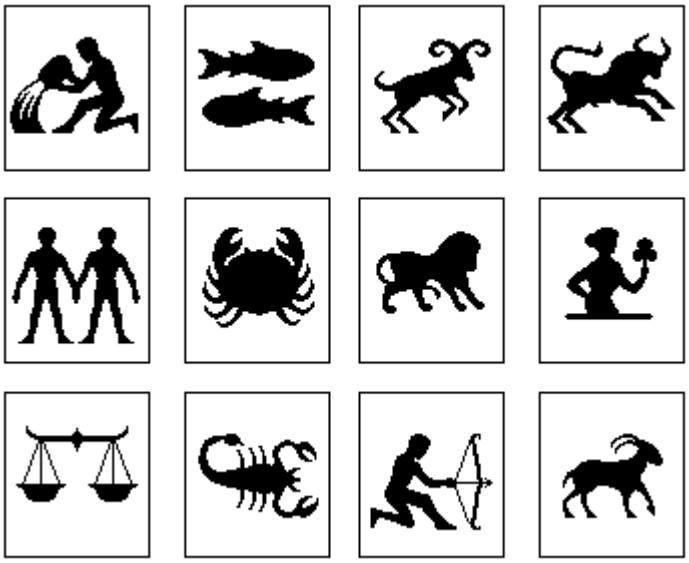
Welcome to Each Sign of the Zodiac



Your Personal Horoscope for 2011

Important Note from Dr. Turi: Born and raised in Provence, France, I rekindled and exercise only Nostradamus' 16th-century Divine Astrology method. This formula does not reflect the modern astrology disciplines you may use, study or practice. Realize that over 500 years ago the famous Prophet did not use a watch or any sophisticated computers. Thus like the great Seer, I investigate outer space and the Universal mind with my inborn spiritual telescope. A "microscopic attitude" will not help anyone gain the Golden key to spiritual wisdom. This limited expletive attitude is for scientists and astronomers alike who have long lost their cosmic consciousness with their stationary scientifically oriented minds. We have all heard of missing the forest looking at a tree. Every one of them is aware of the twelve constellations of the Zodiac; somehow it is still impossible for them to pass the limitation of their five rational senses and enter the intuitional domain of the stars. To penetrate the clear-sighted domain of those stars is a serious task that demands curiosity and a inborn advanced UCI (Unique Celestial Identity). But entering the archetypal realm of consciousness and decoding the subtle meaning behind the symbols of the Zodiac within the structure of the Universal Mind involves more than a logical mind.

At this time, in space some scientists or religious souls are simply doomed and may not be allowed to do so during the course of this incarnation. Not to worry they do have eternity to bring forth their own cosmic consciousness in another incarnation. Realize that Divine Astrology is an extremely old celestial art and a very complex science and must be practiced as such. Not everyone is blessed with the "gift" needed to assimilate, understand and translate correctly the Divine order of the Creator. That's why a section of the bible clearly mentions, "I will talk to you; but you won't hear me! I will present myself to you; but you won't see me!" God speaks to us within his own celestial creation and manifestation and through his Divine light will the advanced soul perceive his will. But the will of man is stronger than fears or skepticism and with education they can expand their own cosmic consciousness will be able to "perceive and

receive" the real manifestation of God. For those born on the cusp of any zodiacal sign, simply refer to the month of your birth, which reflects the exact constellation of your nativity. If you know your rising read your forecast for your ascendant too. Divine Astrology, as practiced by Nostradamus is the creation of Dr. Turi and a more accurate and simplistic way of looking at the stars. All students have found it to be incredibly accurate. You may join Dr. Turi Star student's family by taking the Astropsychology course by mail or in person. See http://www.drturi.com/ for information.

Saturn Governs the Power-Oriented, Structural Constellation of Capricorn

Builder of the greatest towers
Holding all the social powers
Striving to climb to the highest peak
For honor has no place for the weak
I am CAPRICORN, child of Saturn.

