sagittarius could mean love to you.

**Travel and Communication:** Pluto rules ultimate power, the Mafia and the police force. News pertaining to the police force will always appear during his ruling days. I can hear Police Executives of the future, in the training Academy warning their officers of the impact of the power of Pluto and how vulnerable they all are under his destructive jurisdiction. Once the system catches up with my advanced perception of the human psyche outside of the limited field of mental research, I can foresee the use of Astrology in the police force. They so desperately need this knowledge to pinpoint suspects by using the natal profiles. The impact of Pluto to a sensitive house may predispose the suspect for murder. Most of all, in the name of ignorance, many brave public servants won't have to waste their precious lives. Time will tell.

**Environment:** Keep in mind that Pluto does not care much about the New Moon and could disturb the earth's belly, producing a bad earthquake.<sup>1</sup> As usual with Pluto in charge, be ready for many interesting secrets to surface and remember to use these secrets to your own advantage.

**Famous Personalities:** A famous personality will be called to God and many will miss the soul. It will be a reminder of our own mortality and the real power of Pluto's impact upon the earth and humans below.

<sup>1</sup> On my newsgroup weeks before the following events, I had posted this note and quatrain. Please make a note and save this post and explore my predictions on the given dates: May 11th, 18th, 24th, and 30th, 1998. 152 The tenth day and when the moon will shine in her fullest, in the month of the Bull. A digit of one's hand of destruction will rule upon the human race. Water, wind and dirt will blind many with the smell of death. Rage and destruction is the legacy, nature will speak to the mortals. Result: May 8, 1998 Tornadoes, windstorms sock U.S. South again EDGEFIELD, South Carolina In four Southern states, thousands of people began a task Friday that has become somewhat routine during this year's severe storm season.

**Events:** DO NOT TRUST any strangers now, as Pluto stirs man's animal tendencies. Pluto rules the crooks and the cops, or the infinite forces of good and evil constantly teasing each other. Thus the villains will become more active and the police will be busy trying to stop them. Of course if you are a Police officer and on duty now, don't take chances and best to let your fellow officers know about Pluto's jurisdiction of the police force. Make good use of my knowledge and realize that your "bosses" regardless of their high position and accomplishments, are NOT aware of this fact. Many lives have been wasted in the name of ignorance; you can make a difference and even save your life by being aware of my work.<sup>1</sup>

**Shopping:** Invest in anything that can kill pests. Use Jupiter to find a great traveling bargain or start a spiritual course in metaphysical.

**FULL MOON — June 23, 2012 in Capricorn:** Expect some serious career or personal developments to take place. Some will be starting a new job, and others dropping one, this could include a business relationship. Promotion or deception, whichever happens, will mark an important part of your life. Just be ready to accept the upcoming changes with faith in your new future. Be ready to provide a supportive shoulder to the victims. Nature can also decide to do nasty tricks in some states, promoting destructive weather or earthquakes in the very near

<sup>1</sup> October 7th, 1970 Pluto will take many people away; expect this type of news again. Gene, Marshall's sports information director and play-by-play broadcaster, was among the 43 players and coaches and 32 administrators, fans and crew who died in a plane crash 25 years ago. To survive their Plutonic awful deal, the victims had to eat raw human flesh and walk through the mountains in a pure cold hell. Pluto rules death, drama and does not usually spare anyone's life. In this case the sheer will for life did the horrible trick. The Moon was New when the plane crashed and is the only reason why a few lucky people survived Pluto's deadly will.

future. The government will have to take serious, crucial steps, to avoid trouble and promote peace in the world. Expect news coming from important political figures, and England and India.

**June 26, 2013 – Jupiter in Cancer:** The planet of luck, growth and expansion enters the sign of home, family and security, this will help America (*July 4th, 1776*) to experience a serious increase in real estate and constructions and the welfare of the US. Remember once the Freedom Tower becomes operational, all the US problems with the economy will slowly but surely disappear.

SUN., MON., TUE., WED. — JUNE 23, 24, 25, 26:

RULERS — *Saturn (Government Order/Creditability) and Uranus (Extraordinary News)*

**Work, Career and Business:** Expect this trend to promote surprising changes pertaining to your career. The lucky ones will benefit all the way with this ending New Moon. Make the most of the last day of the waxing Moon while you can and go after your wishes. Saturn may force you to realize what needs to be done to further your career.

**Partnerships:** Time to socialize this weekend as Saturn's children (CEOs) will be out in public places and many of them can further your career wishes. This trend will induce serious changes and interesting surprises in your partnerships. A business trip or an invitation may lead you to many good contacts that could prove to be rewarding in the long run. You must take the time to play and enjoy yourself with unusual people.

**Family and Friends:** A friend may request some money from you or another one who owes you money sincerely wants to repay, but may be in a difficult set of circumstances. Be patient; they may repay you in a better way. A friend may surprise you and may decide to get closer. Providing help is great, but let some of your friends understand their limits. Keep in mind that Uranus rules friends and wishes; do not turn down an invitation during a new Moon. With Uranus, anything great can happen and you have until the Full Moon to do so. After the full moon the surprises will be negative.

**Love Affairs:** As usual with Uranus be ready for nice surprises brought by friends bringing new people into your life. The Moon is still up for a short while, so those surprises should be of a positive nature. Many lucky souls will find love, and this new relationship may lead you to a rewarding future. Remember that serious Saturn is also part of the festivities and you must not overindulge. If you were born under the sign of Pisces, a Virgo, a Cancer, even a Scorpio will find you irresistible.

**Travel and Communication:** Your telephone and your mail will bring you all sorts of news and invitations. The lucky ones will enjoy or plan faraway trips close to those they love. Expect news from many people around and get in touch with some of your friends for a good chat. However, do not fall for gossip about other friends, as sooner or later you will have some explaining to do. Use what's left of the positive Moon to promote your life and excel in your mental capacity.

**Environment:** As always when Uranus is with us, a volcano could erupt soon, be ready for surprising news about the weather. Stay clear of lightning. If you're into UFOs, anything extraordinary from the heavens could happen now.

**Famous Personalities:** Famous people will behave in a weird way while others will offer the best of their performance and the money will be presented to organizations supporting the very old or the very young.

**Events:** Saturn (*structure*) could induce some worries about your finances. Don't let him get the best of your spirit, have faith. Financial affairs will be a concern for many, as the government will make very important decisions about other countries and wars in the world. With this very last day of the New Moon trend be careful in all you do. Uranus rules the incredible. Paranormal investigators, now is the time to carry your camera and look for UFOs in secluded places. Blackouts, explosions or bad weather could plague some parts of the U.S. Expect news about nuclear endeavors and electronic devices soon.

**Shopping:** Purchase electronic equipment or plan a long voyage in foreign lands before the Full Moon. As always, Uranus rules the future, and his psychic powers can be used. Don't waste these days; do something original as your wishes depend on your interaction with others. Visit your favorite astrologer or psychic now. Share my valuable forecast from [www.drturi.com](http://www.drturi.com) with accurate guidance for someone's birthday, or offer a comparison chart for a newly wed couple.

**July 7 through August 13 2012: Second SUPERNOVA Window**  
extra explanation of a supernova window are for my cosmic coders  
and are posted at [www.cosmiccode.drturi.com](http://www.cosmiccode.drturi.com)

There is a concentration of negative celestial energy approaching so be extremely prudent while driving and expect chain-reaction accidents. Be prepared for delays, strikes, and nature producing awful weather, including hurricanes and tornadoes. The same energy that produced the Titanic disaster, the Asia tsunami the Northridge Los Angeles and Kobe Japan earthquakes and major other calamities is approaching again. Remember the thwarted terrorist attack of August 2006 in the UK where the BA canceled thousands of flights just because all passengers did not check ALL handbags before boarding their planes. Those people did not have a copy of *Moon Power Starguide* and paid the price of ignorance and suffered serious delays and frustrations that could easily been avoided had they travel before or after those dates.

**June 28, 2013 – Venus enter Leo:** Perfect time to contemplate launching any artistic endeavor. Giving and receiving expensive items is on the agenda for some. You may also think of traveling or investing in a car or expensive items. Souls born now will be very magnetic and dramatic in matters related to love. They will make good livings, and will attract money in artistic endeavors. Many of them will strive to find beautiful, rich and famous partners willing to experience the best of life. Some will have to learn to let go of Mr. Pride and Mrs. Ego to save true love. This position makes for one of the most dramatic but lucky signs of the Zodiac. Usually a gift in acting or other great talents is present with this position. Those

souls are born to experience a flamboyant and busy love life. This is a good position of Venus promoting fame and fortune.

THU., FRI., SAT., SUN. — JUNE 27, 28, 29, 30:

RULERS — Uranus (Bombardment) Neptune (Religion) and Mars (War)

**Work, Career and Business:** We are now into the Full Moon. Listen to intangible impulses from a different plane than the physical before making important decisions. Avoid insecurity and imagination blurring your vision or your faith during this trend. Neurotic tendencies and depression come from a heavy Neptune in anyone's chart; use your will and see the bright side of your business life. You may find it hard to concentrate at work, but everything will be clear again in a couple of days. Keep emotions in control; use plenty of patience and diplomacy with co-workers or the boss at work. Try to concentrate on the future.

**Partnerships:** Mars is called the "Lord of war" for good reasons. Do not let him aggravate a situation, as this could hurt a friend or a loved one. (*The purpose of Moon Power Starguide is to teach you firm control over the stars and to manage positively the outcome of any situation. If you know someone who needs help, offer this book as a birthday present.*) Mars also rules cars and machinery, and with deceiving Neptune around you should avoid drinking and driving (*you should never do this, but right now, even a little could hurt you*). Danger could enter the lives of those ignorant of the celestial rules just now; beware. You will be given energy from the red planet; make good use of it by channeling the power constructively. Still, Mars' energy can help you start a new project, new business, even a new relationship. Keep a positive attitude.

**Family and Friends:** Help some family members see through the veil of self-deceit. Some of your friends may need spiritual support; work with them without getting emotionally involved in their problems. Again, keep away from alcohol after dark if you decide to meet them. A trip close to the water or Sea World will be rewarding. Keep a vigilant eye on the kids and your pet, as impatient drivers could hurt them. Be prudent; be patient but firm and confident. Spend some time with

the children, teach them love and harmony as Mars may make them play rough. Be aware around water.<sup>1</sup>

**Love Affairs:** Come right out with what you feel and don't be vague in love matters. Secret love affairs will start under Neptune's deceiving power and many will end up deceived; beware whom you tell! Avoid drinking heavily and enjoy a great walk by the sea or any watery area. If you were born in April, a Leo or a Sagittarius will be strongly attracted to you. At any rate do not expect much with love now; you'd better wait for better auspices.

**Travel and Communication:** Some of us may experience strange things in unfamiliar places or find themselves with weird people. Keep an eye on your personal belongings and learn to rely on your gut feelings. Nevertheless, you can expect heavenly intervention in a dangerous situation. For those at sea, take all precautions as the weather could turn nasty without much notice. Plan a trip to Hawaii or any exotic islands now and try to go after the new Moon.

**Environment:** Disturbing news from the sea, oil and flooding is a possibility. News about medicine and chemical explosions and broken dams can also be expected.

**Famous Personalities:** Sad news regarding alcoholism, drugs and incarceration will come about the rich and famous. Some famous souls might have to learn the law and may find themselves in trouble. The release of a new movie will make some of them very happy. Certain famous people will suffer incarceration or hospitalization.

---

<sup>1</sup> Remember my prediction about children playing rough with Mars. (*Moon Power Starguide 1997 page 116*) Memo: Water slide collapses kills one, injures 32. An amusement park water slide collapsed Monday June 2nd, 1997 after a group of high school seniors on a graduation outing ignored a lifeguard's warning and went down together. One student was killed and 32 were injured, six critically. Be aware; watch the kids around water.

**Events:** Depressing and explosive news will come from the Middle East. <sup>1</sup> Oil prices may rise due to another oil spill. <sup>2</sup> Expect water, tornadoes, typhoons, hurricanes and earthquakes.

**Shopping:** This is not a great time to invest in anything related to the spiritual arts. As a rule, musical instruments, painting and spiritual materials should be bought before the upcoming Full Moon. Invest in cleansing tools only.

---

<sup>1</sup> August 31, 1999 ISTANBUL, Turkey A strong earthquake and an aftershock shook northwestern Turkey, just two weeks after a deadly 7.4 magnitude quake left more than 14,000 dead.

<sup>2</sup> 2 About oil spills, look to September 8, 1999 EUREKA, California (AP) Coast Guard officials have managed to clean up only a small portion of about 2,000 gallons of oil that has leaked into Humboldt Bay from a dredging vessel. The oil leak from the ruptured fuel tank of The Stuyvesant occurred Monday night after rough seas apparently tossed part of the dredging apparatus against the vessel. Part of the equipment sliced through the hull, cutting a 6-inch to 8-inch-wide hole in the tank.

# Welcome to Your Day-To-Day Guidance For July 2013

MON., TUE., WED. — JULY 1, 2, 3:

*RULERS — Neptune (Oil/Oceans) and Mars (War/Accidents)*

**Work, Career and Business:** Fight the depressing mood you may find yourself in; you need to reach out to new people and expand the various social networks in your life. The moon might be against you, but you can still make significant progress; reorganize it all. Business started now won't bring much financial security to all parties involved. Not a time to ask for a loan from your bank or a financial favor from a friend or family member. Money and security will play an important part of this trend and you might find yourself investing in a good deal from the past that you missed earlier. You should be confident no matter what, as your will (*the part of God in you*) is still stronger than the Moon.

**Partnerships:** Candlelight, soft music, courtship and social gatherings for the upcoming weekend are on the agenda for some. The soft Venus energy will tone down the aggressiveness of many people around you. The time is upon you to make peace and apologize for your mistakes. You need to reach out to the people you know, but avoid expanding the various social networks in your life. Use finesse in all you do, you can't miss. Under Venus' blessings, you must keep in mind that whatever is offered with true love will bring luck to the giver. Abusing her kindness will bring back heavy karma and will be paid in full. Let your partner know about your deep feelings and see the good side of life.

**Family and Friends:** Do not turn down an invitation or a chance to socialize with old friends; weird new people will be also there waiting for you. Communication is on the fore; don't hesitate to participate in it; everybody will listen to your comments. However, avoid falling into useless gossip over the telephone — only

“*Ma Bell*” will benefit from that! You may hear distressing news about brothers or sisters. Use Mercury’s power of expression to write those long overdue letters.

**Love Affairs:** Some will happily give; some will gladly receive, presents that will last forever in their hearts. Promote words of love and be aware of the feelings of others; lovely Venus will change uneasiness into love, attention and respect. You and a long-standing friend may discover that your relationship is growing towards romance and both are surprised. A dual situation may force some to make a decision, use your intuition, and keep a cool head. The lessons of the past should be remembered. If you were born in February, a Leo or a Gemini may make your life a misery. Be patient with all the people around you.

**Travel and Communication:** Do not expect interesting news, as your telephone might be full of distressing messages. Not a time for traveling, however, avoid the impulsive Mercurial need for speed. You might have to deal with high winds or water. It’s time to express yourself, write letters and start (*or finish*) a book.

**Environment:** With the waning Moon upon us, nature may get out of hand with a bad earthquake. A monetary scandal could also make the news. A famous personality may pay a heavy price for a stupid and selfish act.

**Events:** A financial scandal or some secrets may reach you. Foreign affairs could be distressing for many governments, forcing some dramatic interaction soon.

**Shopping:** Take care of your wheels and shop around for things for the office. If you decide to purchase a second-hand car, you could strike a good bargain; don’t be afraid to barter aggressively. Mercury loves mental stimulation and your wit will help you to save money. Be happy and alert — don’t be afraid to use your powers of communication.

**Happy 4th of July to all my readers:** Just be aware that this holiday falls after a Full Moon and could be quite memorable even negative for some. Remember last year, it was just a day before the full moon! Regardless how much I tried to get close to the action, the police, the madness, and the people walking all over, made the situation unsafe and caused me to turn back a few minutes before the fireworks show. Please make a good use of my work, watch the children with fireworks and if you spend some time by the water, be aware of Neptune’s tricks. Share the

knowledge with others, recommend my book and help them to understand the will of God throughout the cosmos. Have a great time but be careful with children around the water and with fireworks please.

**THU., FRI., SAT. — JULY 4, 5, 6:**

*RULERS — Mercury (Brothers/Transportation) and Venus (Love)*

**Work, Career and Business:** You may find yourself in an awkward or difficult situation with a co-worker, and something must be done soon. Don't let this stressful situation in your working life become a major problem for you and others; handle your affairs with discretion and dignity. Meditate for insight; use your intuition and be patient; the right opportunity is on the way. Use the new Moon to push forward.

**Partnerships:** With the new Moon upon you, much transformation will take place soon. However, avoid getting into a heated argument with a friend or an acquaintance that will challenge you about politics at work or your personal philosophy of life. Be patient and tolerant.

**Family and Friends:** Expect interesting news from close friends or family members and provide them with some spiritual support. Avoid gossip, and make sure that what you say is actually what you mean, as others could interpret it the wrong way. Nothing really can happen to you now; have faith in the stars and your new future.

**Love Affairs:** Romance is on your mind and therefore you may consider a trip with your special someone. An important person close to you may be a challenge to understand; just realize that none of us is perfect. A desire for a permanent commitment from a lover or the chance to find love this weekend has a good possibility of working out. You may find yourself focusing on personal relationships; you feel better with others' approval. Don't be tempted to let sadness or depression or the ending of a situation get the best of you. This emotional approach to decision-making can be the source of strife; use diplomacy and coordinate your efforts with your mate's. If you were born in June, a Libra or an Aquarius could denote love to you. Make the most of this New Moon; with Venus' touch you can't go wrong.

**Travel and Communication:** Take extra time in explaining yourself, as the possibility of miscommunication is high and ill will could ensue. Venus will see to it that there is harmony these days. Also, emotions may run high and could affect your words; make sure they are well thought out and supportive. Remember, Mercury rules transportation, and impatient drivers could promote accidents. Time to take care of your car's brakes, oil or anything else it may need, as you might have to take a journey soon.

**Environment:** Expect difficult news about the ocean or a chemical accident. News of medicine and hospitals may also come your way. The weather will not be too cooperative and many thousands of people might have to relocate due to nature's devastating forces.

**Famous Personalities:** News of hospitalization, drugs or alcohol may plague the media as the rich and famous won't be able to hide their dependency.

**Events:** Leaders of the Middle East may surprise some of their neighbors. Religion and many difficult topics such as abortion or chemical warfare will trouble the world.

**Shopping:** This is surely a great time to invest in anything you need to make your home a better or safer place to live. You may also invest money in shopping for clothes, plants, food and little surprises for your loved ones.

**SUN., MON., TUE., WED., THU. — JULY 7, 8, 9, 10, 11:**

*RULERS — The Moon (Ending of Life/New Start) and the Sun (Love/France/Italy/Japan)*

**Work, Career and Business:** You may find yourself discussing goals for the future with someone close to you. Some will even sell their homes or move to better locations. Life is a process of constant change and this lunation will touch you or someone close to you. Make the most out of this change and trust the upcoming future. Not exactly a time to promote any endeavors, sign contracts or travel; wait for the upcoming New Moon to move or deal with important matters.

**Partnerships:** Time to promote only faith and have confidence in all you do. This type of energy will be difficult for some as they might be forced in or out important

situations. Accept those changes you may not be able to control. You might be going through a hard time now, but the Universe will pay you back in spades if you learn from your experiences and keep faith in yourself.

**Family and Friends:** Listen to your friends' stories and be ready for the beginning or ending of an important part of their lives. Keep in mind that the Moon is waning (*negative*) and those unexpected changes must be faced with courage no matter what. Give special attention to the children these days and provide them guidance if needed. Their young and fragile spirits need constant reassurance and appreciation. Also, with the Sun in charge you might stimulate their creativity and enjoy their youth and boundless energy. This energy could also work against them, and some may be accident-prone, so watch them carefully.

**Love Affairs:** Some people might surprise you; however, don't dream or hope for finding a lost love now. Be ready for the beginning or ending of an important part of your life. If you are stuck in the wrong relationship, this lunation will force you out of this stressful situation very soon. Accept the upcoming changes with grace and have faith in the future. Those changes will bring someone worthy of your feelings. Wait for the next upcoming New Moon to get active in your social circle again. Your friends possess all your wishes and you should spend more time with them, especially if you are single and looking for love. For those born in May, a Pisces or a Virgo will be strongly attracted to you. Enjoy a great show when possible; you need to forget a few things in your own life.

**Travel and Communication:** With the waning Moon affecting our psyches, tears and depression might be a problem. Keep busy, avoid negative thoughts of the past and look for positive endeavors. Free yourself from pessimistic people or stressful situations; use your will and surprise others with a formidable optimistic attitude. Be a defensive driver ever ready to give way to the crazies of the freeway. Plans to travel far may be imposed upon your life by Uncle Sam.

**Environment:** The weather will turn very nasty in some states, and many will lose their lives and possessions. Thousands may be forced to relocate due to dramatic experiences with nature. A loss of power is part of this trend; don't take any chances, stay safe.<sup>1</sup>

---

<sup>1</sup> April 9, 1998 — 39 die in Southeast storms — At least 39 people were killed in tornadoes and thunderstorms that raked the Southeast overnight. Most of the deaths were in Alabama.

**Famous Personalities:** An important figure could suffer a heart attack or surgery! A naughty love affair may dramatically end. Some unlucky children could be involved in awful accidents.

**Events:** On a large scale, many governments may also make news that will affect all of us. Disturbing news may be coming from the U.S., France or Japan. Read the headlines of the past under similar stars.<sup>1</sup>

**Shopping:** It's the perfect time to give old toys or clothes to unlucky children. Avoid spending money on expensive items for your own children. Now is not the time to find good deals in your local flea market. Spend time doing something creative; it doesn't have to be a masterpiece, just something to ease your spirit. We are getting closer to the New Moon and all will be much better soon.

**NEW MOON — July 8, 2013 in Cancer:** With the moon so close to the earth, this specific lunation will have an important effect on many of us especially for the U.S. government and France's festivities "*La Bastille*" day. Many political differences will come to the fore and the people may come to act against what they perceive as wrong. Expect the beginning or ending of important phases of your and other people's lives (*especially if you are active or were born on that day*).

This lunation could represent a very significant part of your destiny. Even France

Home improvement, buying or selling a beautiful house is on the agenda for some. Souls born now will be geared by Mars to be involved with matters related to construction, the Government, and general country and family securities. They will invest time and money in hotels

and restaurants and real estate endeavors. Many of them will strive to find total security and a husband or wife with protective qualities. Some will have to learn to let go of wrong relationships without drama and tantrums. This Mars position makes the soul very sensitive to home and family. Usually a gift in building and cooking is to be found in this position. Those souls are born to feed the world with food and love. Under stress, this Mars position produces overwhelming stomach acidity and ulcers.

Many will be forced into new partnerships or marriage where a commitment will be asked. This is a great lunation for many lucky people. Spend those days in the outdoors close to the water or in the high mountains. The wilderness will do great healing on your spirit and recharge your soul for future challenges. Be aware of Mercury’s tendencies to talk too much and listen to your partner a little more.

**Family and Friends:** You will be in demand from your active friends, calling you to join them in a social gathering. Don’t turn down any invitation from friends; many of your wishes may come true through them. Some close friends or children, not without tears, will have to move away and carry on with their independent lives. Expect the family circle to be emotional, busy, with Mom and the kids to be the center of attraction. Enjoy the warm family circle, the food and all the children around you. They would love you forever if you decided to take them to

the zoo soon. Happiness will rule these days and you should make more plans for the near future.

**WED., THU., FRI., SAT. — JULY 17, 18, 19, 20:**

**RULERS —** *Pluto (Tragedy/Sex Secrets) and Jupiter (Foreigners/Law Enforcement)*

**Work, Career and Business:** Don't be Pluto victim avoid all confrontations. Emotion, destruction, hate and crime are all part of Pluto's signature. You are aware of Pluto; many others are not! Compromise in the office and don't let the stinger of the beast get to you. Sarcasm is the last thing you need to use just now. You will be forced to recognize many of your errors and your limits. A wake-up call for some dreamers is ahead.

**Partnerships:** The crooks and the police are going to be busy; avoid the unsafe or unknown. Pluto's power is not for unity but discord, and will affect the masses,

including your very own relationships. Do not participate in large gatherings, as death may strike anytime, anywhere, against the unaware. Expect news pertaining to AIDS, abortion and religious groups to make the news once more.<sup>1</sup>

**Family and Friends:** The influence of benevolent Jupiter should tone down Pluto's desire for drama. Participate in promoting cosmic consciousness among friends and family, and share your knowledge about Pluto's destructive energy. Build up good karma for yourself and let them know about the energies that control them — share your knowledge. The good thing about Pluto is that you, your friends and family members will all be forced to realize their limits and do something about any and all aggravated situations. Stay alert! Be patient and practice super diplomacy during this trend. Use the secrets you hear to your advantage and don't repeat them to others!

**Love Affairs:** The real you, the raw you, and the plain truth around you and its impact in your life, will force you to mutate or transform with your newly acquired knowledge. Expect secrets pertaining to sex and money, but most of all stay calm in your dealings. Take smart precautions if you are going to be sexually active. If you were born under water or an earth sign, a Cancer, a Scorpio or a Pisces can either go crazy for you or against you.

**Travel and Communication:** You had better stay and enjoy your home, read a good book or watch a movie! Observe and listen to your intuition. The less you talk the less chance of being hurt. Control your own thoughts; don't fall for jealousy or depression. If you must take the road, be extremely prudent and don't trust any strangers. Watch the children; the vampires are out. *(Mention my work to depressed friends by suggesting [www.drturi.com](http://www.drturi.com) and let them learn about real astrology. You might also offer them a copy of the current Moon Power Starguide for their birthday.)*

**Environment:** We are still in a waxing moon period, but let's hope that Pluto won't stir a tragedy with nature's devastating forces like an earthquake or a series of floods. Anything dramatic can happen now; let's pray for the victims of the planet of death. If you are a law enforcement officer or a security guard, be extremely

<sup>1</sup> Secrets like Whitewater, RTC's allegations, sex scandals, police, CIA, and FBI's wrong doings will be divulged to the public. I fully predicted the Rodney King dilemma the WA sniper attacks and the awful Rancho Santa Fe mass suicide in my *Moon Power Starguide* and this type of dilemma will always take place under a Plutonic trend. Both Chiefs of police Burgreen (*San Diego*) and Daryl Gate (*Los Angeles*) received my mail and predictions but never took notice of my guidance. When will the police authorities wake up to this true knowledge and save lives?

cautious, as violent and dangerous karmic souls will roam the streets.<sup>1</sup> Be ready for extreme weather.<sup>2</sup>

**Famous Personalities:** Lots of people die under Pluto's rule and those who had a significant life will also have a significant departure from this world. The same energy may also remove a famous public figure in a secret way where drugs, sex, and rock and roll are never far away.<sup>3</sup> Pluto rules the police force and brings the hidden facts to life. There can be a form of rebirth, a new part of life for the parties involved and for some, million-dollar lawsuits!

**Events:** This is a particularly destructive time, even in a good Moon, and I want you to be aware of everything around you and your loved ones.<sup>4</sup> Expect the weather to be harsh and crime to be high.<sup>5</sup>

**Shopping:** A great time to purchase anything related to metaphysics or look for a good attorney. Anything related to checkups, investigations, or cleansing, are under good stars. Do not invest in dangerous tools or weapons just now.

---

<sup>1</sup> Remember the Rodney King beating also took place under Pluto, and those who lost control over their emotions will have forever to pay the ultimate price. The legacy of this action that took place on that night transformed later on into the Los Angeles riots where disorder and fires ruled the nights.

<sup>2</sup> Sept. 14, 1999 – Hurricane Floyd smashes through low-lying Bahamas – Hurricane Floyd tore through the Bahamas on Tuesday, uprooting trees, shearing off roofs and hurling debris into buildings as frightened tourists and residents hunkered down in shelters or barricaded houses to wait out the monstrous storm.

<sup>3</sup> Eldridge Cleaver, the 1960s Black Panther activist and fugitive who later swung to the other side of the political spectrum to become a Republican, died at the age of 62 under a Plutonic trend.

<sup>4</sup> Under Pluto's power, May 1997, a brutal slaying follows a beer drinking in Central Park, New York. Two teenagers stabbed a real estate agent at least 30 times and tried to chop off his hands so police couldn't use fingerprints to identify him before dumping him in a lake in Central Park. The perpetrators, Daphne Abdela, 15, and her boyfriend, 15-year-old Christopher Vasquez, "*gutted the body so it would sink.*" Both of those young souls were born in the dramatic Pluto "*Death Wish Generation.*" See Pluto's impact upon generations or order any of my two new books "*And God Created the Stars*" and "*The Power of the Dragon*" to learn more about this phenomenon. On 12/15/11 Pluto was stopped just in time. Some unlucky souls will have to undergo sorrow and loss such as those 2 kids mentioned above. Be ready to help those in need as the favor may hit close to home.

<sup>5</sup> Expect news such as 'Calm' gunman walks into a church kills 7 before committing suicide on September 16, 1999.

**FULL MOON — July 22, 2013 in the explosive sign of Aquarius:** Expect some serious surprising or shocking developments to take place in the near future. NASA could make shocking news again soon, especially if they avoid using the value of the stars. This is the same energy that produced many mishaps with expensive electronic equipment and the death of many courageous astronauts. Also under Uranus power the Middle East suffered the “*U.S. surprise bomb attacks*” on Saddam Hussein’s forces in Iraq. This energy can affect sophisticated electronic equipment and could produce bad aeronautic accidents. Unlucky children could suffer this disturbing dramatic lunation; keep an eye on all of them. They are accident-prone for a while. Just be ready to accept the upcoming changes with faith in God’s desire to restructure the earth’s crust. Be ready for nature’s devastating forces, producing destructive weather, tornadoes, earthquakes and volcanic eruptions. Expect anything surprising, even incredible including out space manifestation to take place soon. Be ready to see the real power of Uranus, the planet of sudden releases of energy, in action. Explosions are also expected and the U.S., Japan or France may make disturbing news soon.

**July 23, 2013 – Venus enters Virgo:** A perfect time to concentrate on your health and launch an exercise program or a diet. Giving and receiving plants or flowers are on the agenda for some. You may also decide to invest in some good deals with clothing. Souls born now will be quite critical in matters related to love. They will concentrate and achieve perfection in many of their artistic endeavors. Many of them will strive to find a “perfect” and hard working partner willing to exchange a love/career relationship in their lives. Some will have to learn to be less critical of the world around them in order to avoid loneliness. This position makes for one of the most practical and enjoyable business or emotional partners. Usually a gift in dealing with details and an interest in health matters are present with this position. These souls are born to experience love on a practical level. This is a great Venus position producing success in the medical or clothing fields. Plants or gardens are needed around these souls.

**SUN., MON., TUE., WED. — JULY 21, 22, 23, 24:**  
*RULERS — Saturn (Politics) and Uranus (Explosive news)*

**Work, Career and Business:** You better keep a good attitude or eccentric Uranus could jeopardize your job or image. With the waxing Moon, some of your wishes may take place. Keep in mind that sometimes a full breakdown is needed if you hope for restoration. Be ready for anything to happen these days and accept the challenges with a sunny disposition. A beginning and ending of an important phase of your life is about to take place. Many ingenious ideas of rebuilding or investing will come to fruition during this trend.

**Partnerships:** Like Pluto, Uranus is a rebel and he likes to destroy relationships, so caution is also advised in all you do or say to others. Be patient or suffer the consequences of impetuosity. The light is green for friendship and hope, and so much can happen if you participate in life. Try something different this weekend; you’ll be surprised by the payoff. Throw a party; you may bring a wish to you or a dear friend.

**Family and Friends:** Help a friend in trouble and meditate on the world around you. The more positive people think, the more definite things will happen in this

world. Don't turn down any opportunity to socialize, but be responsible with children. Some of them need to burn off some energy and will be begging for a boisterous outdoor romp. A trip close to nature or to the nearest electronic attraction will do wonders for the entire family. Make the most of what is left of this New Moon trend.

**Love Affairs:** Absolutely anything can happen this weekend; stay alert and participate with the best of your social life. A chance to find love or reach a dream will be given to you if you try hard enough. You may encounter funny people or be involved in strange situations; make the most of it. If you were born in June, a Libra or a Sagittarius will want to know you.

**Travel and Communication:** Your desire to travel will become intense. Some will plan a very long trip by airplane. As always, make your plans and try to travel after the New Moon. Be gentle with words and realize your inner mental power; promote your future. Remember, the future is the reincarnation of all your thoughts and you may use the universal mind to influence your fate. Knowledge is power.

**Environment:** I have noticed also that the sudden release of Uranus' energy has in the past produced serious explosions and terrible accidents such as the U.S. shuttle explosion, so be aware of his discharging power. Both U.S. attacks on Iraq happened under his command and I wonder if our Presidents were just lucky or if they follow the advice of wise astrologers! Remember, Uranus rules the future; computers, avionics, atomic and aeronautics, and both wars were very much *"electronics-oriented with the introduction of the Patriot missiles."* Keep in mind that Uranus also rules earthquakes and volcanoes; many surprising things take place on these particular days. Be ready for the ending of important phases of your life and expect the government to make serious decisions pertaining to other countries. Japan, France and China will be on the news soon.<sup>1</sup>

**Famous Personalities:** Many "crazy" souls will fall for Uranus' desire for originality and some will do all they can to make weird news. Famous people will be caught doing silly things, such as a movie star slapping a police officer, or a well-known actor caught having sex in a car with a prostitute, not to mention a famed British singer caught doing weird things in a public restroom. Japanese

<sup>1</sup> Expect news such as: September 20, 1999 – 6:01 p.m. ET, when a powerful earthquake rocketed Taiwan, toppling buildings and knocking out power across the island. The U.S. Geological Survey measured this quake at a preliminary magnitude of 7.6. A series of aftershocks added to the chaos.

and French personalities may also make the news. Some scientists will gain fame for their accomplishments.

**Events:** If you are into UFO's, now is the time to look for them. Uranus rules the incredible and extraterrestrial may need this sophisticated energy to manifest in our dense physical world. Don't forget your video camera! Uranus also helps produce explosions, volcanoes, tornadoes and with the Supernova, strikes are very possible, so be prepared to hear about these kinds of situations. Every single day that goes by, I unmistakably watch the Cosmic Code in action, messing up people's lives just because of their ignorance of God's rules and signs. <sup>1</sup>

**Shopping:** The futuristic spirit of Uranus rejects anything religious or traditional and promotes the new age. Uranus hates dogma and needs to deal with the future only. Use his advanced energy to tap into your own subconscious or visit your local psychic or astrologer. <sup>2</sup> Others may just decide to update their stereo equipment or buy some of those flashy trendy fashions as seen on those famous Paris runways.

THU., FRI., SAT., SUN. — JULY 25, 26, 27, 28:

*RULERS — Neptune (Oil/Middle East/religion/deception) and Mars (War/blood)*

**Work, Career and Business:** Be practical at work and clean around the office and don't challenge authority. Don't initiate actions these days and slow down. With Neptune in charge, many of your wishes to further your career may just be a deceiving dream and you should be practical in your expectations of all the promises made.

**Partnerships:** The Full Moon's energy will induce depression to some sensitive souls. Hope and activity will once again show the way to a better future after the New Moon, just be patient. Neptune will sharpen your intuition and your

<sup>1</sup> Again if you recall December 2009 in one of my newsletters, I mentioned that everyone on this earth should own a copy of my book for if they did, all the stranded people trying to cross the English Channel would have had the opportunity to plan OUTSIDE of a dangerous Supernova window. Like the police executives, Eurostar and British Airway managements do not possess Cosmic Consciousness and fall very short of understanding what really took place with the unprecedented simultaneously six trains break down.

<sup>2</sup> Remember that you get what you pay for, so do not to give your psyche to unprofessionalism that may need more help than you.

creativity; many will ask you for direction in their personal lives. Support your partner and build self-confidence. Peace of mind can be found close to the water.

**Family and Friends:** Give spiritual support to those you care for, but don't get emotionally involved in their personal problems. Don't let them waste too much of your time talking or complaining over the telephone. If you feel blue yourself, know that it is Neptune's deceiving power and use your will to fight him. At home, stimulate love and attention to the ones around you and be careful of fire (*Mars*) or water (*Neptune*). As always, don't overindulge in alcohol, as it will only make things worse. Narcotics will only further those gloomy thoughts of your past and promote accidents. A trip to the local playhouse or a Movie Theater may be just what your soul needs for inspiration. For those with a laid-back attitude, some good tunes and a walk by the ocean will do the trick. Get close to God and meditate about your life in general; Neptune may reward you magically.

**Love Affairs:** Under Neptune's auspices, secret love affairs flourish. Whatever you choose to do, make a solid decision about your own relationship and be aware of deception. Aggressive Mars may stimulate your desire for action; dancing and music would be a good outlet. Mars is far from being diplomatic; use gentleness if you intend to have a smooth evening. If you were born under the sign of Virgo, a Pisces or a Taurus needs your help.