Characteristics For Those Born In January

Saturn rules the practical sign of Capricorn and controls the month of January. You are strongly motivated to succeed and with dedication you will gain a position of power and respect in your life. You are gifted with computers and you possess strong organizational principles. More than any other sign of the Zodiac you strive for respect and accomplishments. Saturn is a karmic planet and rules your life, thus you must avoid nurturing depressing thoughts. The part of God in you is much stronger than the stars you inherited and you do have the power to master and use the Cosmic Code at your advantage. You were born in the middle of the winter when nature was asleep. You must have realized early on, that nothing would come easily to you. Like the goat slowly but surely and against all odds (cold/wind/snow) you must climb towards the top of the mountain. The first part of your life will be a long and painful struggle but Saturn will reward you by giving you a long life and a well-deserved position at the end. You will appreciate old age and solid financial security. You may also marry a much younger or older partner. The fluctuations of the Moon strongly affect your mood and career success. The wise Capricorn soul

will use his fish tail accordingly and synchronize his life and business with the Universal tides. Steadiness, organization, patience, and charm belong to you. You have a strong architectural or mathematical ability and your keen sense of observation will help you succeed in life. Karmic Saturn will exact payment for manipulating others for selfish ends and will throw the soul back to a painful start. You are attracted to power and successful people and you may marry into wealth. Emotional and sensitive, you are very responsible and protective of the family circle. However you must learn to openly communicate your deep feelings.

Your real gifts are your mind, Astropsychology, electronics, and any career supported by Uncle Sam. Your own natal Dragon can propel you to the highest position and supreme power if you use it accordingly. But your challenge is to open up to the intangible world of the spirit and its accompanying Universal rules. Your natural tendency to organize people and business at all times could hinder your sensitivity to others. Capricorns are good homemakers and adept with investments. As a rule you favor a successful business environment where you can apply your tremendous organizational gifts. A word of caution for Capricorn: Be aware of those wild acquaintances willing to help you to climb the ladder of success. Remember to respect the Universal Law (see Moon Power), as your awareness of Moon planning will become a major contribution for happiness and success. The location of your natal Dragon's Head or Tail will seriously alter the strength or weakness of Saturn in your chart. The downfall of your spirit is religion and/or chemical addictions. Rush Limbaugh, Dr. Laura and Mel Gibson are good example involving religion and/or chemical substance abuse. You can learn much more about yourself or anyone else by ordering my new book entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".

Neptune Governs the Soft, Dreamy, Intuitive And Artistic Constellation Of Pisces

Mystical and magical
Nebulous and changeable
I work my way up life's rivers and seas
To my place at God's own feet
I am PISCES, child of Neptune.

Characteristics For Those Born In March:

The planet Neptune and the sign of Pisces govern the month of March. You are a natural teacher, a philosopher and a perfectionist. You inherited a phenomenal intuition and you will exercise more intuition than logic in dealing with life in general. You are a gifted artist and you enjoy holistic endeavors. Many advanced Pisces are also involved in the medical profession and teaching. The young Pisces soul may also work in the construction fields. However Pisces must understand the importance of education if he is to use his full potential and teaching gifts. You are noted for your sensitivity, creativity, and artistic values. Michelangelo Einstein and George Washington were also Pisces' and used their creativity to the fullest. Your downfall is an over preoccupation with others, guilt feelings, addictions and a blind acceptance of religious dogmas. Nevertheless, your good heart is not surpassed by any other sign of the zodiac and the advanced ones possess spiritual healing powers. Highly evolved people born in March will lead many lost souls out of the deep clouds of deception towards the true colors of love and cosmic consciousness.

Your soul's purpose is to swim upstream towards the ethereal light of oneness to find God. A young March spirit is deceiving, complaining and addicted to religious dogmas, cult endeavors, chemicals, drugs, and alcohol. Pisces is a karmic sign and has within itself the potential to reach immortality, fame and fortune through artistic or spiritual work. In the medical aspect of Divine Astrology, Pisces rules the feet. It is important for you to walk barefoot on the grass to regenerate the body through the magnetic fields of the earth itself. Your intuition is remarkable and should be well heeded when confronted with serious decisions. A word of caution for Pisces: Do not swim downstream as your induced faith could take you to Neptune's deepest

quicksand with no option for return. David Koresh and the Rev. Jim Jones are good examples of Neptune's deceiving religious Captains. Remember to respect the Universal Law (see Moon Power), as your awareness and Moon planning will become a major contribution to happiness and success. The location of your natal Dragons Head or Tail will seriously alter the strengths or weakness of Neptune in your chart. You can learn much more about yourself or anyone else by ordering my new book entitled, " I Know All About You," "The Power Of The Dragon" or "And God Created The Stars".

Mars Governs the Aggressive - Warlike and Impatient Constellation Of Aries

All will hear my views and voice
Trial and error is my school of choice
Like a dragon, dashing and daring I appear
Fighting for those that I hold dear
I am ARIES, child of Mars.

Characteristics For Those Born In April:

Assertive Mars controls the month of April. In Greek Mythology, this planet is called "The Lord of War," and rules the impatient sign of Aries. You were born a leader however, because of your inborn impatience you may also learn by making a few mistakes. Your strong and impatient desire to succeed must be controlled and hasty decisions avoided. Others perceive you as a competitive and motivated person. More than any other sign of the zodiac, souls born in April must learn steadiness, organization and most of all, diplomacy. When confronted, grace and charm does not really belong to you. Martian souls possess strong leadership and engineering abilities and April men are attracted to dangerous sports, speed, engineering, and the military. Due to your "turbocharged" personality, you are also accident-prone to the head, and should protect it at all times. Both male and females born in April tend to talk too much and must learn to listen to others and control impatience. You must focus on your needs steadily and finish what you have started. Inadvertently the "red" uncontrolled Martian personality will hurt sensitive souls; thus damaging the chances for respect and promotion.

Your explosive temper is generated by an inborn fear of rejection and an inner inferiority complex. Do not take rejection or opposition personally. The "childlike" attitude could attract

manipulative spirits wishing to structure or use the immense creativity and energy of the Mars competitive spirit. You do love your home and you are responsible with your family. Nevertheless you prefer to be where the action is, as you get bored easily. If you practice patience, tolerance and diplomacy, there is no limit to where Mars will take you: all the way to the highest level of accomplishment. Your main lesson is to learn all the diplomatic and loving traits of the opposite Venus-ruled sign Libra. Some young April souls are totally consumed with themselves and will not share possessions or the light of the stage with others supporters. Once you find yourself and confidence, the option to become a leader of the mind in any chosen field will be given to you. Souls born in the month of April must assume a diplomatic attitude when dealing with others and when dealing with corporate money and reward those who helped them. The location of your natal Dragon's Head or Tail will seriously alter the strengths or weaknesses of Mars in your chart. You can learn much more about yourself or anyone else by ordering my new book entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".

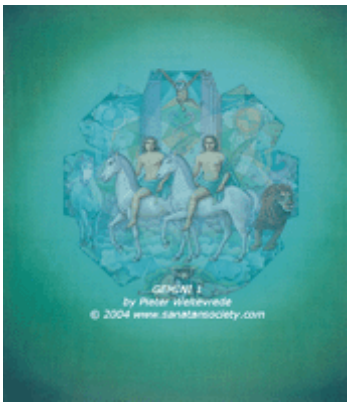
Mercury Governs the Nervous and Witty Dual Constellation Of Gemini



Freethinking and intelligent
You will not find me under rigorous management
You may think you know me well
Then my other half over you casts a spell
I am GEMINI, child of Mercury.

Characteristics For Those Born In June

The planet Mercury rules the sign of Gemini. You are intellectual, nervous and adaptable. Because of your strong desire to communicate, you are classified in Greek mythology as "The Messengers of the Gods." You inherited a gift of youth, a double personality and a quicksilver mind enabling you to adapt easily to any situation. On a negative note, Mercury, the "Lord of the Thieves" breeds volatile and unreliable people due to their dual characteristics. You are a gifted communicator and radio, language, photography, sales, movies, acting, dancing and the

medical field and any type of public relations work appeals to you. Your natural speed for life's experiences makes you impatient and nervous. You must learn to focus and crystallize your powerful mind. You have the potential to become an efficient speaker and produce interesting books. Due to your strong desire for security, many of you will be attracted to the real estate and food industries. Your financial potential is unlimited if you learn and make a good use of the Universal Law in charge of your Second House of income. Strong Mercury will produce an incredible amount of physical and spiritual energy that must be dissipated. The unaware psychological fields classify those children as A.D.D. ("Attention Deficit Disorder").