**Travel and Communication:** Use Neptune's dreamy nature, and consider spending time by the water away from the city's stressful activities. If you have to drive a long way, remember to take plenty of rest beforehand, because dreamy Neptune could make you sleepy. Some will have to take a trip to the hospital to visit a person. Others may hear deceiving news about a legal decision pertaining to arrest and imprisonment. Come clear with what you mean these days and control your imagination. Watch your possessions.

**Environment:** Mars is an aggressive planet. Like Pluto he could put stress on some of the earth's faults, producing tremors and terrifying the inhabitants above. This negative trend of calamities will be with us for a while, and caution is advised in all you do. Let's hope that Mars will be tolerant for the people living on this earth and play somewhere else in those worlds above and below us.

**Famous Personalities:** The cinematography industry will prepare many great movies, and numerous actors and actresses will parade all over. Some will be caught doing the wrong thing at the wrong time and others will pay a visit to an "*alcoholics*

*anonymous*” organization. The unlucky ones will be caught doing something nasty and will pay a heavy price for it.

**Events:** With this powerful duo, Neptune (*oceans*) and Mars (*explosions*) the worse that could happen is another devastating oil spill or chemical explosion. Mars is a warrior and favors accident on the road. Be extremely careful when driving. Boating is something you should forget about, especially after the Full Moon. Bad news from the Middle East and terrorist activities will trouble the media.

**Shopping:** Use Neptune’s sensitivity to further artistic talents and become more creative. Finishing a metaphysical study will favor this lunation. Visit your spiritual friend but avoid a trip into your future; Neptune will blur his intuition. Neptune will offer bargains on alcohol and paint, and by Mars’s sharp tools, but invest in those items before the Full Moon. Do not invest in any chemicals or dangerous tools during this lunation.

MON., TUE., WED. — JULY 29, 30, 31:  
RULERS — *Venus (Peace) and Mercury (Disagreements)*

**Work, Career and Business:** The worse of all these planets is to be expected due to the pessimistic trend of the Full Moon. Do not fall for depression and self-defeating attitudes. The stars have a specific role to play and you are an actor on the big stage of life. Go with the trend; do not force issues, be patient for a few days. At work keep a low profile; your co-workers and your boss may not be aware of the work of the Moon on their own psyches, and could become “*lunatic*.” Keep busy on Wednesday and rearrange your desk or your paperwork. Use patience.

**Partnerships:** If you want to save trouble in your relationship, now is the time to use full diplomacy and understanding. Don’t let the waning Moon make you feel down or “*moody*.” If you experienced trouble with the one you care about, you could make up with a romantic dinner at home. With Pluto in Sagittarius much of your thoughts will be spiritually oriented. Use Venus as much as you can to uplift any difficult situation.

**Family and Friends:** Disturbing situations involving friends or family members will come to the fore. Take the time to review all the reasons and find a way to

make peace with the party involved. Mercury rules communication and will help you pass on your thoughts deeply and correctly. Provide a helping hand, but do not let disrespectful friends take the best of your spirit. Emotions will run high these days; keep a cool head.

**Love Affairs:** Many will feel the desire to further romance at home. However, new love affairs started now will need much work to survive. Many unsuited couples will also be forced out of their unhealthy relationships. Because of the waning Moon, the general feeling will be geared towards destructive behavior, even violence. Many young souls will find themselves fighting with someone about an ideal love. They will be forced to realize the limits of their actions and Mars will destroy the old degrading relationship. You cannot build a new house under weak or unsuitable foundations, so the stars may decide to free you soon. If you were born in October, a Gemini or a Sagittarius will drive you nuts.

**Travel and Communication:** Mercury will pass on all sorts of news. Use his power to convey your ideas to those willing to listen. Work on improving your cosmic consciousness and do some “*deep*” reading concerning life and death or metaphysics. You should finish or start a book if you are into writing. Be aware on the road and take care of your wheels.

**Environment:** Following the Full Moon, tornadoes, high winds, earthquakes, and aeronautical accidents due to bad weather are very high on the list. The earth is alive and she needs to stretch herself now and then. Stay safe and be prudent on the road.

**Famous Personalities:** A famous personality will see the end of his life. Many will miss the Great Spirit. Rumors from a powerful politician in the Middle East could vex the media soon.

**Events:** As usual after the Full Moon, stay clear of the crazy crowd and listen to your intuition at all times.

**Shopping:** Rent anything; do not buy anything new now. Take care of your car as she may decide to let you down at the wrong time and in the wrong place. Be cautious and be patient.

# Welcome to Your Day-To-Day Guidance For August 2013

THU., FRI. — AUGUST 1, 2:  
RULERS — *Mercury (Traveling / Siblings)*

**Work, Career and Business:** You may find yourself in an awkward or difficult situation with a co-worker, and something must be done soon. Don't let this stressful situation in your working life become a major problem for you and others; handle your affairs with discretion and dignity. Meditate for insight; use your intuition and be patient; the right opportunity is on the way. Use the new Moon to push forward.

**Partnerships:** With the new Moon upon you, much transformation will take place soon. However, avoid getting into a heated argument with a friend or an acquaintance that will challenge you about politics at work or your personal philosophy of life. Be patient and tolerant.

**Family and Friends:** Expect interesting news from close friends or family members and provide them with some spiritual support. Avoid gossip, and make sure that what you say is actually what you mean, as others could interpret it the wrong way. Nothing really can happen to you now; have faith in the stars and your new future.

**Love Affairs:** Romance is on your mind and therefore you may consider a trip with your special someone. An important person close to you may be a challenge to understand; just realize that none of us is perfect. A desire for a permanent commitment from a lover or the chance to find love this weekend has a good possibility of working out. You may find yourself focusing on personal relationships; you feel better with others' approval. Don't be tempted to let sadness or depression or the ending of a situation get the best of you. This emotional approach to

decision-making can be the source of strife; use diplomacy and coordinate your efforts with your mate's. If you were born in June, a Libra or an Aquarius could denote love to you. Make the most of this New Moon; with Venus' touch you can't go wrong.

**Travel and Communication:** Take extra time in explaining yourself, as the possibility of miscommunication is high and ill will could ensue. Venus will see to it that there is harmony these days. Also, emotions may run high and could affect your words; make sure they are well thought out and supportive. Remember, Mercury rules transportation, and impatient drivers could promote accidents. Time to take care of your car's brakes, oil or anything else it may need, as you might have to take a journey soon.

**Environment:** Expect difficult news about the ocean or a chemical accident. News of medicine and hospitals may also come your way. The weather will not be too cooperative and many thousands of people might have to relocate due to nature's devastating forces.

**Famous Personalities:** News of hospitalization, drugs or alcohol may plague the media as the rich and famous won't be able to hide their dependency.

**Events:** Leaders of the Middle East may surprise some of their neighbors. Religion and many difficult topics such as abortion or chemical warfare will trouble the world.

**Shopping:** This is surely a great time to invest in anything you need to make your home a better or safer place to live. You may also invest money in shopping for clothes, plants, food and little surprises for your loved ones.

**NEW MOON — August 6, 2013 in Leo:** This sign is ruled by the Sun, thus affairs of love and romance will be on the rise. SAT., SUN., MON., TUE., WED. — AUGUST 3, 4, 5, 6, 7:  
 RULERS — *The Moon (End of Life/Moving) and the Sun (Hope/Children)*

**Work, Career and Business:** The general mood will be depressing. You can expect a serious beginning or ending of important parts of your (*and others'*) life. Be ready for those upcoming progressive variations. Keep in mind that life is a constant process of change and even if you don't realize it, the stars are working for your benefit. With Mercury (*communication*) in Scorpio (*directness*), avoid sarcasm with others. Be patient with everyone around the office.

**Partnerships:** You will be forced to let go of negative people in your life and disturbing situations. You must take a chance on the new future with faith. Many will experience the closing of a destructive relationship and others may see the new beginning. Under these stars any new relationship is doomed to fail in the long run. Further the positive only and don't fall for the waning Moon.

**Family and Friends:** The Sun rules love, romance and children, but we are still under a difficult trend, so this energy won't bring you good news. The Sun gives life to children, but watch over them especially close to the water. On a more positive note he will put his indiscriminating light on many secrets. Friends will need spiritual support; give love and attention and build good karma for yourself.

**Love Affairs:** Be ready for new starts in love matters and provide a solid shoulder for the victims suffering a broken heart. The right partner might not be the one you were with; use the newfound freedom to look (*after the New Moon*) for someone who really deserves your love. Under the Sun's command, the lucky ones will find great happiness with true love relationships. A new arrival is to be expected by a young couple. If you are a Scorpio, a Cancer or a Taurus, this lunation could

induce serious stress in your life. A Virgo friend has a good discernment for you; you must listen.

**Travel and Communication:** You may be asked to go home and see mom. Be aware on the road; we are under a Supernova window trend! Do not trust any driver and be ready for sudden action.<sup>1</sup> Surprises are on the way and the people from your past will come into the picture soon.<sup>2</sup>

**Environment:** What was once built by man (*cities/homes*) or nature must be destroyed; what was once born must eventually die, and this is the grand cycle of life. Recycling is the key word in nature and not anything is really wasted. There is nothing one can do other than accept the ultimate changes imposed by God, and usually the future offers better.

**Famous Personalities:** Expect interesting but not necessarily positive surprises with the rich and famous. Be ready for the unexpected in their words and actions. Don't take chances unless you know what you're in for and be prudent.

**Events:** Large quakes and nature forces may threaten thousands of victims to relocate to rebuild a new life. Terrible tragedies such the Kobe, Japanese earthquakes and many volcanic eruptions have happened under this configuration and thousands of people were forced out of their homes because of nature's destructive forces.<sup>3</sup>

**Shopping:** Buy anything for children as long as it is not new. This is a great time to get rid of the extra stuff clogging the house or the garage, and a garage sale

<sup>1</sup> Under the same destructive stars in LIMA, Peru — A Peruvian air force plane carrying civilians fleeing El Niño-driven floods crashed into a canal that cuts through a shantytown in the northern city of Piura Sunday morning, killing at least 28 people.

<sup>2</sup> Expect this type of news again and again: – Death toll jumps in London commuter train crash — A shattering train collision near Paddington Station during rush hour Tuesday morning killed at least 26 people and injured scores. Police said more bodies were still trapped in the tangled wreckage of the crash, which happened in Ladbroke Grove in west London, about a mile (1.2 km) from the Notting Hill neighborhood.

<sup>3</sup> Expect news such as – VILLAHERMOSA, Mexico: The Mexican government declared a state of emergency Tuesday in four states where rampant flooding has caused seven rivers to overflow, killing at least 15 people and forcing the evacuation of more than 100,000. Again, – VILLAHERMOSA, Mexico: Swollen rivers and mudslides have killed at least 83 people throughout Mexico, officials said Thursday. The rains that flooded 10 states in eastern and southern Mexico have driven more than 157,000 people from their homes. Also, several people got hurt as a quake rattled southwest Turkey.

would not be a bad idea. Do not invest in silver, gold or expensive items. Anything to clean the house will do you well.

**August 9, 2013 — Mercury enters Leo:** This next trend's promise is a rich mixture of love, romance, creativity and children. Many thoughts will be geared towards immense feelings of both hope and true love. Souls born with Mercury in Leo will be gifted with natural managerial dispositions. Many of them will be shrewd in business, and attracted to professions offering fame and fortune. Artistic talents involving music, dancing, and painting will lead these souls toward the great fame and security they seek. This position makes for one of the most mentally domineering signs of the Zodiac where the soul will be forced to learn humility and service to others. This Mercury position will lead the soul toward success in many artistic endeavors. An opportunity to experience mental fame is also offered to the soul. The parent educated in Astro-Psychology will realize the child's gift and promote the new soul towards communication, acting or writing.

**THU., FRI., SAT., SUN., MON. — AUGUST 8, 9, 10, 11, 12:**

*RULERS — Mercury (Travel) and Venus (Feelings)*

**Work, Career and Business:** This New Moon will make your life much easier, embrace her upcoming blessings white light, and then take your opportunities. Do not try to push your business until she lights up. Advertisements, important calls, traveling, and meetings will pay off if you learn to wait for the green light. Use "*Moon Power Starguide*" wisely and respect the Universal Law. Knowledge is power; have faith in your abilities.

**Partnerships:** Mercury rules the mail, telephone and communications in general; expect disturbing calls before the new moon to reach you. Deal with it now and clean up the situation before the New Moon. A get-together after work could also be a great idea; Mercury will have everyone "*gossiping*."

**Family and Friends:** The very last days of the waning moon did sap your spiritual and physical energy. Help those in need to clean up their mess generated by karmic experiences. Let no one exhaust your spirit, and show no frustration to loved ones.

Some of your friends need spiritual regeneration, even a helping hand; as usual do so but realize your limits. Use Venus' generosity and show your love to everyone. Avoid spending too much time on the telephone with a depressing person and mention the good moon.

**Love Affairs:** Don't be too picky or demanding with those for whom you care; no one is perfect. However, use your head not your heart with someone who drinks too much, and realize your limits if you are in a deceiving relationship. With Venus around, the opportunity to find love will be given to you after the New Moon. If you were born in September you may decide to work harder on your diet or your looks. A friend born in July has a few thoughts for you. You may also use Uranus in Aries to learn all about yourself and your partner with a comparison chart for the two of you.<sup>1</sup>

**Travel and Communication:** You may feel like traveling either physically or spiritually, make the most of an upcoming opportunity. Get your wheels in action; prepare for traveling under the protection of the New Moon.

**Environment:** Recharge your batteries; a trip to the mountains is strongly recommended. Both Mercury and Venus will make you appreciate the beauty of Mother Nature. Many environmentalists will make serious progress and get the attention they deserve. Sad news from the ocean or the Middle East may reach the media soon.

**Famous Personalities:** A famous person will promote a new product pertaining to health. News of water management is also on the horizon. A notorious religious person could make depressing news soon.

**Events:** Mother Nature may decide to disturb us with bad weather. Negative news may come from the ocean or the water. Be aware of abductors; this type of energy has swiftly taken many children away and also a plane away from its initial course.

**Shopping:** Do not poison your mind with imagination and fears of the apocalyptic end of times. Use your own positive thinking to avoid negativity entering your life or your body. Some may decide to join spiritual groups or invest in far away trips. Anything to clean can only be a good thing to buy now.

**TUE., WED., THU., FRI. — AUGUST 13, 14, 15, 16:**  
**RULERS — Pluto (Climax/Secrets) and Jupiter (Doctrines)**

**Work, Career and Business:** You are now walking on a fine razor blade and it's very windy. You know what I mean! You'd better use all the "*savoir faire*" you know. A serious wake-up call will come to many unaware skeptics of predictive Divine Astrology's powers. The possibility to lose it all (*and rebuild it*) will be a serious matter for some karmic souls. You will be able to see exactly what's wrong in your business life soon. The new Moon will help you make all the changes needed. Have faith in yourself.

**Partnerships:** Many ugly secrets may surface now. You could learn something sexual or financial about a partner. Keep his trust; do not divulge the secret.

Money will play an important part of this trend; listen to your intuition in all you do. Venus will help tone down the stress induced by Pluto.

**Family and Friends:** Be patient with all. Do not expect anyone you care about to be diplomatic to you during this trend if Venus (*diplomacy*) is weak in his or her chart. Again, do not fall for Pluto's destructive or sarcastic remarks; words of love will pay off in the long run. Be ready for some dramatic news from someone close to you. Whatever happens, be strong; life must go on. Pluto will work to your benefit.

**Love Affairs:** Passion is in the air. Secret affairs involving sex and passion may be publicly divulged, forcing people to take stands to destroy and rebuild relationships. This might happen to you too. In any case, use tons of diplomacy to save unwanted trouble in your love life. If you are a water sign such as Scorpio, Pisces or Cancer, this lunation will touch you directly. Leos must take it easy at home and avoid traumatic experiences involving the police force at home.

**Travel and Communication:** Expect news pertaining to the police force and crooks. Nature's destructive forces will be obvious in some parts of the world. Be careful of what you do or say during this trend. Drive carefully, and stay clear of weird strangers and strange places. Again, if you learn about someone else's secret, do not tell, you may be asking for trouble. Your intuition will be accurate; listen to the little voice within.

**Environment:** Pluto belongs to the Divine family and has specific regenerative work to accomplish, and his impact on earth and its people is needed. As Pluto destroys it all, he also gives the opportunity to rebuild stronger and better. Be ready for all sorts of dramatic news everywhere. Stay safe; don't try the devil. Many people will lose their precious lives. <sup>1 2 3</sup>

<sup>1</sup> Expect such news COLLEGE STATION, Texas — Had Brandon Kallmeyer dozed off and let his truck slide onto the shoulder almost anywhere else, he might have simply awakened and steered back onto the highway. But police said Kallmeyer tragically veered off a straight, flat four-lane road at precisely the place where a group of college students had gathered en route to a fraternity party, leaving six dead.

<sup>2</sup> GABORONE, Botswana (AP) — A disgruntled airline pilot today commandeered an Air Botswana plane at the country's main airport, circled above and crashed it into two planes on the ground in a suicide mission.

<sup>3</sup> More, ACALAMA, Mexico — The danger of new erosion forced rescuers to abandon their search for victims of another landslide in southeastern Mexico that has left as many as 170 dead.

**Famous Personalities:** Some famous people will be called back to God. A famous person's secrets will be made available to the media. <sup>1</sup> Secrets comes to light under Pluto. <sup>2</sup>

**Events:** Hopefully with the New Moon, lovely Venus and knowledgeable Jupiter, we can only hope they will stop Pluto from damaging us by way of dramatic happenings. With the Lord of Hades in Sagittarius (*religion/foreigners*) we can only expect drama in these areas. If you are a Police officer or a security guard, be very careful during this trend. The wildest crooks may be facing you soon. Don't take any chance and stay alert. Often the police make dramatic news and kill people. <sup>3</sup> *(If you know someone involved with the police or dealing with death on a daily basis, offer him/her a copy of my book. They may well avoid serious trouble and perhaps save their life.)*

**Shopping:** As Jupiter is with us, a visit to your local church for God's guidance or your favorite psychic/astrologer will do you well. Anything bought now that can be used for metaphysics will bring unusual power to you. Alarms bought now will stop the crooks.

**August 17, 2013 – Venus enters Libra:** A trend loaded with communication related to peace, treaties, justice, partners, contracts, legal activity, marriage and divorce. Many thoughts will be geared towards finding a better working environment or a new business partner. souls toward the balance they seek. This position makes for one of the most well balanced signs of the Zodiac. The soul must avoid being too diplomatic with others and may be suffering a lack of expression and direction. However, an opportunity to experience justice, real love and harmony is offered to the advanced souls.