Contrary to what scientists assume and perceive as an indisposition, it is actually a potent gift from God. The soul is simply programmed to naturally reject traditional education, thus opening the rare door to genius and with it the potential for new discovery. Incidentally, President Clinton, Einstein, and I were born with an "ADD affliction." Thus if a teacher is mistaken about some information, the Mercurial soul's inborn sense of curiosity and discovery will bring about potential information leading to the truth. Impatience, nervousness, mental curiosity, and a short attention span are your characteristics. You will never follow long established dogmas. Your Mercurial spirit will open new doors to mental exploration. You are curious by nature and are always questioning. Boredom is your worse enemy and you must associate with intellectual people who can stimulate your incredible mind. Telling jokes is also a part of your mental agility. A word of caution for you: Always be alert when the Moon crosses the deadly sign of Scorpio at work, especially after the Full Moon. Remember to respect the Universal Law as your awareness and moon planning will be a major contribution of avoiding dramatic experiences, and will help you reach many of your dreams. The location of your natal Dragon's Head or Tail will seriously alter the strength or weakness of Mercury in your chart. You can learn much more about yourself or anyone else by ordering my new book entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".

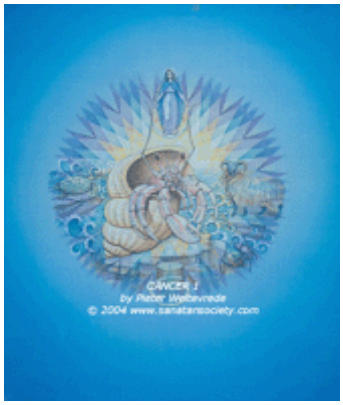
The Moon Governs the Nurturing and Caring Constellation Of Cancer



I am mother I nurture and provide
In my soul the physical and spiritual collide
I say, "ask and you shall receive."

But also "as you sow, so shall you reap"
I am CANCER, child of the Moon.

Characteristics For Those Born In July

The moon and the emotional sign of Cancer rule you. You are a moonchild and you are strongly affected by the Moon's fluctuations. Family matters will always play an important role in your life. You are classified as the "caretakers" of the Zodiac. Much of your success depends on the awareness and ability to respect and use the moon's passage through the belt of the Zodiac. You are distinctively gifted with real estate and food (cooking or eating food). Lunar children have a solid sense of organization and have inherited strong managerial gifts. You are a perfectionist and are quite critical. Plants, and green appeals to you, and you tend to worry too much about health to the point of becoming a vegetarian. You will perform very well in a position of power or management. Financial security is important to you and you will shine through your inner ability to amass riches and possessions. You have a gift with children and you have a natural zest to teach them. You must avoid depressing thoughts of the past and keep control over your powerful imagination. Steadiness, organization, warmth, love, and charm belong to you. Your powerful emotions can be channeled positively with music, singing, and the arts in general (country music is a Cancer/July vibration).

You are attracted to successful people (older or younger mates) and many Cancers marry rich. Your natural tendency to smother family members and friends at all times makes you admired and deeply loved. You must learn to control your overwhelming sensitivity and participate with life outside of your home a little more. As a rule, all Moonchildren are great homemakers unless the soul selected a non domestic masculine Moon before reincarnating on this dense physical world. Like all other water signs you regenerate in research, science, and metaphysics. You tend to worry too much about your and others health and you should adopt a more positive spiritual attitude. Learn to let go of the wrong people and move on with life. It is a must for you to respect the Universal Law (see Moon Power), as your awareness and moon planning will become a major contribution toward avoiding dramatic experiences and reaching many of your dreams. The Sun Governs the Flamboyant and Majestic Constellation Of Leo

Powerful and Charming
All things living find me disarming
I step to the center of God's stage
In the books of history I have always a page
I am LEO, child of the Sun.