**SAT., SUN., MON., TUE. — AUGUST 17, 18, 19, 20:**

*RULERS — Saturn (Politics) Uranus (Explosions) and Neptune (Deception)*

**Work, Career and Business:** This busy trio will be with us for the next few days and a few surprises will bring about progressive changes. Do not turn down an invitation, as a professional contact could bring people who will positively influence your career. Expect a new beginning concerning your service to the world or your career. Work that you are doing leaves you unsatisfied and is a source of stress; you might be forced to change direction. Many souls are late starters in life and no one should feel depressed about it. Resolve to find a new career that fits your natural talent. The lucky ones can expect a well-deserved promotion. Use Neptune's intuitive power to find your way through the clouds.

**Partnerships:** Stand strong against opposition; don't let others pressure you into pursuing their opinion instead of your own. Meditate on the possibility of improving and understanding where your partnership is going. Did you make the right choices and can you live with them? If not, there won't be a better time to deal with those questions; Uranus' desire for change and freedom will help you to transform it all. With the waxing Moon upon the world, nothing can really go wrong if you act scrupulously.

**Family and Friends:** Make the most of this great trend. Some friends may invite you to a gathering or a party soon. Enjoy this opportunity and be ready for lovely surprises. Uranus also makes the children very active and accident-prone. They will lean heavy on you; so be patient with their young demanding spirits. No one but yourself can bring about joy in your life; just participate with an open heart. Let the children enjoy Uranus' world of miracles, maybe by going to Disneyland or the zoo. Keep your eyes on everything they do and everywhere they go. Saturn will make it hard to forget your responsibilities. You should enjoy your life while you can tomorrow is another day.

**Love Affairs:** Expect interesting surprises during these days, many friends will bring some of your dearest wishes. With Uranus' touch (*surprises*) try doing things you would usually not do and go to places you have never been. Love is around the corner for some willing to go out and get it. If you are a Taurus, a Capricorn or a Virgo may enter your life. Leo, Sagittarius and Aries, your magnetism will be very high and you will also be in demand for love.

**Travel and Communication:** Some lucky souls will travel far and fast or make great plans to visit the past soon. Uranus rules electronics, the future, astrology, psychic phenomena, and UFOs. If you want to see something unusual, talk about it and do it now! Who knows, Uranus may decide to grant one of your important wishes. Keep an eye on your possessions and avoid drinking too much in public places.

**Environment:** On a sad note, keep in mind that Uranus rules earthquakes and volcanoes. He may also decide to disturb the weather or produce a violent explosion. Let's hope the positive Moon will stop him from getting close to you and those you care about. <sup>1 2 3</sup>

**Famous Personalities:** Be ready as usual for strange types of news coming from some extroverted celebrities. Much will be done for children during this trend but this type of energy can also be surprisingly dramatic. Uranus took the life of British singer Eric Clapton's baby son in New York a few years ago. The unattended child felt to his death from a high building. Be aware, be prudent and watch the children closely.

**Events:** Under Uranus' surprising power anything weird could happen. The news will be somehow original. Avoid playing in the rain; many people have lost their

This is the time to pay a visit to your future and your favorite "*spiritual guide*." A sense of freedom and brotherhood will be felt all over.

**FULL MOON — August 21, 2013 in the explosive sign of Aquarius:** Expect some serious surprising or shocking developments to take place in the near future. NASA could make shocking news again soon, especially if they avoid using the value of the stars. This is the same energy that produced many mishaps with expense electronic equipment and the death of many courageous astronauts. Also under Uranus power the Middle East suffered the "*U.S. surprise bomb attacks*" on Saddam Hussein's forces in Iraq. This energy can affect sophisticated electronic equipment and could produce bad aeronautic accidents. Unlucky children could suffer this disturbing dramatic lunation; keep an eye on all of them. They are accident-prone for a while. Just be ready to accept the upcoming changes with faith in God's desire to restructure the earth's crust. Be ready for nature's devastating forces, producing destructive weather, tornadoes, earthquakes and volcanic eruptions. Expect anything surprising, even incredible including out space manifestation to take place soon. Be ready to see the real power of Uranus, the planet of sudden releases of energy, in action. WED., THU., FRI., SAT., SUN — AUGUST 21, 22, 23, 24, 25:

RULERS — Neptune (*Belief/Dreams*), and Mars (*War/Aggression*)

**Work, Career and Business:** You still have a few days in front of you to push forward, but then be ready for the impact of the Full Moon. An important decision involving a business situation will have to be made. Wait patiently for the next New Moon (*positive*) to restructure or sign important documents. Don't let Mars show his aggressive face to those close to you. Try to be nice to others.

**Partnerships:** Just before the Full Moon, expect interesting news coming your way via your telephone or mailbox. It's time to realize the truth about yourself, a situation or a person whom you trusted. Make the most of what is left of the waxing Moon, get out of the gloom and do something interesting this weekend. The Dragon's Tail will bring consternation and needed changes to you soon.

**Family and Friends:** The family circle could be quite the dramatic place for a while. Again do not let aggressive Mars and the Full Moon take over your words or your attitude. Keep emotions in control and be ready for secrets to surface. You can still have a good time, enjoy life and friends, but be aware of what you say or do. Do not lend money to anyone.

**Love Affairs:** Mars and Neptune's captivating personalities will stimulate sexual activity; your magnetism will improve dramatically. As always with Neptune take precautions if you are sexually active. If you're married, plan a romantic dinner with a great French wine and soft music. You have a few more days to enjoy what's left of the good celestial energy; make the most of it. If you are an air sign such as Aquarius, Libra or Gemini, you may feel a strong sense of independence and freedom enveloping you. If you're a Cancer expect some stress in your relationships soon. You may be in for a long over-due change where you could experience real love.

**Travel and Communication:** You may uncover a clandestine relationship or a secret about someone who travels a lot. You may be forced to look inside yourself and see your own strengths or weaknesses. Don't take any chances on the road and avoid flying after the Full Moon. You'd better stay away from anything that

moves, as this lunation will take many lives. Always plan your trips before the Full Moon and you will save yourself much unwanted trouble. (*Use the power of Moon Power Starguide and help those in trouble with life.*)

**Environment:** In time of a Full Moon and with ruinous Mars around we can only expect nature's destructive forces. Drama and demise are around the corner; protect your self at all times. <sup>1</sup>

**Famous Personalities:** A serious wake-up call is in for some. More secrets, more drama, more doom is on the way for famous people. This upcoming Full Moon will be nasty for some well-known people. Germany will make some stressing news and a famous Army figure will be called close to God, having terminated his work on earth.

**Events:** The powerful Dragon will steer the religious fanatics and many of them will get out of hand. Pray for the safety of your loved ones, as this lunation will be extremely difficult. Stay home and watch a good movie is my best advice; let the drama reach the unaware souls. You will see and appreciate the power of *Moon Power Starguide* and the importance of letting others know about my work. <sup>2</sup>

**Shopping:** Now is the time to buy pesticides and things of this nature. If you want to get rid of something, now is definitely the time. Make absolutely no investment in weapons, sharp tools, or anything that could explode. Let this nasty energy dissipate; stay safe.

**August 28, 2013 – Mars enter Leo:** Many thoughts will be geared towards an immense feeling of responsibility and true love for the children of the world. Souls born with Mars or Mercury in Leo will be gifted with a natural managerial disposition. Many of them will be born shrewd to business and attracted to the

professions offering fame and fortune. Artistic talents involving music, dancing, and painting, will lead these souls towards the great fame and security they seek. This position makes for one of the most mentally and physically domineering signs of the Zodiac. As with Venus in Leo, this Mercury position will lead the soul towards success in many artistic endeavors. An opportunity to experience mental fame is also offered to the soul. The downfall is the misuse of the creative forces of the Sun, producing egocentrics. Those young souls would do anything to attract attention to themselves, by behaving and dressing eccentrically in public, body piercing, hair coloring, over tattooing etc. This need for attention reflects a subconscious fear of inferiority and turns them into ridiculous disguised shining puppets of the stars.

MON., TUE., WED., THU., FRI., SAT. — AUGUST 26, 27, 28, 29, 30, 31:

RULERS — *Mercury (Division) Moon (Endings) and Mars (Danger)*

**Work, Career and Business:** This powerful long trend will be quite dramatic, emotionally stressful, and depression and difficulties are ahead for many of us. Work and career matters won't please you much. Serious changes are on the way. Make the most of Mercury's revitalizing energy to plan a form of rebirth in your working life. Be patient; anything weak or insincere must give way.

**Partnerships:** A long-standing partnership could be coming to an end, possibly because you sense that you may do better by yourself, or maybe your partner lost his enterprising spirit. Avoid nurturing depressing thoughts and provide spiritual help for those who have been touched by these difficult changes. Mercury will help you to pass on the right words to those in need. Avoid complaining and hold back your negative words and thoughts.

**Family and Friends:** Your maternal instincts will show and will be needed for your children. Share your knowledge with them. A friend needs help, reflecting the full impact of this difficult Full Moon. The subconscious response to the moon's fluctuations upon humans is referred as "*lunatic behavior or moodiness*," and right now you may realize this yourself. Expect the beginning or ending of important parts of your life. Anticipate some surprising news from children; some people close to you need serious attention and plenty of love. Help a close friend deal with a departure.

**Love Affairs:** Ask yourself about your deep feelings for a person who seems to be moving away from you. An old lover from your past may surprise you soon. An old friend who lives far away may need to communicate with you. Don't expect great news, and provide the help required, as long as you are not being used. Another person from your past will bring you relief but could also mean more trouble for you than anything else. If you were born under a fire sign, such as Leo, Sagittarius or Aries, don't let the Full Moon depress you. If you are a Scorpio you will be forced to deal with some drama at work.

**Travel and Communication:** A business deal that would have required you to travel may be postponed or canceled without much notice. Don't let it get to you and avoid promoting important business just yet. Expect the mail and your telephone to bring you difficult news. Keep a strong spirit and face life's difficulties with faith and courage. Remember if there is a hell, its right here on this dense physical world. Have faith in your abilities and face all that comes your way with courage.

**Environment:** The Moon's energy could also make the human race aware of its vulnerability against the shocking destructive forces of nature. It's time for her to stretch herself and restructure her insides.

**Famous Personalities:** The rich and famous will be planning an event for the well being of many children of the world. Their artistic gifts will benefit numerous organizations. Some others may make surprising news trying to use Mercury for free publicity. An accident on the road could take a prominent person.

**Events:** You will hear about the military performing deeds that will aid the general community and save lives from a disaster area. Thousands of people will be forced to relocate to start new lives. War and destruction is a part of this lunation.

**Shopping:** Anything that needs to be replaced in the home or the garden may be bought now. Avoid signing anything related to real estate endeavors. Do not invest in appliances or a car just yet.

# Welcome to Your Day-To-Day Guidance For September 2013

SUN., MON., TUE. — SEPTEMBER 1, 2, 3:

RULERS — Mercury (*Traveling*), The Moon (*Ending of Life*)  
and the Sun (*Love/Matters/Explosive News*)

**Work, Career and Business:** You may find yourself discussing goals for the future with someone close to you. Some will even sell their homes or move to better locations. Life is a process of constant change and this lunation will touch you or someone close to you. Make the most out of this change and trust the upcoming future. Not exactly a time to promote any endeavors, sign contracts or travel; wait for the upcoming *New Moon* to move or deal with important matters.

**Partnerships:** Time to promote only faith and have confidence in all you do. This type of energy will be difficult for some as they might be forced in or out important situations. Accept those changes you may not be able to control. You might be going through a hard time now, but the Universe will pay you back in spades if you learn from your experiences and keep faith in yourself.

**Family and Friends:** Listen to your friends' stories and be ready for the beginning or ending of an important part of their lives. Keep in mind that the Moon is waning (*negative*) and those unexpected changes must be faced with courage no matter what. Give special attention to the children these days and provide them guidance if needed. Their young and fragile spirits need constant reassurance and appreciation. Also, with the Sun in charge you might stimulate their creativity and enjoy their youth and boundless energy. This energy could also work against them, and some may be accident-prone, so watch them carefully.

**Love Affairs:** Some people might surprise you; however, don't dream or hope for finding a lost love now. Be ready for the beginning or ending of an important

part of your life. If you are stuck in the wrong relationship, this lunation will force you out of this stressful situation very soon. Accept the upcoming changes with grace and have faith in the future. Those changes will bring someone worthy of your feelings. Wait for the next upcoming *New Moon* to get active in your social circle again. Your friends possess all your wishes and you should spend more time with them, especially if you are single and looking for love. For those born in May, a Pisces or a Virgo will be strongly attracted to you. Enjoy a great show when possible; you need to forget a few things in your own life.

**Travel and Communication:** With the waning Moon affecting our psyches, tears and depression might be a problem. Keep busy, avoid negative thoughts of the past and look for positive endeavors. Free yourself from pessimistic people or stressful situations; use your will and surprise others with a formidable optimistic attitude. Be a defensive driver ever ready to give way to the crazies of the freeway. Plans to travel far may be imposed upon your life by Uncle Sam and go back to your past.

**Environment:** The weather will turn very nasty in some states, and many will lose their lives and possessions. Thousands may be forced to relocate due to dramatic experiences with nature. A loss of power is part of this trend; don't take any chances, stay safe.<sup>1</sup>

**Famous Personalities:** An important figure could suffer a heart attack or surgery! A naughty love affair may dramatically end. Some unlucky children could be involved in awful accidents.

**Events:** On a large scale, many governments may also make news that will affect all of us. Disturbing news may be coming from the U.S., France or Japan.<sup>2 3</sup>

**Shopping:** It's the perfect time to give old toys or clothes to unlucky children. Avoid spending money on expensive items for your own children. Now is not the

time to find good deals in your local flea market. Spend time doing something creative; it doesn't have to be a masterpiece, just something to ease your spirit. We are getting closer to the *New Moon* and all will be much better soon.

**NEW MOON — September 5, 2013 in the practical, health-oriented sign of Virgo:** Much progress is ahead of you in terms of employment and foreign affairs. Mercury rules this critical sign, so the affairs of work and health will be on the rise. Expect an overwhelming feeling of perfection and an unusual worry about health and working on foreign grounds; do not let this lunation pressure you. This trend will play an important part in your health and working life and in some ways will affect your environment. You may be forced to let go of a deteriorating working situation and forced into a new one. The emphasis is on the body (*perfect health*) and the mind (*education*) to perform efficiently in serving the world at large. All the changes you may be forced to experience are positive in nature, and will in the long run further your deep desire for a better state of affairs.

**WED., THU., FRI. — SEPTEMBER 4, 5, 6:**

**RULERS** — *The Sun (Love/Surprises/Children) and Mercury (Mental Power/Siblings/Trips)*

**Work, Career and Business:** Some surprising developments are on the way, but with the Full Moon upon us don't expect them to make you happy. Progress will still be made in the few weeks ahead of you, but be ready for a bumpy ride. Take on new technical studies, or improve your knowledge of computers as this endeavor will give you better opportunities later.

**Partnerships:** Don't take any chances these days, keep a low profile; use Mercury's creative power to clean up a business situation. Important legal papers might come your way; sign them only if it is to get rid of an unhealthy situation. Whomever you come in contact with, don't misbehave in public.

**Family and Friends:** Keep busy with close friends and family; watch the children, as they will be accident-prone. In the past, many of them got in trouble or had accidents during this type of lunation. It's a great time to enjoy the people you know well, but because of the waning Moon, avoid overcrowded public places. Don't expect new people met under this lunar cycle to bring many of your wishes.

Some friends have surprising even disturbing news for you and could affect you emotionally. Again, watch the children. They are accident-prone, especially on the road with fire, weapons and explosives.<sup>1</sup>

**Love Affairs:** Expect aggravating surprises coming your way and learn to let go of deceitful people. Do not invite interlopers into your home, and socialize only with the friends you know well. Make good use of the waning moon; learn to relax, enjoy nature and the sea, and look for inner peace. If you're single, a chance to find the "*right one*" will be given to you at a later date. What you may perceive as love, may enter your life but without much to expect. Use your head on Friday night, not your heart. If you were born under the sign of Leo, an Aries, an Aquarius or a foreigner born in December could be a source of trouble in your life. Wait for better auspices.

**Travel and Communication:** Not a time to take chances at flying unless your purchase your ticket in a good moon auspice; many karmic souls will pay the ultimate price. Expect all sorts of little problems arising, which could turn lethal for some unlearned souls. Anticipate disturbing telephone calls from friends in trouble; as usual, provide spiritual help but know your limits and stay clear of depression.

**Environment:** Earth activists will feel this puritanical lunation and will do all they can to protect nature and wild life; some may fall victim to ill-advised conflicts with unscrupulous large organizations. Expect unusual oceanic or earth activity soon that could prove disastrous for the environment. Not a good time to play with fire, as explosions is very high on my list of trouble for this specific trend. The news may bring about startling explosive developments.

**Famous Personalities:** Certain famous people will find themselves in difficult situations. Some will try anything to get the attention they need. Eccentricity is in the air and could lead to the use of force or involvement with the law.<sup>2</sup>

**Events:** Expect massive power outages without readily known causes. NASA could make some bad news soon due to poor weather conditions or electronic

**Shopping:** Do not invest on anything electronic; you will not get a good deal. Do not invest in toys for your children now; they could prove to be fatal at a later date. Some will plan to travel to Europe.

**September 9, 2013 — Mercury enters Libra:** A trend loaded with communication related to peace, treaties, justice, partners, contracts, legal activity, marriage and divorce. Many thoughts will be geared towards finding a better working environment or a new business partner. Souls born now will be gifted with a natural ability for diplomacy and “*savoir faire*.” The opportunity to learn everything under the sun is offered to the soul. Many of them will be born with aptitudes for judicial investigation and psychology. Some will be attracted to the professions that offer artistic skills, such as interior designing. Fame and fortune will come to the writers and teachers. Artistic talents in harmony and mental health will lead these souls toward the balance they seek. This position makes for one of the most well balanced signs of the Zodiac. The soul must avoid being too diplomatic with others and may be suffering a lack of expression and direction. However, an opportunity to experience justice, real love and harmony is offered to the advanced souls.

**September 11, 2013 — Venus enters Scorpio:** With the love planet, in the dramatic sign of Scorpio, secrets will come to light and if you are in a weak situation Pluto may force you to rebuild your partnerships. This trend will allow many souls to see clearly and do serious cleanup in the near future. The lucky ones will start lifetime commitments blessed with love and happiness. If your natal Venus is in a good aspect to Pluto, your sensuality will be extreme, and sexual relationships will be for the better. Souls born now will be given the opportunity to experience love on the emotional level, and much drama is to be experienced there. If Venus is badly afflicted, “*La Femme Fatale*” or the “*Black Widow*” will suffer many disturbing relationships (*Elizabeth Taylor is a good example*). A full commitment is needed with this position, and the soul will have to use its head in affairs of the heart.