Characteristics For Those Born In August

The month of August is governed by the all-powerful Sun and by the magnanimous sign of Leo. Your solar sign reflects the dignified Sun's life force energy and classifies you as "The Life Giver". During the day the Sun outshines all the other planets giving you the option to reach fame, fortune and power during the course of your life. Naturally gifted, you are attracted to professions involving the arts, public life, medicine, research, management, and any endeavors that could offer you a chance to shine. Just as the Sun's rays penetrate the depths of the rainforest, you were born with the potential to bring and promote life to all that you touch. You have a lot to offer others and the world, providing you exercise control over your ego and authoritative nature. The untamed King of the Jungle must positively direct and control the Sun's creative force without burning himself or others in the process. You are fixed and strongly motivated by the will to succeed. Strong and dominant, you nurture a formidable desire to organize and rule others. If you become too overbearing, others will then teach you the lesson of humility where you will be forced back to start from scratch. Destructive outbursts of emotions and unfettered pride are enemies of success.

Your challenge is to recognize the powerful Sun's energy and diligently work towards a better understanding and respect of others. Acting eccentrically or with pride and without forethought is your weakness. However you will courageously handle all the difficulties of life. The advanced Leo possesses nobility of purpose and great spiritual values. Women born in August are stunning, intellectual, magnetic, and attract others with their enthusiastic solar power. Women born in August are protective and dedicated mothers. The desire for fame could also make them overbearing and try to live through their children's accomplishments. The Sun rules life and you may nurture a subconscious fear of death and decay. But nature gives you a strong mind and a robust body. You love animals, especially horses. You tend to be weak and accident

prone in the back, knees and joint areas. (President Clinton was born in August and, busted his knee in Florida!) A word of caution for those born in August: use precaution and moderation when running or jogging. Remember to respect the Universal Law (see Moon Power), as your awareness of Sun/Moon planning will become a major contribution towards reaching love and happiness. The location of your natal Dragon's Head or Tail will seriously alter the strengths or weakness of the Sun in your chart. You can learn much more about yourself or anyone else by ordering my new book entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".

Mercury Governs the Precise and Critical Constellation Of Virgo

Cleansing impurities large and small
Don't think yourself immune, for I see all
Attending to every chore and task
Perfection being all that I ask
I am VIRGO, child of Mercury.

Characteristics For Those Born In September

The month of September is governed by the planet Mercury and by the critical sign of Virgo. You are an intellectual, very critical and picky and you tend to work too hard. You are a master of communication born a speaker the stars also offer you to become a great writer. You may also misuse this power and become sarcastic to others. You will always combine logic and intuition in dealing with life in general. Astrologically, you have been classified as the "perfectionists". You can do well in the fields of medicine, law, teaching, writing, designing, and office work, and you are in some areas a refined artist. Your downfall is sarcasm and an overly concerned attitude with trivial matters. Some young Mercurial souls are overwhelmed with health matters and turn themselves into health lunatics. Others simply refuse to work and succumb to chemical drug and alcohol abuse. Letting the rational mind scrutinize everything can hinder your spiritual gifts and neutralize your cosmic consciousness. You have inherited a

powerful investigative mind that could lead you to science, chemicals, research, radio, television, newspaper reporting, computer programming and the law.

Advanced souls are great mental leaders and masters in communication. Robert Shapiro and Marcia Clark (O.J. Simpson trial attorneys) are Virgos and indicative of your intellectual potential pertaining to investigation and the law. You may be prone to headaches or head injury, eye and sinus problems. Be aware of your environment in public places. You are prone to poisoning and are strongly advised to keep away from alcohol and narcotics. Also, be aware, diets that are too restrictive may cause just as many problems as over-indulgence. Your body and metabolism are both well equipped to deal with all types of food, including red meat. If your natural desire for perfection prevails and you eliminate this "red" source of food, you must then substitute it with different red foods such as red wine, hot peppers or other thermogenic foods. If you happen to suffer headaches or migraines, you may find relief by walking barefoot on the grass (or close to a body of water) to regenerate from the earth's magnetic field. As a rule all souls born in September are accident prone to head trauma and violent death. Therefore, if you were born in September, do not take chances, especially during or after the Full Moon. Keep in mind to respect the Universal Law (see Moon Power), as your awareness of the Mercury/Moon planning will become a major contribution for happiness. The location of your natal Dragon's Head or Tail will seriously alter the strengths or weakness of Mercury in your chart. You can learn much more about yourself or anyone else by ordering my new book entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".