Blessed with such a powerful location, Venus in Scorpio will endow the soul with incredible magnetism. Some karmic souls will have to learn to be less emotional and more critical in their natural jealousy. This position makes for one of the most emotional but beautiful and loving partners. Usually artistic talent is present with this position. Those souls are born to experience love on an emotional and dramatic level. Due to the emotional Scorpionic intensity, this is a top position for those involved with the arts.

**September 11, 2013:** The anniversary of 9/11 and the memory of what took place on these days will affect many people all over the world. All the memorable activities will take place just before the *New Moon* at the lowest time of the month, thus many souls will suffer this depressive lunation. Just be ready to provide as much help as needed and do not lose faith in the future. Note: the September 2012, Terrorist Attack on the US Consulate in Libya – PREDICTED!

**Note:** Pluto is back with us; be **VERY** careful of what you say, where you go and what you do! Unaware police officers and/or criminals will meet with their death. SAT., SUN., MON., TUE., WED., THU. — SEPTEMBER 7, 8, 9, 10, 11, 12:

RULERS — *Venus (Lure) Pluto (Death) and Jupiter (Luck)*

**Work, Career and Business:** Even in this good Moon phase, Pluto's deadly touch is upon us, so keep a low profile and be aware of all you do or say. Some won't be able to stop the upcoming changes and drama. Your intuition about situations will be quite accurate. The future has much better to offer and you should be confident in your dealings. Jupiter, "*the Lord of Luck*," will make the transition easy and may decide to throw you some luck; listen to your intuition. There will be a serious wake-up call for some people who did not respect others. Avoid dealing with money now.

**Partnerships:** Money will also be on your mind and serious decisions will have to be made soon. Wait for the upcoming *New Moon* to share new ideas with others. You may take calculated chances now, but you'd better know your limits. As always with Pluto around you can only expect to dig into other people's financial or sexual secrets. Become involved with the world of investigation, metaphysics or astrology and promote your own cosmic consciousness. The Lord of mysteries may reward you with ultimate light if you take a chance to find answers in the "*forbidden*" world. Use diplomacy in all your deals and stay on the right side of the law.

**Family and Friends:** Emotions and passion are running high these days and Pluto may induce sexual encounters with magnetic strangers. Keep an eye on strangers that may be brought into your home and watch over your children.

**Love Affairs:** Do not take chances and listen to your intuition wherever you happen to be. If you are in a relationship, this is a great trend to stimulate your spouse or lover for some good lovemaking. Good wine, candlelight, soft music and your imagination are all you need with sexual Pluto involved. Jupiter may decide to send you news from a faraway friend. Any new relationship started now will be full of sex and passion. Better take precautions if you are a single person and be ready for that "*new*" relationship to be full of drama. Spend some time in the wild; Jupiter will replenish you with fresh air, fresh spirits and a new approach to life. All the water signs will feel Pluto's allure and will become walking magnets.

**Travel and Communication:** You may receive news from far away or give presents to a deserving family member or dear friend. You can also expect your telephone to be busy and interesting mail to come your way. Don't try to be in too many places at the same time and if you have to drive, take a little extra time to get there; don't rush as the police could spoil your day. People from the past will get in touch with you. Be aware on the road with Pluto in charge these days absolutely anything nasty can happen to you now.

**Environment:** Pluto will surely trigger the earth's entrails somewhere in the world and produce dramatic news with the weather. Many human and animal lives have been lost during his dramatic reign. As usual, be ready for negative news. <sup>1</sup>

**Famous Personalities:** Pluto will reward those who will take chances but prudent too. Many lives will undergo metamorphosis and Jupiter will extend their minds and horizons. Many secrets will come to light. A very famous public person may go to the other side.

**Events:** If you are a police officer or a security guard beware of Pluto. The crooks will be active and deadly. Passion may ensnare a lost spirit, and Pluto will lead the unwise young spirit to kill innocent people. The worst of Pluto's choleric thunders and lightning are about to strike the earth. <sup>2</sup> Don't take chances now.

**Shopping:** Invest in anything that can clean or kill pests. Do not invest in anything that could bring danger to those for whom you care.

**FRI., SAT., SUN., MON., TUE. — SEPTEMBER 13, 14, 15, 16, 17:**  
*RULERS — Saturn (Uncle Sam/Regulations) and Uranus (Explosions/Shocking)*

**Work, Career and Business:** Following the last few days of destructive Pluto in our lives, Saturn's restructuring power will be a blessing for some organizations and your own business. Expect a new beginning offered to you. Uranus might also throw great surprising developments your way. With the *New Moon*, get active and get what you need; the timing is now right. If the work that you are doing is inappropriate or stressful, with Uranus in charge you can only happily look for the needed changes. Resolve to find a new career soon and for the lucky ones expect a well-deserved promotion.

**Partnerships:** Be original; don't let others pressure you into following them instead of your own heart. You will not build anything until you break new ground. Stressful situations stimulate you to become more independent. Meditate on where you are going in your life and don't be afraid of tomorrow. There is no better time for new and progressive change. Be nice to others and get active on the social scenery.

**Family and Friends:** Expect interesting surprises during these days as many will be back with the people of their past. Uranus also makes the children very active and they will drive you a little crazy. Don't be afraid of computers; a study in this area will open many new opportunities. Watch the children carefully this weekend, especially close to bodies of water.

**Love Affairs:** Friends will call you and with Uranus' touch (*surprises*) try-doing things you would not usually do and go to unusual places on a whim. Visit your future and invest in astrology or the psychic phenomena. Time for catching UFOs on film, and see them materializing in this dense physical world. If you want to see something astonishing go for it now! Uranus may decide to grant one of your important wishes. Love can be found now; get active, do not turn down any invitations. If you are an Aries, a Libra or a Leo may fall for you. An Aquarius friend will surprise you.

**Travel and Communication:** You may be thinking to visit your past. Do not turn down an invitation, as a professional contact could bring people who will positively influence your career. For this occasion, you may feel like spending some money on your car. Some may get stuck in airports as Uranus may disturb electronic equipment. If some of your plans get canceled; don't be mad, be patient.

**Environment:** On a sad note, keep in mind that Uranus rules earthquakes. Thus volcanoes, earthquakes, explosions, are high on the list. Let's hope that he won't do anything silly now, but he usually does. Flying is fine but the weather will make the trip bumpy. A blackout or trouble with electronics is high on the list too.

**Famous Personalities:** Many famous people will be really active in helping those less fortunate. Beautiful music, great movies and great actors of the past will come alive.

**Events:** Saturn rules politics, so expect surprising announcements from foreign governments. <sup>1</sup>

**Shopping:** Electronic components will fail; you may be forced to invest in new equipment. You may want to pay a visit to your future and meet with your favorite "spiritual guide." Any electronic tools bought now will bring you luck in your business.

**FULL MOON — September 19, 2013 in the religious sign of Pisces:**  
*"Dr. Turi's famous 2001 911 WTC destruction – and the 2012 911 Benghazi attacks prediction printed a year before."*

**Important Memo:** The same Neptunian energy produced the terrorists WTC destruction of September 11 in New York. Note also that on March 26, 1995,

<sup>1</sup> Under Saturn's power, in 1997, Africa, many armed men staged a coup attempt in Sierra Leone. President reportedly flees to Guinea. Armed men launched a coup attempt and said they had taken power in this West African nation. A spokesman, who identified himself as Cpl. Gborie, went on national radio and said that junior army ranks had ousted President Ahmed Tejan Kabbah.

I made this prediction on Coast To Coast, with Art Bell. *“The U.S. will undergo a religious war with the Middle East in a few years from today.”* Two years prior to the attack this is what I wrote in *Moon Power Starguide*. This exact portion of *Moon Power Starguide* and its deadly message was posted on my site [www.drturi.com](http://www.drturi.com) two weeks prior to the destruction of both towers.

Pisces rules the Middle East, religion, drugs, alcohol, deception, the difficult abortion dilemma, the Pope, the church, oil, etc. This could also mean bad news for denominations where religious figures will “*pass over.*” Deception, illusion and secret affairs are on the agenda. This lunation marks a significant point involving the U.S. and the Middle East conflict and will negatively affect the young generation. Many souls will suffer this disturbing lunation. Just be ready to provide as much help as needed and do not lose faith in the future. More devastating forces producing destructive weather and floods will make themselves known in the very near future. Expect a general feeling of hopelessness to plague the media and church authorities. Deceiving news will take place and affect many of us; some desperate souls will fall for Neptune’s suicidal tendencies, and some will end up in jail or mental institutions. This trend will be very difficult for some, but do not lose faith in yourself and trust the Universe; get all the help you can to fight Neptune’s depressing tendencies. Amuse yourself, keep busy and let go of the past. Life must go on. Anticipate shocking news about volcanoes, earthquakes, tornadoes, etc. Expect anything surprising, even incredible to happen soon; see in action the real power of both Uranus ruling sudden releases of energy, and Saturn forcing the government to take drastic action.

**WED., THU., FRI., SAT. — SEPTEMBER 18, 19, 20, 21:**

*RULERS — Uranus (Explosions) Neptune (Middle East) and Mars (War)*

**Work, Career and Business:** This trio's long impact will make life quite interesting for the next few days. Neptune's blurring nature may affect your judgment. Uranus will certainly bring some spice and surprise to your life soon. Be practical in all your expectations. If a business is not going well, you might be going in the wrong direction. Use all those above-mentioned planets to look for the right one. With the good Moon around, the opportunity might be in your local newspaper; take the time to cruise through it. Communicate your desires to whoever can help.

**Partnerships:** Come clear with what you mean. Some people could be deceiving; ask pertinent questions and watch their reaction. Be ready to support depressed partners, but don't let their problems affect your judgment and feelings. A trip related to your business life could prove beneficial. A contract or a deal may be offered to you; sign it before the Full Moon.

**Family and Friends:** Expect tons of action around you, and with Mars cruising above use patience and diplomacy with others. Uranus will bring new friends and the elements of love and joy this weekend. Mercury will join in and make us very communicative. Much of your time will be spent organizing trips, or getting in touch with your past. This trend will be an interesting one where friends and family members will try to get in touch with you all at the same time. This trio may drive you crazy and you will have your hands full of projects and not enough time to deal with them.

**Love Affairs:** Affairs of the heart will progress these days and the weekend could prove to be very interesting. Some teenagers need your attention; if you don't provide it, they could get themselves in trouble. Offer guidance and support to all in need, as they are not aware of the stars' impact on their lives. Some will be caught in love affairs of their past and may be deceiving themselves. Neptune will make you feel low of both mental and physical energy. If you are an air sign, expect much with love now.

**Travel and Communication:** The strength of Mars combined with the speed of Mercury may bring trouble on the road. Be safe; take the time to go places and give yourself plenty time to deal with everybody you care for. Use precautions and take your time if you have to travel far; don't let Mars or Neptune stop you. Most of all **DON'T DRINK AND DRIVE!** Neptune could get you into serious trouble. The past will become alive; deal with it and enjoy all the planning ahead.

**Environment:** Keep in mind that Mars is with us and many people will become aggressive, be patient with them. Uranus and Mars may decide to throw an earthquake or produce disturbing weather all around. Be patient with everyone.

**Famous Personalities:** This timing is ideal for meditation and renewing your faith in the universe. Pious rich and famous will prepare all sorts of activities to perform, and will give the checks to charitable organizations. Try your best to participate and provide for those in need.

**Events:** The last breath of the deceiving Pisces age is in full action. Religions, dogmas, fears, man-made hells, and imaginative stories of the Apocalypse will be soon replaced by more healthy approaches to the future. With Uranus in its own sign, the new Age of Aquarius will completely transform man's cosmic consciousness within the next few years. Before this celestial transformation the worst of Pisces religious fanaticism must be experienced by the world at large by producing terrorist acts, wars and madness all over the world. Have faith in the future and the celestial order imposed by the stars' eternal motions. Man can only grow and eliminate any form of spiritual poisoning through spiritual research.

**Shopping:** A great time to purchase anything related to metaphysics, your garden or look for a good spiritual healer. Anything related to checkups, investigations or cleansing is under good stars. Do not invest in dangerous tools or weapons just now and be cautious around water.

SUN., MON., TUE., WED., THU. — September 22, 23, 24, 25, 26:

RULERS — *Venus (Good Times) Mercury (Trips)*

**Work, Career and Business:** Your mind will wander about your position in this world and what to do to make it better. The deserving hard working may not benefit with well-earned bonuses or new opportunities and it might not be the time to promote their careers just now, be patient until the next lunation. Mercury will make you think fast, driving and running errands will have to be done. Be aware of the Full Moon's tension and be ready to change your schedule. Wait for the next *new Moon* to face important deals.

**Partnerships:** Some of the people you know will have to move away, or you yourself may decide to relocate to a better place within the next few days. Expect the beginning or ending of important phases of your life and others' too. Venus will endorse many gatherings with some colleagues you have not seen for a long time. Be ready to control your emotions during a waning difficult Moon.

**Family and Friends:** Expect a brother or a sister to surprise you. A friend might show up uninvited and thus affect some of your plans too. You may receive an invitation to socialize with some faraway friends or family members; use this opportunity to grow closer to them if you can. Against all odds, endure patiently this Supernova window, and enjoy these good old days. Don't forget that when the Moon becomes full and is waning, things may not go your way. A family member needs your advice. Be willing to consider the issue from his point of view; but avoid emotional involvement or forcing your opinion. Much time will be spent around the children taking about the upcoming Christmas trees. Prepare to enjoy the warmth of mother and the good food of your friends and your family.

**Love Affairs:** Do not expect much progress if you are looking for that special person just now. Some of the people from your past may also become weighty; stand for yourself without guilt. Friends will bring good memories; have fun but don't get caught up in the nostalgia. If you are a fire or water sign many will try to steal your heart. Have fun, but don't make any commitment if the person in question was met for the first time after the Full Moon.

**Travel and Communication:** You will have to run like mad to keep up with all the things you must accomplish. You will stay busy with all this activity and come in contact with interesting people. Combined with the Full Moon trend and a Supernova window expect all sorts of delays, forcing you to think twice as fast. Slow down; be cautious and prudent in your driving, too. Watch for crazy drivers around the city; they might not have read “*Moon Power Starguide*,” so don’t let them hurt you (*or your car*). Many will fly to faraway places early and will get caught in bad weather or find themselves stuck in congested airports. Keep in mind that Mercury may decide to confuse some electronics and bring chaos. Chain-reaction accidents, bad weather and black outs are very high on the list; be careful out there.

**Environment:** Expect surprises and explosions soon. Be aware of fire and keep an eye on the children. Chances are that nature will go berserk soon, so you don’t want to be a victim. She may demonstrate her power with shocking weather. Thousands of people may be forced to relocate, fleeing disasters, flooding or bad earthquakes.

**Famous Personalities:** A famous person (*or his child*) will make dramatic news. Expect news about famous or infamous people who have made history. The past will turn alive for a while.

**Events:** After the Full Moon, electronics may suffer or fail to function properly. This could produce another dramatic air crash. Not a time to take any risks in the air, unless you made reservations during a waxing trend. Expect the beginning or ending of an important portion of your (*and other*) lives.

**Shopping:** Think about spending money on wisdom and on those for whom you care, get your 2006 *Moon Power Starguide*. You can still find good deals on big-ticket items by comparison shopping. If you decide to visit Las Vegas’ casinos after the Full Moon, you may encounter stress but you could get lucky. Yes, someone will hit the jackpot in a waning Moon in Vegas, but the money will be spent on paying bills or tax and little will be left. Better make all your important plans after the next *New Moon* for your own sake.<sup>1</sup>

**Saturn still in Scorpio:** Saturn is karmic fears; Scorpio is sex, power and secrets. Secret societies were built upon gaining, controlling and keeping power for the group or the gang where sex and violence become the initiation process. Souls born with this position will do all in their power to reach power and could attract low elements of our society and criminals. The soul may fall from power to disgrace because of abuses and sexual secrets coming to light. This is the thirst for conspiracy talks because of an inner fear of power and be controlled by others. On a more productive side the advanced soul will amass both wealth and power elevating society to strict rules. Saturn rules also karma while Scorpio is impartial. There is also danger of sexually transmitted disease leading to death due to the control exerted with many sexual partners. People involved in secret services and spying were also born with such an aspect.

**September 29, 2013 — Mercury enters Scorpio:** A trend loaded with communication related to finance, sex, legacy, death and metaphysics for the advanced souls. Much thought will be geared towards finding the meaning of life for some, and for others finding the weakest part and reviving an unproductive business. Children born now will be gifted with incredible staying power, and natural abilities for investigation. The opportunity to learn anything hidden is offered to the soul. Many will be born with an aptitude for deep medical investigations or financial endeavors. Some will be attracted to the professions of danger such as the police force, or emergency service where quick thinking and courage can make a difference between life and death. Fame and fortune will come to the ones involved in writing and teaching, or to those deeply involved in science, research, and the medical or metaphysical fields. This position makes for one of the most intense researchers of the Zodiac. The soul must learn to use diplomacy in times of confrontation and may suffer a lack of communication skills. However, an opportunity to experience cosmic consciousness and spiritual peace is offered to the advanced soul. This celestial position makes the thoughts deadly and attracted to drama and natural bred terrorists.

**FRI., SAT., SUN., MON. — September 27, 28, 29, 30:**

**RULERS — Mercury (*Traveling*) the Moon (*New Starts/Endings*)**

**Work, Career and Business:** Your mind will wander about your position in this world and what to do to make it better. The deserving hard-working may not benefit with well-earned bonuses or new opportunities and it might not be the time to promote their careers just now, be patient until the next lunation. Mercury will make you think fast, driving and running errands will have to be done. Be aware of the Full Moon's tension and be ready to change your schedule. Wait for the next *new Moon* to face important deals.

**Partnerships:** Some of the people you know will have to move away, or you yourself may decide to relocate to a better place within the next few days. Expect the beginning or ending of important phases of your life and others' too. Venus will endorse many gatherings with colleagues you have not seen for a long time. Be ready to control your emotions during a waning difficult Moon.

**Family and Friends:** Expect a brother or a sister to surprise you. A friend might show up uninvited and thus affect some of your plans too. You may receive an invitation to socialize with some faraway friends or family members; use this opportunity to grow closer to them if you can. Against all odds, endure patiently this Supernova window, and enjoy these good old days. Don't forget that when the Moon becomes full and is waning, things may not go your way. A family member needs your advice. Be willing to consider the issue from his point of view; but avoid emotional involvement or forcing your opinion. Much time will be spent around the

children taking about the upcoming Christmas time. Prepare to enjoy the warmth of mother and the good food of your friends and your family.