Venus Governs the Diplomatic and Peaceful Constellation Of Libra

Lover of grace and harmony
Seeking the balance of matrimony
Though there are those that hold to opinions tight
I will see it in all the different lights

I am LIBRA, child of Venus.

Characteristics For Those Born In October

The month of October is ruled by the planet Venus and by the charming sign of Libra. You are strongly motivated by a desire for justice and you must create harmony in all areas of life. You are classified as the "Peacemaker" in Astropsychology. You will succeed in your career because of your gentle personality, your sense of diplomacy and your natural "savoir faire." You rarely learn by mistake, but you must avoid prolonged indecision. Those born in October must establish Libra's soul's purpose of achieving balance, emotional, financial, and spiritual stability during the course of their lifetimes. You must stand for yourself and learn decision making by following not only your rational mind but also your accurate intuitions. You possess a strong psychological aptitude and do well in the real estate and the food industries, the stock market, interior design, marriage counseling and the arts in general. You must focus on what you need first by using inner stamina and both your practical and intuitive minds. These gentle personalities will be attracted to competitive people and one can expect many challenges from them. Rough behavior or the abrupt and assertive manner of a business partner easily offends Libras. The same desire for diplomacy is expected from a friend or a lover. You should also avoid taking remarks too personally. You love a good home and you enjoy the company of business-oriented partners.

Your downfall comes from traditional scientific or religious teachings and your refusal to challenge your early tutoring or addictions. Casting aside self-discovery and real spirituality will slow down or eliminate your chances to develop your cosmic consciousness and establish emotional and spiritual stability. This produces mental snobs, librarians, ministers, priest and religious leaders. As indicated by Libra's scale, you must look at both sides of the dilemma. Using both traditional and untraditional means of education will bring about a better awareness of the laws. The limitation of conventional education (psychology or religion) is overridden by a more progressive spiritual attitude (New Age and Astropsychology) and will bring about all the answers you seek. You are a philosopher and a great teacher; likewise, you will travel far in search of the truth. The truth you are aiming for is right above your heads in the stars. A word of caution to you: stay clear of all chemicals, such as pot, drugs, or alcohol, as these destructive habits could lead you to a hospital or worse to jail. Remember to respect the Universal Law (see Moon Power), as your awareness of Moon planning will become a major contribution for your happiness and success. The location of your natal Dragon's Head or Tail will seriously alter the strengths or weaknesses of Venus in your chart. You can learn much more about yourself or anyone else by ordering my new book entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".

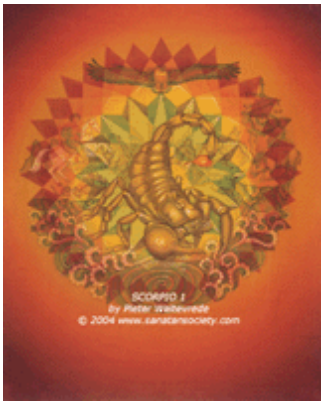
Pluto Governs the Mighty Constellation of Scorpio "The Eagle or Lizard."



Holder of all the secrets deep
Never speaking for they are mine to keep
For those who plunder without care
Tread carefully for I see you there
I am SCORPIO, child of Pluto.