**Love Affairs:** Do not expect much progress if you are looking for that special person just now. Some of the people from your past may also become weighty; stand for yourself without guilt. Friends will bring good memories; have fun but don't get caught up in the nostalgia. If you are a fire or water sign many will try to steal your heart. Have fun, but don't make any commitment if the person in question was met for the first time after the Full Moon.

**Travel and Communication:** You will have to run like mad to keep up with all the things you must accomplish. You will stay busy with all this activity and come in contact with interesting people. With the Full Moon trend expect all sorts of delays, forcing you to think twice as fast. Slow down; be cautious and prudent in your driving, too. Watch for crazy drivers around the city; they might not have read "*Moon Power Starguide*," so don't let them hurt you (*or your car*). Many will fly to faraway places early and will get caught in bad weather or find themselves stuck in congested airports. Keep in mind that Mercury may decide to confuse some electronics and bring chaos. Chain-reaction accidents, bad weather and black outs are very high on the list; be careful out there.

**Environment:** Expect surprises and explosions soon. Be aware of fire and keep an eye on the children. Chances are that nature will go berserk soon, so you don't want to be a victim. She may demonstrate her power with shocking weather. Thousands of people may be forced to relocate fleeing disasters, flooding or bad earthquakes.

**Famous Personalities:** A famous person (*or his child*) will make dramatic news. Expect news about famous or infamous people who have made history. The past will turn alive for a while.

**Events:** After the Full Moon, electronics may suffer or fail to function properly. This could produce another dramatic air crash. Not a time to take any risks in the air, unless you made reservations during a waxing trend. Expect the beginning or ending of an important portion of your (*and other*) lives.

**Shopping:** Think about spending money on wisdom and on those for whom you care, offer a *Full Life Reading* or one of my books and make this person very happy. You can still find good deals on big-ticket items by comparison shopping. If you decide to visit Las Vegas' casinos after the Full Moon, you may encounter stress but

you could get lucky. Yes, someone will hit the jackpot in a waning Moon in Vegas, but the money will be spent on paying bills or tax and little will be left. Better make all your important plans after the next *New Moon* for your own sake.<sup>1</sup>

This trend will allow many souls to find a philosophically oriented mate and enjoy traveling physically and mentally all over the world. Some lucky souls will be given the opportunity to enjoy a very old form of art and may end up at the pyramids of Egypt. Souls born now will be given the opportunity to experience love and caring for animals, thus much joy is to be experienced there. If Venus is badly affected, the soul will suffer many disturbing relationships with foreigners or lose a lot of money in gambling. There is a need for freedom with this position and some will have to learn commitment. Blessed with such an intellectual nature, Venus in Sagittarius will offer the soul the opportunity to love with the mind and body. This position makes for

one of the most direct and happy partners. Usually artistic talent in teaching and speaking is present with this position. These souls are born to experience love on an intellectual level. Another top position for those involved in the teaching fields.

**TUE., WED., THU., FRI., SAT., SUN., MON., TUE. — OCTOBER 1, 2, 3, 4, 5, 6, 7, 8:**  
**RULERS —** Mercury (Talking) Venus (Sweetheart/Love) and Pluto (Drama/Secrets)

**Work, Career and Business:** This is a very long tough trend and with the waning Moon and Pluto in charge, be ready for dramatic repercussions in your life

towards the weekend. Let's hope this trend will not touch you directly, but if it does you will need to be strong and realize the harshness of life. You may also find out your real limits about your life's situation. Now is the time to review all your accomplishments and the reasons for your failures. Accept the upcoming changes with grace. You will be forced out of a situation where you do not belong and you should be thankful for your intuition. Meditate on improving your future.

**Partnerships:** Finances will play an important part in your life now. Be practical in all your expenses; you are advised not to overspend. The lucky souls will receive very expensive presents; some good-hearted people will offer them. As always with Pluto in charge promises made now could be dramatic. Just wait patiently for the next New Moon to invest in your future. Churches all over will be busy planning to accommodate many pious souls for fast approaching Christmas. Answering to Pluto in Sagittarius, the Christmas spirit is now getting stronger and the world will feel compassionate and loving for all his victims.

**Family and Friends:** Many will make plans to travel to visit friends and family members. Expect news from all over, as new plans must be set to accommodate visitors. Your family from afar will let you know how much they love and miss you. The circle of friends will be extremely busy as we are making early plans to enjoy the past. With Santa Claus in the mind, children get more excited and will be somehow be difficult to handle. Pluto will make everyone passionate and restless. Don't expect much diplomacy around, as people will become susceptible to your comments. Control emotions and watch the goings on in the house, especially if children are around. A great time is ahead of you if you listen to your intuition. As always, if a stranger is brought to your house, be aware of his motives. Drama is bound to strike a family somewhere, do not be Pluto's victims.

**Love Affairs:** A mixture of Pluto and Venus will transform you into a walking magnet. The potential for secret affairs or sexual intercourse is high on the list of things during the weekend. The planet of love could make you too friendly or trusting while mysterious Pluto and his sensual charisma will bring passion and danger to you. Stay clear of alcohol and use your intuition at all times. The Moon is still waning (*negative*); avoid trouble. If you are water or an earth sign, you may be experiencing some stress with love, be patient it will pass soon.

**Travel and Communication:** As you know, Pluto rules passion, the crooks and the police force. News pertaining to the police will always appear during his ruling days. It is my aspiration with my students and my books, to communicate

this knowledge in the future to the police academies. Pluto's impact upon our courageous police officers is lethal; and in the name of ignorance from their superiors, many suffer early and wasteful deaths. In the future, when "*ridicule*" is cast aside, Police Executives will be forewarning their officers to the influence of the Plutonic impact upon their dangerous careers. Locating the destructive power of Pluto transpiring in the natal profile of a potential murderer can be identified with Astro-Psychology. Knowledge is power and there is no room for ignorance especially with the police force.

**Environment:** Pluto will induce drama and could disturb the earth's belly, producing a bad earthquake. As usual with Pluto in charge, be ready for many interesting secrets to surface and remember to keep quiet.

**Famous Personalities:** A famous personality will be called to God and many will miss the soul. A powerful reminder of our own mortality is ahead, this is the signature of Pluto's regular jurisdiction upon our lives. <sup>1</sup>

**Events:** Pluto stirs man's animal tendencies and causes the infinite forces of good and evil to constantly tease each other. Don't trust anyone and be aware of the police. Beware of Pluto's explosive energy. <sup>2</sup>

**Shopping:** Only second-hand shopping or well advertised sales will give you the best deals in town. Better wait for the New Moon for super deals. Do not invest in dangerous toys for your children; with Pluto signature, they could get hurt. Give old toys to unfortunate children.

<sup>1</sup> Note: when a soul is born with a Dragon's Tail in Aries as was Mr. Kennedy, 39, son of the late U.S. Sen. Robert Kennedy. That soul is prone to experience a violent death. He died New Year's Eve (1997) in a skiing accident in Aspen, Colorado. You may order my book, "*Power of the Dragon*," from [www.drturi.com](http://www.drturi.com) to find the location of your own natal dragon.

<sup>2</sup> Under Pluto's explosive power, in 1988, at American Pacific's plant near Henderson — Pacific Engineering & Production Co. of Nevada, or PEPCON — a series of colossal explosions left two dead, injured 300 and caused \$75 million in damage. Clark County fire investigators blamed the blasts on welders, cramped storage, messy conditions and wind. Company officials disputed those contentions. Shortly after that, the company moved the operation to Iron County, Utah, and renamed it Western Electrochemical.

WED., THU., FRI., SAT. — OCTOBER 9, 10, 11, 12:

*RULERS — Jupiter (Foreign Affairs/education) and Saturn (Laws/government)*

**Work, Career and Business:** With the waxing Moon upon us opportunities to rebuild the damage inflicted by Pluto will be offered to the valiant. With Jupiter's protection, the finances, resources and expertise of others could provide support this week. All sorts of financial deals will be attainable, especially where foreigners are involved. Be ready for a restructure of a portion of your business, these changes could also affect your emotional life. Take chances, sign contracts, travel and promote your career while the moon is on your side.

**Partnerships:** Saturn's gloomy attitude may make you feel insecure about life in general. Don't taint those close to you; put a smile on your face; caution in relationships is advised. You may find yourself forced to help someone; if you feel like saying no, don't feel guilty about it. This publication's purpose is to help and guide those who need help on a daily basis. If your partner becomes too heavy, mention my work and release yourself from guilt. Work towards your heart's desire with a practical mind. Saturn wants you to go and find all the answers yourself. Don't be too concerned about doing everything perfectly; you can only do your best. Use or learn computers to make life and your business easier and don't be afraid of technology.

**Family and Friends:** Share your feelings about a difficult situation with a family member or a trusted friend, but don't be pessimistic about the end. With benevolent Jupiter, a trip close to nature with the children will regenerate your soul. A trip to your local church on Sunday could give you a sense of faith in the creator and in yourself. Some juveniles may ask questions about life. Help them to think differently inform them outside of religion and take chances on their spiritual natures, they will love it.

**Love Affairs:** Be particularly attentive to a fascinating foreigner. Being cautious in relationships is always a good thing; be sure to take your time before committing your heart. Expect a significant development with marriage or divorce unfolding with some karmic relationships close to you. If you happen to suffer one at the present time, don't stress yourself and be patient. Sooner or later it will all be gone and you will find a well-deserved peace of mind and true love with a suitable partner. If you were born under the sign of Leo, a Sagittarius or an Aries will be attracted to you.

**Travel and Communication:** This is the perfect time to make travel arrangements if you have to be away from home after the Full Moon. Be easy on a person who may be quite troublesome; use diplomacy, or the situation could turn nasty, even against you. Your presence may be requested for a gathering, and a wise person may play an important part in a critical decision. Enjoy the road and keep your eyes on the signs.

**Environment:** Sad news may come from foreign countries experiencing problems with terrorism and emigrations. With benevolent Jupiter with us these days, some “saviors” may become active in respect to their religious convictions or for nature.

**Famous Personalities:** Your management or some important government figures will impose some new rules. An old person will make his voice heard to the younger generation. The message will bring a new beginning for the children’s education.

**Events:** Saturn always involves Government news.<sup>1</sup>

**Shopping:** Use this trend to find great bargains just before the festivities or in garage sales. You could also enjoy shopping at your local antique store with an exuberant friend. If you have an Indian guide, invest in their works of art to channel spiritual information. Pets bought now will live long and happy lives and give you tons of love.

**October 15, 2013 — Mars enters Virgo:** Virgo rules health, paperwork, details and general organization. Mars in Virgo produces a strong desire towards perfection in all areas of the subject's life. Mars in the sign of Virgo breeds workaholics, due to the 'service principle' found in this sign. The strong desire for perfection and accuracy can also bring stress and disagreement with co-workers. On a more

positive note, Mars in Virgo will gear the soul towards health and organizational endeavors. Remember Mars is the desire principle. On the medical aspect of Astro-Psychology, Virgo rules the cleansing process and the digestive tract. Virgo rules anything to do with elimination and cleansing. Mars also rules sharp instruments used in surgical procedures. This position produces detail-oriented and precise surgeons. On a negative note Mars in Virgo generates problems on the lower abdomen or intestines, which could require surgery. The digestive tract might be sensitive to changes in diet, especially by becoming a vegetarian or when certain foods are omitted such as red meat. In some extreme cases Mars accentuates a strong desire for virginity (*Virgo is the Virgin Mary*). The desire for sexual abstinence brings about chastity and translates into the idea of a nun marrying a deity such as Jesus. By doing so the subconscious Martian desire for virginal purity is then established.

SUN., MON., TUE., WED. — OCTOBER 13, 14, 15, 16:

RULERS — *Uranus (Explosions/Shocking) and Neptune (Religions/Middle East)*

**Work, Career and Business:** The New Moon is here, making many of us much happier. Try to accomplish as much as you can even though you may find it hard to concentrate on the tasks. It's time to socialize with co-workers and get to know them better. We are already half way through the month, and accompanying it is a note of serious change and interesting developments. A business trip or an invitation may lead you to many good contacts. You will have time to play and mix business with pleasure.

**Family and Friends:** Many will be enjoying foreign places and the different cultures of these people. Expect brothers and sisters to contact you from afar and let yourself be immersed in the great Holiday season. Children are getting very excited and will be anticipating the upcoming festivities. With only a few weeks before Christmas, your friends and the family circle will be extremely busy making plans and at the same time enjoying the best of what life has to offer. People will plan to attend church services responding to Neptune's religious power. Many of God's houses will be crowded and you should double check on your plans to get there on time. Combined with the New Moon and Neptune, the Christmas spirit of love and preparations will receive its full support from the stars. Many will participate in volunteer work to provide love and help to the needy.

**Love Affairs:** As usual with amazing Uranus in charge, avoid impatience and be ready for some surprises. With Neptune here, control your emotions and your imagination. The Moon is waxing (*positive*), so any surprises ahead of you should be of a positive nature. Many will find love and this new relationship may lead you to a rewarding future.

**Travel and Communication:** Your telephone and your mail will bring you all sorts of news and invitations. The lucky ones will enjoy a trip close to those they love. Expect news from a brother or sister; get in touch with some of your friends for a good chat. Remember Neptune is also part of the early festivities and you must not overindulge in eating or drinking. A quiet walk by the sea will take your spirit high and stimulate your faith. Many lonely people will feel the depressing power of Neptune and some older souls may call on you for help. With Neptune's stressful imagination, many evangelists will stubbornly spew the gospel, and "*repent, hell, and the end-times*" will be their favorite topics. The only change ahead is in our consciousness and in new faith based upon the understanding of God's celestial tools.

**Environment:** The weather could prove to be very difficult in some places. Be especially aware around water. Tornadoes, hurricanes, typhoons, and volcanic activity is anticipated, especially close to the last Supernova window.

**Famous Personalities:** A fantastic time is to be expected by the efforts of many gifted artists to bring love, joy, and faith to the children of the world.

**Events:** Neptune may bring disturbing news from religion or the Middle East. Let's hope the New Moon will stop anything drastic from happening such as blowing up a church or synagogue somewhere killing innocent people. Some abortion activists will bring their convictions and trouble with them. Explosions and surprises are high on the list, watch for suspicious and suicidal people around you. The children could also be adversely affected, watch them closely.

**Shopping:** These days belong to the children and all toys bought now will bring great joy to them on Christmas morning. You may now also invest safely in anything that can be used around water or any survival gear.

**FULL MOON — October 18, 2013 in Aries:** This upcoming trend will be tough for many. With Mars in Scorpio (*power/sex/drama/death*) avoid confrontations and be aware of accidents. Be ready for serious news involving the Dow Jones/stock Market and coming from the banking industry in the near future. With fanatic Pluto (*death*) in the pious sign of Sagittarius (*foreigners*), a new and disturbing development with Asia and the Middle East is to be expected. Anticipate a negative development pertaining to oil spills or explosions, even terrorist activity, to take place in the near future in the U.S. or supporting countries. Sad news from Switzerland and Germany is ahead of us too. Be ready for devastating forces producing destructive weather and flooding in different parts of the world. Do not lose faith in the future; we all must go on. The stars are a reflection of God and his Divine plan for all of us and we must go through with it. Do not lose faith, but expect dramatic news, explosions and wars.

**THU., FRI., SAT., SUN., MON. — OCTOBER 17, 18, 19, 20, 21:**

**RULERS** — *Mars (War) Mercury (Transportation) and Venus (Love/Gifts)*

**Work, Career and Business:** With the New Moon still here, don't miss opportunities that could be used to improve your business endeavors. The feeling of Christmas will make the general attitude positive and this trend will strengthen your chances of success in the near future. Trust your ability to communicate with Mercury and follow your intuition. The next few days will be vital for launching your business, and Venus' lucky touch will bring additional developments. Use the remaining positive days to maximize your promotions for business.

**Partnerships:** This timing is perfect for many to do the right thing for those you care. But remember, Mars is around so you should use his strength instead of impatience when dealing with others. This week is a pivotal turning point for a key relationship. As always consider the long-term implications and respectability of the offer before making up your mind.

**Family and Friends:** With the "Lord" of communication Mercury in charge these days, expect your telephone to be busy. Everybody will have something to share with you. Use Venus' loving touch in your verbal exchanges and avoid Mars' invective remarks towards an unlucky friend. Don't be shy and pass on your message. Be confident and direct in your approach; your impact on others will surprise you. Enjoy those days with the children but Mars will make them restless.

**Love Affairs:** The New Moon and kind-hearted touch of Venus will soon be upon us, and you will treat someone you truly love with your best intentions. The timing is perfect to discover what it is you can offer your loved ones. Early gatherings and great times are ahead. With them, your social life and romance is up; a trip is on

the way for some. If you were born in June a Sagittarius, a Libra or an Aquarius may fall for you.

**Travel and Communication:** Anything related to general communication may be tricky well and progress not exactly imminent when Mercury is retrograde. This week promises still to be worthwhile. For the more creative souls, your writing skills will improve dramatically. Under Mercury and Venus' auspices, especially in time of a new moon, great gifts can be found. Don't let Mars make you impatient or accident-prone on the road and be patient.

**Environment:** Let's hope that Mars' destructive temper will not produce tornadoes, explosions, high winds or flooding.

**Famous Personalities:** Be ready for some good news about famous people's creativity, or great projects to come to the light.

**Events:** Remember Mars is around; don't take any chances with confrontations or the police. A positive attitude and diplomacy will keep you out of trouble. Impending breakthroughs with medicine or science is expected soon.

**Shopping:** This is a great time to buy interesting books, and electronics for your business. As Mercury rules transportation it would be a good idea for you to take care of your wheels or shop for a new car. Toys bought for kids now will bring great happiness later.

**TUE., WED., THU., FRI., SAT., SUN. — OCTOBER 22, 23, 24, 25, 26, 27:**

*RULERS — Mercury (Siblings) The Moon (Big Changes) and the Sun (Love)*

**Work, Career and Business:** Expect the serious beginning and ending of important parts of your (*and others*) life. Be ready for those upcoming progressive variations after the New Moon. Keep in mind that life is a constant process of changes and the stars are (*even if you don't realize it*) working for your benefit. Be patient with everyone around you, at home and in the office.

**Partnerships:** You will be forced to let go of negative people in your life and disturbing situations. You must take a chance on the new future with faith. Many

will experience the closing of a destructive relationship and others may see the new beginning. Under these stars any new relationship will be loaded with challenge and karma. Nurture positive thoughts only and don't fall for negativity.

**Family and Friends:** The Sun rules love, romance and children but we are still under a difficult trend this energy won't bring you much good news. The Sun gives life to children but watch over them especially with fire and close to the water. On a more positive note he will shine his indiscriminating light on many secrets. Friends will need spiritual support, give love and attention and build good karma for yourself.

**Love Affairs:** Be ready for new starts in love matters and provide a solid shoulder for the victims suffering a broken heart. The right partner might not be the one you were with, use the new found freedom to look (*after the New Moon*) for someone who really deserves your love. Under the Sun's command, the lucky ones will find great friends and happiness. A new arrival is to be expected by a young couple. If you are a Pisces, a Scorpio, a Virgo or a Taurus could induce serious stress in your life. A Capricorn friend has good advice for you; simply listen.

**Travel and Communication:** You may be asked to go home and see Mom. Be aware on the road, do not trust any driver and be ready for sudden action. Surprises are on the way and people from your past will come back into the picture soon.

**Environment:** There is nothing other to do than to accept the ultimate changes imposed by God, and nature will show her powers soon.

**Famous Personalities:** Expect interesting but not necessarily positive surprises with the rich and famous. Be ready for the unexpected in their words and actions.

**Events:** Nature's forces may compel thousands of victims to relocate and rebuild new lives. Black outs and losses of power are on the way too. Tragedies and many volcanic eruptions have happened under this configuration and thousands of people were forced out of their homes because of nature's destructive forces. Be ready.

**Shopping:** What ever you do not invest in anything new or dangerous for the children. Get rid of the extra stuff clogging the house and a garage sale would make some lucky buyers happy. Anything to clean the house will also do well.

**MON., TUE., WED., THU. — OCTOBER 28, 29, 30, 31:**

*RULERS — Mercury (Siblings/Talks) Venus (Gifts/Caring)*

**Work, Career and Business:** Deserving hard-working souls will benefit with well-earned bonuses or new opportunities to promote their careers. **Partnerships:** Some of the people you know will have to move away, or you yourself may decide to relocate to a better place within the next few days. Expect the beginning or ending of important phases of your life and others' too. Venus will endorse many gatherings with colleagues you have not seen for a long time. Be ready to control your emotions during the Full Moon.

**Family and Friends:** Expect a brother or a sister to pleasantly surprise you. A friend might show up uninvited and thus affect some of your plans. You may receive an invitation to socialize with some faraway friends or family members; use this opportunity to grow closer to them if you can. Against all odds, endure patiently this Supernova window, and enjoy these good old days. Don't forget that when the Moon becomes full and is waning, things may not go your way. A family member needs your advice. Be willing to consider the issue from his point of view; but avoid emotional involvement or forcing your opinion. Prepare to enjoy the warmth and the good food of your friends and your family.

**Love Affairs:** Expect much progress if you are looking for that special person. Some of the people from your past may also become weighty; stand for yourself without guilt. Friends will bring good memories; have fun but don't get caught up in the nostalgia. If you are a fire or water sign many will try to steal your heart. Have fun, but don't make any commitment if the person in question was met for the first time after the Full Moon.

**Travel and Communication:** With the Full Moon trend be prepared for all sorts of delays, forcing you to think twice as fast. Slow down; be cautious and prudent in your driving, too. Watch for crazy drivers around the city; they might not

have read “*Moon Power Starguide*,” so don’t let them hurt you (*or your car*). Many will plan to fly to faraway places early and will get caught in bad weather or find themselves stuck in congested airports. Offer *Moon Power Starguide* and tell them to plan within a waxing moon to avoid troubles.

**Environment:** Be aware of fire and keep an eye on the children. Chances are that nature will go berserk soon, so you don’t want to be a victim. She may demonstrate her power with shocking weather. Thousands of people may be forced to relocate, fleeing disasters, flooding or bad earthquakes.

**November 5, 2013 — Venus enters Capricorn:** The great planet of love and wealth is in the practical sign of Capricorn. On a positive side this position produces high-class musicians and great artists that will work hard to bring their classical talents to the world. It produces people who will show their love through their work, and give them great patience. On the negative side Venus will make them promiscuous and they will use people with money and power to gain positions of authority or recognition. However Saturn is watching and karma is always repaid.

**FRI., SAT., SUN., MON., TUE., WED. — NOVEMBER 1, 2, 3, 4, 5, 6:**

*RULERS — Pluto (Famous Death) and Jupiter (Foreign Grounds)*

**Work, Career and Business:** You are now walking on dangerous ground! You'd better be very careful in all you say or do to anyone if you want to go through this lunation without trouble. A serious wake-up call will come to many abusers, as the heavy hand of karma will fall on them. Businesses or corporations will be forced into restructures, and those who don't fit the bill will have to go. The possibility to lose (*and rebuild*) it all will be a serious consideration for some karmic souls. Not a time to deal with money matters; keep a low profile until the next New Moon.

**Partnerships:** The offensive secret life of a person may surface; you may learn something valuable about a partner. Whatever you find out, do not divulge the secret. Stinky moneymaking schemes will play an important part of this trend; listen to your intuition in all you do. Stay clear of dark alleys; your life hangs upon your awareness. Many people will learn the hard way these days. Even so close to Christmas, nasty happenings can and will take place under Pluto's power.

**Family and Friends:** Do not expect relatives to be diplomatic during this trend, especially if the family is experiencing financial stress. Do not fall for Pluto's destructive or sarcastic remarks; words of love and support will pay off in the end. Be ready for dramatic news from someone close to you. Whatever happens, be strong; life must go on as Pluto has important work to do and he is part of a celestial design imposed by God. Time to further my work and offer knowledge to those you care for by letting them read *Moon Power Starguide*.

**Love Affairs:** Secret affairs of sex and passion may be divulged to the public, forcing people to take a stand in destroying and rebuilding relationships. This might happen to you too. In any case, use lots of diplomacy to save unwanted trouble in your love life. If you are a water sign or have any planet in Scorpio, be ready for a wake-up call of some form. Stay clear of any new relationship and stick with the old one or refrain from social interaction until the New Moon and you will be safe.

**Travel and Communication:** Expect news pertaining to secrets, sex, the police force, and medical discoveries. Be careful of what you do or say during this trend. Drive carefully; stay clear of strangers and strange places. Be ready for dramatic news to disturb the media with terrorism, death and the police.

**Environment:** Pluto will have fun destroying it all, remember he belongs to the divine celestial family and has a specific work to do. His dramatic impact on earth (*and people*) is needed. What Pluto demolishes he also gives the o by fire or water. Be ready for dramatic news with the police and nature's forces soon.

**Famous Personalities:** Some famous people will be called back to God. Many famous spoiled children get involved with the wrong crowd and some are found shot to death along a road. Pluto cares not if he deals with the famous or the commonplace.

**Events:** Hopefully knowledgeable Jupiter will slow Pluto's rampage and thirst for blood. Under his power many jealous souls lose control and kill or injure people.

**Shopping:** All water and earth signs will see important parts of their businesses or financial lives taking a specific direction within this lunation. In addition, Jupiter is with us too, so the worst might be avoided under his protection. A visit to your local church to pray for Pluto's victims will do you well. Do not invest in weapons; if you do, you might have to use them later. Anything bought now that can be used for metaphysics will bring unusual power to you. THU., FRI., SAT., SUN. — NOVEMBER 7, 8, 9, 10:

RULERS — *Saturn (Rules) Uranus (Explosions)*

**Work, Career and Business:** With the good moon upon us, expect to make some progress for a while; many of your plans should go forward. Listen to other people's stories; the stars affect everybody and they may come up with interesting deals or surprising news. Be ready to invest in some appliances or equipment. Saturn will help you to make some great adjustments after careful planning.

**Partnerships:** With Uranus in charge, anything unusual can happen. With a waxing Moon (*positive*) upon us, those changes should be progressive. Changes should be accepted with faith in yourself and your new future. Be patient with everyone, as Uranus and Saturn may make people eccentric and depressed.

**Family and Friends:** An opportunity to meet with some family members or friends you have not seen for a while will be given to you by this lunation. The past will come alive again and a great time is offered to all. The children will have a blast on Christmas day enjoying their new toys. Make good use of these days and enjoy the food, security and love of your peers.

**Love Affairs:** Be ready for the incredible to happen; if you are in a karmic relationship changes may be forced upon you and are needed. Friends may fall in love with other friends or mistake love for friendship. An old love or a past friend will reappear in your life soon and with him the option to start fresh again. If you were born under one of the earth signs, expect good surprises and great changes. If you are a Sagittarius, a Leo friend needs to talk to you and someone born in April or February needs to go places with you. A friend born in June might fall for you.

**Travel and Communication:** A business trip or an invitation may lead you to many good contacts from the past. However, you might have problems getting to the given address and may get lost a few times due to the Supernova window afflicting the world. Be patient, as you will still have plenty of time to play and enjoy yourself with various and unusual people. For UFO investigators, now is the time to look for UFO's in secluded places. Don't forget your video camera; you may be sorry if you are not ready, as Uranus is now willing to display secrets of extraterrestrial intelligence. Expect things in the sky or NASA to make the news.

You may receive an invitation to socialize with some faraway friends or family members; use this opportunity to grow closer to them if you can. Luckily for all of us, this Christmas season will take place in a positive sign (*Aquarius*) and we are due for some surprises and extraordinary events to celebrate. Against all odds, endure patiently this Supernova window, and enjoy these good old days. Don't forget that when the Moon becomes full and is waning, things may not go your way. Much time will be spent around the children enjoying their Christmas trees. Prepare to enjoy the warmth and the good food of your friends and your family.

**Love Affairs:** Expect much progress if you are looking for that special person. Some of the people from your past may also become weighty; stand for yourself without guilt. If you decide to visit Las Vegas' casinos after the Full Moon, you may encounter stress but you could get lucky. Yes, someone will hit the jackpot in a waning Moon in Vegas, but the money will be spent on paying bills or tax and little will be left. Better make all your important plans after the next New Moon for your own sake.<sup>1</sup>

**SUN., MON., TUE. — DECEMBER 1, 2, 3:**

*RULERS — Pluto (Death/Drama) and Jupiter (Foreigners)*

**Work, Career and Business:** You are now walking on fire! You'd better use all the "*savoir faire*" you know if you are to go through this lunation without trouble. A serious wake-up call will come to many abusers, as the heavy hand of karma will fall on them. Businesses or corporations will be forced into restructures, and those who don't fit the bill will have to go. The possibility to lose (*and rebuild*) it all will be a serious consideration for some karmic souls. Not a time to deal with money matters; keep a low profile until the next New Moon.

**Partnerships:** The offensive secret life of a person may surface; you may learn something valuable about a partner. Whatever you find out, do not divulge the secret. Stinky moneymaking schemes will play an important part of this trend; listen to your intuition in all you do. Stay clear of dark alleys; your life hangs upon your awareness. Many people will learn the hard way these days. Even so close to Christmas, nasty happenings can and will take place under Pluto's power.

**Family and Friends:** Do not expect relatives to be diplomatic during this trend, especially if the family is experiencing financial stress. Do not fall for Pluto's destructive or sarcastic remarks; words of love and support will pay off in the end. Be ready for dramatic news from someone close to you. Whatever happens, be strong; life must go on as Pluto has important work to do and he is part of

a celestial design imposed by God. Time to further my work and offer knowledge to those you care for by letting them read *Moon Power Starguide*.

**Love Affairs:** Secret affairs of sex and passion may be divulged to the public, forcing people to take a stand in destroying and rebuilding relationships. This might happen to you too. In any case use tons of diplomacy to save unwanted trouble in your love life. If you are a water sign or have any planet in Scorpio, be ready for a wake-up call of some form. Stay clear of any new relationship and stick with the old one or refrain from social interaction until the New Moon and you will be safe.

**Travel and Communication:** Expect news pertaining to secrets, sex, the police force, and medical discoveries. Be careful of what you do or say during this trend. Drive carefully; stay clear of strangers and strange places. Be ready for dramatic news to disturb the media.

**Environment:** Pluto will have fun destroying it all, remember he belongs to the divine celestial family and has a specific work to do. His dramatic impact on earth (*and people*) is needed. What Pluto demolishes he also gives the opportunity to rebuild even stronger and better. Be ready for dramatic news with the police and nature's forces soon.<sup>1</sup>

**Famous Personalities:** Some famous people will be called back to God. Many famous spoiled children get involved with the wrong crowd and some are found shot to death along a road. Pluto cares not if he deals with the famous or the commonplace.<sup>2 3</sup>

<sup>1</sup> From: Thu, 1 May 1997 23:43:29-0500 (CDT)- To: Dr. Turi – Subject: Earthquakes — Dear Dr. Turi, I posted a note on alt.astrology that cited the 6.7 quake off the coast of Mexico in the Pacific Ocean. I included it under the rather “nasty” piece of mail that someone sent indicating that they believed your window of probability for April 30 to be invalid. Not that I think you need defending, as I have found your work very compelling. I just thought I’d let you know — in case you didn’t — that you were “right again.” On the late night of April 30, the 6.7 quakes took place. Mary.

<sup>2</sup> (CNN) — Sen. Hillary Rodham Clinton fainted during a luncheon speech Monday in upstate New York, citing a 24-hour virus, but she recovered and resumed her public schedule.

<sup>3</sup> NEW YORK (AP) — Ossie Davis, the actor distinguished for roles dealing with racial injustice on stage, screen and in real life, has died, an aide said Friday. He was 87.

**Events:** Hopefully knowledgeable Jupiter will slow Pluto's rampage and thirst for blood. Under his power many jealous souls lose control and kill or injure people and the police always make the news. Nature also goes out of order. <sup>1 2 3 4</sup>

**Shopping:** All water and earth signs will see important parts of their businesses or financial lives taking a specific direction within this lunation. In addition, Jupiter is with us too, so the worst might be avoided under his protection. A visit to your local church to pray for Pluto's victims will do you well. Do not invest in weapons; if you do, you might have to use them later. Anything bought now that can be used for metaphysics will bring unusual power to you.

**December 5, 2013 — Mercury enters Sagittarius:** A trend loaded with communication about legal activities, traveling, and foreign affairs. Much thought will be geared towards finding better ways of dealing with other countries. Souls born now will be gifted with natural abilities for learning and teaching and many will travel far. Many will also master foreign languages. The opportunity to acquire knowledge of man's laws and religions is offered to the soul. Many of them will be born with an aptitude for judicial investigation, philosophical values, and some will play important parts in passing their knowledge on to the world. Some will be attracted to the professions offering intellectual abilities such as the ministry, teaching and writing, and some will be investing in education for the well being of animals. Spiritual talents involving the new age will lead these souls towards positions of authority and respect. This position makes for either one of the most intellectually advanced or religious dogmatic signs of the Zodiac. The soul must avoid being righteous to others and must often endure the poisoning of an overly religious upbringing. Their challenge will be to take a critical approach to books

and collected knowledge. An opportunity to reach cosmic consciousness and the teaching of the creator's celestial manifestation is offered to the advanced souls.

**December 8, 2013 — Mars enters Libra:** Mars is best placed (*exalted*) in Aries, but the planet of war in the sign of sign of balance and harmony can work for or against relationship and many souls born with this placement will be tested in relationship to other human beings? Through the arts of responsibility, patience, flexibility and endurance we can relate to others over extended periods of time but Mars could add some salt and confrontations in the process. With this placement you need to nurture patience and develop a habit of cooperativeness. If Mars is afflicted you'll have difficult karma in relationships and marriage due to a lack of patience and cooperation. In this case marriage will be a challenge and patience, love and respect your path out.

**WED., THU., FRI., SAT., SUN., MON., TUE. — DECEMBER 4, 5, 6, 7, 8, 9, 10:**  
**RULERS —** *Uranus (Shocking News/Explosions) Neptune (Religion/Pope)*

**Work, Career and Business:** This is another very long trend but with the New Moon upon us you will encounter interesting people and incredible situations. Neptune may induce a trip for business close to the water. Many of us will be forced into new circumstances involving career moves or jobs. Get out now! Many Saturnine people will be standing next to you and could further your wishes; don't be afraid to start a conversation with an older person. Don't take anything personally if some of their comments seem harsh; they might know better than you. Use this progressive trend and invest some thought into new business opportunities. A change in schedules or rules could affect you, take chances now. Keep busy and be courteous to the Boss and pleasant to everyone, you're being noticed for your gentle nature. Be easy on yourself, don't be too critical of anyone in the office; nobody is perfect.

**Partnerships:** Be ready for a wave of surprising news coming your way. Karmic Neptunian souls will not benefit from that unexpected news, and some will be forced to accept the realities of life. Listen to an older person, he may play an

important part in helping your emotional life and will give you good advice. Uranus, “*the Lord of surprises*” and Neptune “*Poseidon*” could also bring about boating misadventures; be aware if you happen to get close to the river or the ocean this weekend. Avoid drinking heavily and watch your possessions.

**Family and Friends:** Trust the waxing Moon and the upcoming changes; be confident in the new situation, as it will affect your security and your finances positively. Keep an eye on the children; Uranus will make them behave irrationally, they will be overactive and you do not want anything bad to happen. An adolescent or a younger friend may need your support and may ask for direction. Do not turn down invitations, and you may also invite a long-standing friend to spend valuable time in your company. Some of those friends will bring your wishes home; be active on the social front. Wishes can only take place if you participate with life fully.

**Love Affairs:** Neptune may grasp the spirit of a person close to you and induce emotional stress and confusion. Be considerate or you may lose that person in the future if you do nothing. Expect some people to fall for Uranus’ erratic personality and to surprise you in public places. Love is in the air for many while for others Neptune may lead them into a secret love affair. Be aware of weird souls hanging around, but you can still enjoy their original company. Again, don’t fall for Neptune’s deceiving powers, avoid drinking during the late hours, as your emotions will run unusually high and could alter your driving or behavior. If you were born in July, Capricorn, and Scorpio will be strongly attracted to you. A Pisces friend will provide a wish.

**Travel and Communication:** With Uranus’ eccentricity, be aware of crazy drivers while driving to trips or work during this trend. Take plenty of time to reach your destinations and be ready for some driver’s unexpected behavior on the road. Neptune may make you feel sleepy, rest or walk a bit along the way.

**Famous Personalities:** Expect startling developments with some well-known people trying to get more publicity. This energy doesn’t stop with famous people; regular souls may act oddly too. News of love, marriage, and children will make many famous people happy and ready to throw expensive social gathering.