Characteristics For Those Born In November

The planet Pluto and the intense sign of Scorpio govern the month of November. You inherited a powerful will and you are attracted to the unknown; the medical professions, the police force, metaphysics, politics and general investigations. You are classified as the "Eagle" (positive) or the "Lizard" (negative) in Divine Astrology. You are quite private, secretive even mystic and like all other water signs you excel in the study of metaphysics. Unless you are aware of your innate powers you are well advised not to sting yourself with your own dart. You carry in your soul the element of life and death, reincarnation and pure sensuality. On a negative note, your magnetic thoughts can reach anyone anywhere for good or for worse, bringing its accompanying karma into our life. The young Scorpio soul will experience drama, despair and imprisonment during the course of its life. However, the destructive energies of Pluto can be channeled positively to accomplish tremendous results. Your sign rules the Mafia, the police force and the absolute power of creation or destruction, including sex. The message is quite clear when representing anyone born in November. No one should take chances under Pluto's command. Realize the Eagle in you is your challenge and your own birthright for creation or destruction.

These souls have no known fears in the face of death. Many advanced Pluto children will "fly" like an eagle above the destructive Lizard emotions and legendary jealousy. You can use your

inborn mystical gifts to succeed where others would fail. Strong, private and dominant, you were born with a practical mind and an acute intuition. Your lesson is to control and direct constructively your deep emotions and use Pluto's ultimate power for the well being of society. You regenerate with investigation and spiritual growth, and must uncover your unique mission in life. You are interested and aspire only for the undiluted truth. The women of this sign are seen in Divine Astrology as "la femme fatale." You are sensual, classic, intellectual, reserved, and super magnetic. You tend to use your inner sexual power and physical beauty to reach your goals. However, even as a powerful Scorpio, you are very weak with affairs of the heart and tend to be in love with love. A word of caution for you: Do not use your poisonous stinger against yourself or society. Remember to respect the Universal Law (see Moon Power), as your awareness and Moon planning will become a major contribution to your happiness and success. The location of your natal Dragon's Head or Tail will seriously alter the strength or weakness of Pluto in your chart. (See Nostradamus Dragon Forecast for more information). You can learn much more about yourself or anyone else by ordering my books entitled "I Know All About You", "The Power of the Dragon" or "And God Created The Stars".

Jupiter Governs the Philosophical and Educated Constellation of Sagittarius

I have traveled the worldwide
With naught but the law on my side

Yearning for the higher knowledge
All of God's creation as my college
I am SAGITTARIUS, child of Jupiter.

Characteristics For Those Born In December

The planet Jupiter and the sign of Sagittarius govern the month of December. You are a philosopher, a natural teacher and classified in Divine Astrology as a "Truth Seeker." You would do well in learning or teaching computers, aeronautics, law, religion, communications, radio, and language. You are also attracted to holistic healing, animals, Indians, and the world of sports. Your desire to travel to foreign lands is quite strong. Doing so will take you far away, giving you the option to return with incredible knowledge to teach to the rest of us. You were born with the gift of teaching and you will always promote a form of purity and organization in life. You can do quite well in office work and you can be extremely organized. You inherited a quick mind from the stars and you can keep up with anyone willing to discuss knowledge and philosophy. You need to realize the importance of education and you must focus on your chosen goals. Jupiter, “The Lord of Luck,” will throw you many blessings in your life. With discipline and determination you have the potential to produce interesting books, even novels.

The young Sagittarius soul is too concerned with finances and must learn to give so that he may receive help from the accumulated good karma. You must adapt to the saying, "to be a millionaire, you must act and think like one." Your sign rules the wilderness, the desert, and the Indians. This also represents some of your past lives with the Incas, the Sumerians and Atlantis where you had a position of spiritual power. A word of caution: Souls born with an overbearing Jupiterian energy must guard against the codification of thoughts (books) and biblical materials; your lesson is to realize that God cannot be confined to any man-made buildings, deities or archaic doctrines. The advanced ones (truth seekers) will lead the rest of us towards the reality of God's manifestation through the stars. Remember to respect the Universal Law (see Moon Power), as your awareness of Moon planning will become a major contribution to your happiness and success. The location of your natal Dragon’s Head or Tail will seriously alter the strength or weakness of Jupiter in your chart. You can learn much more about yourself or anyone else by ordering my books entitled "I Know All About You", "The Power Of The Dragon" or "And God Created The Stars".