**Events:** New moon or not, Uranus will surprise many of us with nature’s destructive forces. Be ready for earthquakes, tornadoes, volcanic eruptions or incredible

weather developments soon. Uranus might also disturb sophisticated electronic equipment and produce aeronautic disasters.<sup>1</sup>

**Shopping:** This is a good time to visit your favorite spiritual person for his divine guidance. Spend on anything electronic now; this will prove to be beneficial for your business life in the long run. (*Invest in my course by mail and enjoy the 16 – CD's and 4 – DVD and become an Astropsychologist.*)

WED., THU., FRI., SAT. — DECEMBER 11, 12, 13, 14:  
RULERS — Mars (Hostility/War) and Venus (Diplomacy/Love)

**Work, Career and Business:** The New Moon will exert a revitalizing pull that will be felt in your business affairs. You may use this lunation to perhaps resolve conflicts in a difficult situation with a person of authority or a co-worker. Control Mars' opposing tendencies; don't let him affect your words, your attitude or your emotions. Practice patience during this Martian trend and use diplomacy; if you do so you'll make serious progress. You may also use the tough energy of Mars to do some needed tasks around the office such as removing furniture; in any case, don't get hurt.

**Partnerships:** Even with the Waxing Moon, learn to keep Mars' impatience under control and use Venus' diplomatic gifts to save difficult situations. Everyone is so intent on having his or her own way and there could be little cooperation around you. It's time to practice tact with the same dedication as a diplomat. Impatience could be detrimental to you and others so use the knowledge found in this publication accordingly.

**Family and Friends:** With Venus' blessings upon us, you should try your creativity at home. Your fruitful Venusian imagination will lead you to creations of perfect interior designs. Realize your limits with troubled friends, and don't allow them to rely too heavily on you. As always, give spiritual support but avoid getting

<sup>1</sup> Under Uranus' power, Israel Invaded Lebanon and the UK thwarted a terrorist attacks to bomb UK and U.S. airliners. The worst oil spill in Indonesia took place after a devastating typhoon hit the region. Also an U.S. military cargo plane crashed and caught fire on a street in Tegucigalpa in April 1997 while trying to land at the airport, narrowly missing two gas stations. Three soldiers were killed in this U.S. military plane crash in Honduras.

emotionally involved with their personal problems. You and your mate or family member can gain through financial endeavors, but discuss all possibilities before making any commitments. You might have an idea yourself that could be used; talk about it. Use what's left of the waxing Moon, so plan and enjoy a gathering this weekend.

**Love Affairs:** Don't let your relationship becoming shaky because you sense that the person in question may be deceiving in some way. Do not fall for your own insecurity, false information or a wild imagination. Avoid guilt in any of your decisions, and if you feel a change is unavoidable, trust your future. Expect much from a night out on Friday or Saturday if you take a chance on someone. Enjoy social life but don't drink and drive. Mars (*action*) and Neptune (*deception*) don't cohabit too well. When alcohol and speed are mixed, it can produce serious accidents. If you are a Gemini, then Aquarius, Sagittarius and Libra will be strongly attracted to you. A friend born in April has a surprise for you.

**Travel and Communication:** Be vigilant if you must drive, and don't take chances on the road, as Mars' energy could make you careless. Don't let his aggressive nature make you complain about a person, and use your words cautiously. Venus has much more to offer, and it's your choice; so use your will and your knowledge. Someone from your past may call.

**Environment:** Some people will learn about fire the hard way. However, many thoughtful people will use Mars' power to further environmental knowledge on preventing fires in nature. As usual, Mars, the red and violent planet, doesn't seem to care much for the waxing moon. He may decide to pull a nasty trick with nature's devastating forces, where all the elements could be invited for a destructive dance. Explosions and fires are common during his reign, be aware.

**Famous Personalities:** The oblivious rich and famous may be Mar's victims or make sad news involving accidents, drugs or alcohol. On a positive note, Venus will shine and induce love to those often-lonely famous souls.

**Events:** The Martian energy is tough and has in the past produced explosions and accidents of all sorts; be prudent. Venus will put up a serious fight against her destructive brother and may save many souls. Violent and dangerous sports will attract many people challenging their respective sides. Some unsuspecting souls may fall victim to Mars and suffer head injuries.

**Shopping:** Invest in anything involving love, creativity or the arts. Show for whom you someone you care, the depth of your love. Under Mar's power, dangerous tools and machinery bought now will bring financial opportunities.

**FULL MOON — December 17, 2013 in Gemini:** Disturbing news about transportation and education and the possibility of strikes are to be expected. Mercury, “*Lord of Communication and Transportation*,” will cause serious setbacks to the possibilities of traveling or communicating. Dramatic changes are ahead in the worlds of transportation, finance, traveling, and the postal industries. Sad news involving serious accidents, terrorism and devastating weather is on its way. Many people will find themselves stranded in airports. The impact of these events will bring on a form of financial death and rebirth for some large corporations who will have to merge to survive.

The year will end in a destructive Supernova window and could prove to be difficult for government decisions and actions.

SUN., MON., TUE., WED. — DECEMBER 15, 16, 17, 18:

RULERS — *Mercury (Moving/Traveling) and the Moon (Ending Parts of Life)*

**Work, Career and Business:** The Moon is full (*difficult*) and the universe won't further new opportunities for much longer. This may force you into a change with your business endeavors. Use Mercury's mental power to promote yourself or clarify a difficult situation with others. For those involved in sales, this lunation will not bring worthwhile arrangements and some of us will have to deal with important legal documents. During the upcoming waning moon, you may be forced to sign important paper work if you decide to get rid of a situation (*or a person!*).

**Partnerships:** Nothing is made to last forever, not even relationships and you may be able to see what's ahead of you. This process will impose many changes, prodding you towards new experiences and valuable knowledge. Do not hold tightly to your past; you only make yourself miserable until you can't take it any more. Only when the changes are accepted will the stars shine upon you and your new destiny. Keep a positive attitude no matter what.

**Family and Friends:** Many will enjoy good food and the family circle these days. If you decide to dine out it would be wise to make reservations, as the local restaurants will be busy. Don't expect good service or good food. It is a good time

to enjoy wide-open spaces with children and pets. Expect news from mom brothers or sisters soon.

**Love Affairs:** Do some listening; avoid talking too much about you or your past. Nurture positive thoughts about life in general. A trip close to nature or the water would be great for both of you. Candlelight, good wine, great food, and soft music are there for you to enjoy with your partner. Take some pictures and have fun. If single, go out with friends you know and do not be too trusting of a stranger's words. Participate with life wisely. Those born in January will be attracted to older or younger people born in September, July or May.

**Travel and Communication:** Do not expect much good news to arrive via mail or telephone close to a Full Moon. A person you know who is going in a direction that you disapprove of, could benefit from your advice. This individual might need more emotional support to deal with past experiences; don't let this affect your own psyche and learn to say no. Soon depressed friends may need more support from you; don't expect much reward from them. Avoid being critical with old friends as your remarks could be misinterpreted and could haunt you for a while. Be aware if you're invited to a party this weekend, don't believe in all that you hear. Be nice and happy; impress everyone with your attitude. With a bit of luck one of your wishes can be granted before the Full Moon, if you mean business with your subconscious. A trip to your past could bring you joy. Keep in mind to service the car before leaving your city, and drive safely.

**Environment:** Thousands of people will be forced to relocate during this type of celestial configuration soon. Nature may decide to throw a nasty message to man; quakes, volcanoes, tornadoes, explosions, floods are very high on the list. Let's hope for the sake of many that this lunation won't be too difficult. Take NO chances after or during this lunation and check my website for my quatrains and heed my warnings.

**Famous Personalities:** Many prominent people will come in or out of a situation, business or a bad marriage. The beginning or ending of important phases of life is active for all of us. Famous or not, they are under the same stars and will suffer the reality of life.

**Events:** Be ready for the government (*foreign or the U.S.*) to make important decisions. Some elected officials might be forced to depart from office. The United States, France and Japan could be touched directly.

**Shopping:** Avoid spending too much money on anything. If you need a new answering machine or a new telephone, wait for the next New Moon. Purchase books now that could teach you something spiritual. Its not too late to offer *Moon Power Starguide*, if it works for you it will work for someone you know in need.

THU., FRI., SAT., SUN. — DECEMBER 19, 20, 21, 22:

RULERS — *The Moon (Endings/Home) Sun (Love/Children)*

**Work, Career and Business:** With the waning Moon upon you, do not expect much luck these early New Year days. A new job or a better position may be what you need and could be attained in the near future. Renew your confidence and support to your worldly ambitions and don't let the waning moon affect you negatively. Keep a low profile for now and don't give in to destructive emotion or depression.

**Partnerships:** Come clean with what you mean with a partner; miscommunication does happen and usually leads to trouble during a Supernova Window. Go easy in expressing your feelings; don't let the sad Moon blur your vision or your words. Re-schedule an important meeting if you can.

**Family and Friends:** Don't expect much with family members or friends either. Expect disturbing news from children or some friends and help them to get on with their lives. Avoid stressing and let them know when they abuse your time on the phone. Some kids will also be a bit unmanageable and nervous. Use lots of patience with them and remember their sensitivity if they are teenagers. They could be hurt with your attitude and this could damage your relationship later in life. Discipline them carefully, assist their young wills, and help build their self-esteem.

**Love Affairs:** With the waning moon above your head, any reliable love relationship won't be available for a while. An unexpected invitation to a gathering could bring an interesting person into your life. Use your head, not your heart, and you'll be fine. The Sun's revitalizing power should be used to rekindle your feelings for some of the friends or lovers you really trust. A good romantic movie will help you release some feelings you may have for someone you care about. If you are single, and born in February, spend valuable time with those born under the sign of Leo, Gemini or Libra.

**Travel and Communication:** As always with Mercury in charge take good care of your car and drive cautiously. Be ready for bad surprises coming your way. You may be unexpectedly asked to drive somewhere soon; wherever you want to be drive slow and be aware of the waning moon and don't take any chances with the cops. Avoid gossiping about someone close to you. Words travel fast; be aware as you may lose that person's friendship. The Supernova window will create bad weather and chaos and many people will end up stuck in airports in many parts of the world.

**Environment:** With a Supernova in action and the waning Moon in progress, Mother Nature might respond to our closest satellite's disturbing the earth magnetic field. Some lives may be swept away with flooding. Some surprising developments will make the news on CNN. Explosions and volcanic eruptions are on the way. Some naturalist groups will be concerned and active in making the rest of us aware of nature's wonderful blessings.

**Famous Personalities:** A famous person will see the surprising end of his/her life and many will miss the great soul.<sup>1</sup>

**Events:** The children will be in danger especially on the road. This is the type of occurrence you can expect with a Supernova window with these energies at play. *(Sad enough, my predictions always come to pass, so be careful especially on the road. The question is, do you even remember how many times I posted these dates on all major websites and did you even make a note of these dates? I also asked you to pass them on to all the people you know and chances are some of my readers in Virginia were, as I was writing this newsletter then, truly feeling the real values of my work.)*<sup>2</sup>

**Shopping:** If you are an investor, hold on to your gold assets or you may be stuck in a bad transaction and lose. Presents will be offered to those deserving loving souls. Do not invest right now in a specific interest or creative study. A garage sale is where great bargains are available now.

---

<sup>1</sup> Under the same type of energy on February 19, 1997, Beijing China formally declared six days of mourning for Deng Xiaoping as the nation began to come to terms with the death of its leader of two decades.

<sup>2</sup> 12/19/2009 – Three people have died in Virginia as a major snowstorm slams the East Coast on the weekend before Christmas, said Virginia's emergency management department. One person died late Friday and two others died Saturday in a pounding storm. More heavy snow was expected in the state.

**Happy Holidays to all of my readers.** Regardless of what you had to go through last year keep a positive attitude; 2013 has so much more to offer you with incredible but rewarding challenges. Christmas take place in a waning moon and will bring some frustrations, delays but ultimately great time with those we love. Think of offering genuine guidance to your loved ones, visit my site [www.drturi.com](http://www.drturi.com) and let me take care of your future you will be happy you did! Please help me to pass on my important message to the world I need your support in all possible ways to educate this world of the true message of God written in light via the stars. I need to build my Astro-Psychology schools for the children of tomorrow. Please send your donations to Dr. Turi, 4411 N. 23rd St., Phoenix AZ 85016.

*“And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years.”*

— Genesis 1:14 in King James Version of The Bible

**MON., TUE., WED., THU. — DECEMBER 23, 24, 25, 26;**

*RULERS — Mercury (Traveling) Venus (Love) Sun (Children)*

**Work, Career and Business:** Some surprising developments are on the way, but with the Full Moon upon us don't expect them to make you happy. Progress will still be made in the few weeks ahead of you, but be ready for a bumpy ride. Take on new technical studies, or improve your knowledge of computers as this endeavor will give you better opportunities later.

**Partnerships:** Don't take any chances these days, keep a low profile; use Mercury's creative power to clean up a business situation. Important legal papers might come your way; sign them only if it is to get rid of an unhealthy situation. Whomever you come in contact with, don't misbehave in public.

**Family and Friends:** Keep busy with close friends and family; watch the children, as they will be accident-prone. In the past, many of them got in trouble or had accidents during this type of lunation. It's a great time to enjoy the people you know well, but because of the waning Moon, avoid overcrowded public places.

Don't expect new people met under this lunar cycle to bring many of your wishes. Some friends have surprising even disturbing news for you and could affect you emotionally. Again, watch the children. They are accident-prone, especially on the road with fire, weapons and explosives. <sup>1</sup>

**Love Affairs:** Expect an aggravating surprise coming your way and learn to let go of deceitful people. Do not invite interlopers into your home, and socialize only with the friends you know well. Make good use of the waning moon; learn to relax, enjoy nature and the sea, and look for inner peace. If you're single, a chance to find the "*right one*" will be given to you at a later date. What you may perceive as love, may enter your life but without much to expect. Use your head on Friday night, not your heart. If you were born under the sign of Leo, an Aries, an Aquarius or a foreigner born in December could be a source of trouble in your life. Wait for better auspices.

**Travel and Communication:** Not a time to take chances at flying; many karmic souls will pay the ultimate price. Expect all sorts of little problems arising, which could turn lethal for some unlearned souls. Anticipate disturbing telephone calls from friends in trouble; as usual, provide spiritual help but know your limits and stay clear of depression.

**Environment:** Earth activists will feel this puritanical lunation and will do all to protect nature and its wild life; some may fall victim to ill-advised conflicts with unscrupulous large organizations. Expect unusual oceanic or earth activity soon that could prove disastrous for the environment. Not good times to play with fire, as explosions are very high on my list of trouble for this specific trend. The news may bring about startling explosive developments.

**Famous Personalities:** Certain famous people will find themselves in difficult situations. Some will try anything to get the attention they need. Eccentricity is in the air and could lead to the use of force or involvement with the law. <sup>2</sup>

---

<sup>1</sup> Under this lunation (*April 8, 1998*) the news reported that in CHAPPELL HILL, Texas – A loaded school bus was hit from behind by a tractor-trailer truck on a Texas highway injuring at least 22 children, some of them seriously.

<sup>2</sup> Under this lunation Pop star George Michael was arrested for lewd conduct on April 8 1998, in Beverly Hills California: On that day the news reported that pop star George Michael, the British-born heartthrob whose hit songs include the too-hot-for-radio "*I Want Your Sex*," was arrested on suspicion of committing a lewd act in a park restroom.

**Events:** Expect massive power outages without readily known causes. NASA could make some bad news soon due to poor weather conditions or electronic malfunctions. On the positive side, some high-tech scientific news as well as great medical breakthroughs is on the way. <sup>1</sup>

**Shopping:** Do not invest on anything electronic; you will not get a good deal. Do not invest in toys for your children now; they could prove to be fatal at a later date. Some will plan to travel to Europe.

**Attention:** Pluto will become very destructive in this waning Moon period; he is back with us — You can expect dramatic happenings with nature all over; control is a must. He has produced much sensational news including the California Rancho Santa Fe mass-suicide. Mass murderers are again on the lookout for innocent victims as Pluto always stimulates the criminal element, the insane and the police force fighting all ill purposes. Don't be victims; be aware of Pluto's destructive power. Secrets from the past will return to your life. The police will be touched directly and terrorists will be active planning destruction.

**FRI., SAT., SUN., MON., TUE. — DECEMBER 27, 28, 29, 30, 31:**

*RULERS — Pluto (Death/Drama) Jupiter (Hopes For The Future)*

**Work, Career and Business:** The year will end on a very dramatic note – Chances are that your boss may not be aware of the power of Pluto and could make your life miserable. Odds are also that many countries' leaders are totally ignorant of the power of Pluto and may decide to make hasty decisions that will bring death to many people. Do not take anything too personally and forgive anyone's sharp sarcasm and destructive tempers. A wake-up call for some karmic souls where reality must be accepted is around the corner.

**Partnerships:** On a waning moon period, never take a Pluto trend lightly as his impact is usually dramatic and could produce serious stress in your partnership and its future. Use all the diplomacy you know as anything you say or do will

have serious repercussions. Not a time to play with anyone's emotions; stay cool in all you do. Changes must take place, as life is a constant process of change itself.

**Family and Friends:** A financial or sexual secret will pop out from a person close to you; be sure to keep silent if you intend to keep this relationship. If you decide to speak up and force the truth on this person, keep cool and do the clean up gently. Don't expect anyone to be sensitive or respond to your needs. Instead, be ready for bitterness and harsh comments. Don't let Pluto's sarcastic nature destroy the serenity of your home life. Many ignorant souls will pay the heavy price of ignorance and lose much in the process.

**Love Affairs:** A surely stressful time is ahead for some, with Pluto's desire to demolish it all. Beautiful Venus will make you quite magnetic these days. You could become a prime target for some Plutonic soul's thirst for sex. If you become active on the dating scene, don't take chances on strangers; protect yourself and avoid heavy drinking. Pluto knows how vulnerable you are to his power when under the influence, and he will teach you one of the hardest lessons in your life. Relationships started now could be of a destructive nature, filled with jealousy and drama, and could lead you to harm or even death. This dramatic relationship could also be of a karmic nature but hopefully short lived. Be very aware out there and avoid negative group situations. Your intuition will be very accurate and should be followed with full trust. For those born under the sign of Pisces, a Scorpio or a Taurus will be strongly attracted to you. A Cancer friend has disturbing news for you.

**Travel and Communication:** Be smart and patient on the road we are under a dangerous "*Super Nova Window*". Avoid the sarcastic remarks of others, and be aware of Pluto's desire for drama. Some people may call you for advice or share their secrets. Better keep it a secret for now, as Pluto does not like to talk. Pluto may decide to take many human lives in dramatic accidents or terrorists act.

**Famous Personalities:** You will most likely hear more about the infamous than the famous under Pluto's command. Venus will try everything she can to subdue her violent brother and smooth things out. The great loss of an old and eminent political, religious or entertainment figure will vex or upset the media.

**Events:** Expect dramatic headlines like the following news from the police force.

**Shopping:** Buy anything related to sex, spying, metaphysics, and especially healing products. Do not purchase guns, knives or anything that could kill humans under Pluto's power. They may be used against you or your loved ones. Invest in dangerous pesticides to use in and around the house, they will work perfectly.
